

Ducking the fair sex all their lives, and then, when they thought themselves safe, to be forced to adopt a handful of infants. This is what happens in "Daddies". "Daddies" will make the most fatherly shriek with laughter.

You can get Holeproof in attractive Christmas packages containing one pair or more.

Holeproof Hosiery
 Give It This Christmas--
 You'll Make No Mistake

WHETHER you're choosing a gift for wife, sweetheart, sister, mother—choose Holeproof. You can't go wrong! Every woman has a weakness for beautiful hosiery. And most women prefer Holeproof—for its durability as well as its beauty. It outwears other hosiery and outlasts most other gifts. Yet its daintiness makes it appropriate for Christmas giving.

No. 580—A popular Holeproof style. Pure thread silk with mock seam and fashion marks. Extra-Stretch Rib Top. Black and all leading colors. In attractive Christmas package, \$1.75 per pair.

No. 1810—A favorite silk and wool stocking. Pure thread silk with fine cashmere with mock seam and extra-stretch rib top. Packed in Christmas container, \$2.00 per pair.

ANOTHER BEAUTY.—The Guardian acknowledges with thanks a large and very handsome calendar sent by Messrs Turner & Co. Ltd, the wholesale Shoe House of P. E. Island.

THE REV. ROBERT JOHNSTON of New Glasgow, N. S., will speak in Zion Church on Tuesday, Dec. 16th, on the Presbyterian side of Church Union. Mr. Johnston is Moderator of the Provisional Synod in the Maritime Provinces and is one of the most eloquent speakers in the Church. Do not fail to hear him. 1290-12-10-5f.

TO ENTER UNITED CHURCH.—In a recent issue of the Presbyterian Witness it was stated that the Rev. Dr. W. H. Sedgewick of Hamilton, Ontario, had notified his Session of his intention to enter the United Church of Canada. In 1923 Dr. Sedgewick voted against Union in the General Assembly. He was formerly a Minister of Zion Church, Charlottetown.

THE MARKETS
 (Canadian Press)

MONTREAL, Que., 14.—The export trade in grain here Saturday was extremely dull. The demand from local buyers was also of a limited character and the market on the whole was quiet, but the tone was steady. Ontario No. 3 extra malting barley quoted at \$1.06, No. 3 grade at \$1.05 per bushel ex track. Ontario No. 2 white oats 63 cents, No. 3 grade at 61 and No. 4 grade at 60 cents per bushel, ex-store. Prices for all grades of spring wheat flour were firmly maintained but the value of trade was small. The undertone in winter wheat flour was unchanged. A firm feeling prevailed in the mill feed market at the recent advance in prices, a fair trade was done in rolled oats.

The egg situation was moderately active, prices were unchanged. There was no change in the butter market prices were firm and volume of business was moderate sized. The foreign demand for cheese showed a further improvement and the volume was large. Crop beans were quoted at \$2.65 and \$2.75 per bushel.

OTTAWA, Ont., Dec. 14.—(Eggs) The egg market continues steady and practically unchanged. The poultry market is also firm. The turkey crop in Western Canada is reported to be abnormally low but some 20,000 turkeys have already been handled and shipped by the Saskatchewan pool. It is expected that shippers of dressed turkeys in Saskatchewan will net somewhere in the region 25 cents per pound for No. 1 stock, where as shippers of live poultry will receive about 25 cents per pound for No. 1 several cars of these turkeys are now rolling to Montreal. Storage stock of poultry in the United States, December 1st amounted to 87,975,000 pounds as compared with 63,150,000 pounds on the same date last year and 55,430,000 pounds on November 1st this year. Toronto fresh chicken specials 72 to 73 extras 63 to 70 storage unchanged. Poultry receipts increasing, market firmer demand better. Dealers offering 34 to 35 good dressed turkeys. Montreal eggs unchanged. Dealers quoting turkeys 27 to 32 chicken 24 to 28, ducks and geese 13 to 19. Winnipeg dealers paying delivered fresh extras 60, first 55, seconds 36 to 38. Saskatchewan, Alberta and British Columbia markets unchanged. St. John N. B. storage firsts, jobbing 48 to 50 P. E. I. fresh extras 70, retails storage firsts 65, 14 to 20. Poultry market dull; turkeys 85 geese and ducks 30.

The Public Forum
 PRINCIPAL FRASER'S BELIEF
 (Continued on Page 4)

by the followers of Dr. Fraser, who have been most bitter in their letters and speeches, while the Unionists have tried to be good-humored and reasonable.

Allow me to place before your readers a statement of Dr. Fraser's position, by Dr. Fraser himself. I do so in no acrimonious spirit, and with no intention of accusing Dr. Fraser of "apostasy" or "Modernism," I merely quote it and leave your readers to judge where Dr. Fraser stands between the "Fundamentalists" and the "Modernists."

"A sign of the times is that thoughtful men are forsaking the church, because they are not intellectually ministered to. They find that the pulpits are often making emotional appeals with little regard for scientific accuracy of statement; or that they are using the old terminology which has no meaning to the modern mind. Our best religious leaders are feeling the urgency of training our preachers in modern criticism, the new psychology, the latest sciences, in order that they may not insult the intelligence of their educated hearers."

The above is an extract from a sermon recently delivered by Principal Fraser in Knox Church, St. John, New Brunswick and published in the local papers. If I were asked whether I would class Dr. Fraser as a "Modernist," I would reply that he thus classifies himself in the above statement, but every reader has the right of private judgment.

Let those Presbyterians whose minds have been disturbed by the accusation of "Modernism" against the United Church ask themselves whether they are strengthening their position as "fundamentalists" by leaving their parent church for a new denomination under the leadership of Dr. Fraser.

RECENT RAILWAY ACCIDENT
 (Continued on Page 4)

that "the ties were not fit to support a hand-car," the conductor, trainman, brakeman, engineer, fireman and section foreman all went back over the track and found it in good condition. The assistant engineer, Mr. Jardine, declares that he found the track in first-class condition, and that he walked over the track on both sides of the derailment, and within one mile only found three ties that justified renewal. Division engineer Scott states that the track was in good line and surface, and ties were also in good condition.

You state that engineer Brennan noticed that the track was in very poor condition and at once slowed down. Mr. Brennan has denied this on oath, stating that he considers that piece of track to be in excellent shape. The best evidence as to the cause of the derailment is given by division engineer who states "about two feet in front of where wheel mounted there is an indentation about one inch long on the top of the rail as if an object had dropped in front of the tender wheel, such as the edge of a nut had been pressed into it. There is almost a similar mark on the tread of one of the wheels of the front tender truck and the coincidence of these suggests that an object had dropped in front of the tender wheel and caused the derailment. The coincidence of the mark on the rail and wheel seems to point out the probable cause.

Yours very truly,
 Director of Publicity.
