

CITY & COUNTRY NEWS

Are men, steady boys with a fair education can obtain permanent employment by applying at this office.
 Rev. A. C. Shaw, has accepted a call to the pastorate of the Tackett church, Yarmouth Co., N. S., and desires his correspondents to make note of the new address—Messenger and Visitor.

NEW INVENTIONS.—For the benefit of our readers, Messrs. Marion & Marion, Patent Attorneys, Montreal and Washington, furnish us with a list of patents recently granted to inventors by the Canadian and United States governments through their agency.—Canada.—60,183, Alphonse Vesine, Hedleyville, Quebec, Car Coupler; 60,173, Joseph Skerry, New Boss, N. S., Weather Strips; 60,202, Joseph A. Mineau, Louisville, Que., Feed cookers; 60,196, Samuel Hampton, Rapid City, Mail, Rotary Ploer; 60,323, William Baines, London, Eng., Transmission gear for self propelled vehicles; 60,351, Carl Janson, Stockholm, Sweden, Preparation of sterilized milk powder; United States; 657,840, Samuel Wesley Butterfield, Three Rivers, Que., Saw mill set work; 661,326, Charles D. Sprates, Roseway, N. S., Row lock; 661,304, Percy Hull Brown, Everett Washington, Typewriter; 662,023, Ralph Mayne Reade, Quebec, Nut and bolt lock. The Inventor's Help, a 148 page book, containing practical information for inventors, will be sent to any address upon receipt of ten cents.

It will be remembered that on Thursday afternoon the Maritime Stock Breeders' Association passed a resolution of condolence to the widow and family of Mr. Hobson. In referring to the death the Family World says:—Just as we go to press we learn of the death of Mr. John I. Hobson, Guelph, Ont., after a very short illness. Mr. Hobson was in Toronto on Monday last attending a meeting of the Dominion Shorthorn Breeders' Association of which organization he was the honored president. He complained then of not feeling well, and after returning home his illness took a serious turn resulting in his death on Friday evening. Breeders all over Canada will learn of Mr. Hobson's death with the greatest regret. He was well and favorably known in all parts of Canada and especially in his own province where his work in behalf of higher agriculture and improved methods in live stock breeding had endeared him to farmers and breeders generally. He was a prominent Institute worker and in the announcement of the January and February meetings in last week's issue Mr. Hobson was one of deputation billeted for division 2. His most important work perhaps, was in connection with the Provincial Winter Show, the great success of which has been in no small measure due to his efforts. He was its president at the time of his death. He was also a director of the Industrial Fair, Mr. Hobson was 65 years of age. He was a brother of Mr. Joseph Hobson, chief engineer of the Grand Trunk and was born and raised on the farm at Mosboro, a few miles west of Guelph. After retiring from the farm a few years ago, he removed to Guelph, where he has resided since. He leaves a widow and an only daughter, Mrs. A. E. H. Jones, of Guelph.

CONSTANTINOPLE, November 20.—The arrival of the United States battleship Kentucky at Smyrna has so shaken up the palace porte that evidences are accumulating of a desire to hasten a settlement to the purchase of a cruiser at Philadelphia, the price for which to include the \$60,000 Armenian indemnity. This is regarded as a subterfuge designed for local consumption in order to save the face of the porte. Nevertheless it is now believed that Turkey will find the money and order a cruiser in the hope of propitiating the United States despite the dispute. The relations between the United States legation and the porte continue cordial.

ABOUT HEART DISEASE.
 Ninety Per cent of it Really Caused from Poor Digestion.

Real organic heart trouble is incurable but scarcely one case in a hundred is organic. The action of the heart are both controlled by the same great nerves, the sympathetic and pneumogastric and when the stomach fails to properly digest the food and it lies in the stomach fermenting, gases are formed to distend the organ causing pressure on the heart and lungs causing palpitation, irregularity and shortness of breath. The danger from this condition is that the continued disturbance of the heart sooner or later may cause real organic heart trouble and in fact frequently does so. Furthermore, poor digestion makes the blood thin and watery and deficient in red corpuscles, and this further irritates and weakens the heart.

The most sensible thing to do for heart trouble is to insure the digestion and assimilation of the food. This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dypsepsia Tablets, which may be found at most drug stores and which contain the necessary digestive elements in a pleasant, convenient form. Thousands of people keep well and vigorous by keeping their digestion perfect by observing the rule of taking one or two of these tablets after each meal, or at least after each hearty meal.

Stuart's Dypsepsia Tablets contain U. S. P. pepsin, diastase from malt and other natural digestives which act only on the food, digesting it perfectly and preventing acidity, gases, and the many diseased conditions which accompany a weak stomach. When Stuart's Dypsepsia Tablets are used you may know you are not taking into the system any strong medicine or powerful drug but simply the natural digestive elements which every weak stomach lacks.

So widely known and popular have these tablets become that they are now sold in United States, Canada and Great Britain.

Try one can of Oak Brand Condensed Milk and you will decide whether it is better and cheaper than a cow. Ask your Grocer for it.

The Cold Damp Weather

of the last few days, reminds us that we should have good heavy solid boots such as are required for fall.

THE DANGER OF A COLD

is lessened or increased according to the attention given it. Every cold should have immediate attention. It is a well-known fact that every cold "leaves its mark" or, in other words, weakens the throat or lungs each time. Therefore the treatment is not only to cure the cold, but also strengthen the affected parts against future attacks.

Park's Perfect Emulsion
 of Cod Liver Oil is of rare healing power in all cases of Cough, Cold or any affection of the Throat or Lungs. It cures by healing the inflamed membranes and imparting strength and vigor to all the organs. This Emulsion contains 50 per cent. of pure Cod Liver Oil combined with the chemically pure Hypophosphites. The addition of Guaiacol to this combination increases its medicinal value twofold. Easy to take and palatable to the most sensitive stomachs. Price 50 Cents per bottle of all Druggists.
 —Manufactured by—
HATTIE & MYLIUS,
 HALIFAX, N. S.

When you've gathered in your harvest, and you've celebrated your "spuds" and you're hoarded honest dollars in your palm, Will you save another twenty on your winter stocks of "duds". By ordering up the rig with Artist Sam? He's a knacky-handed tailor and his weaknesses are n'ight. (The day we made the bargain, thus I find him). He's up before the public chalking measures on the cloth, And he's got a lot of other Sam's around him. Dad's Sam, lad's Sam, Sam with a Highland heart.— (Twenty hundred men and boys wearing the suits he gave) Isn't he doing a rising trade? Let us give 'im a roaring start: Buy his stock for your wallet's sake, and save, save, save. There's a suit you ordered last year, when you weren't so very stout, Don't you think you need to fire it up the hatch? There is soup and slop and slobbers and the buttons pulling out, And its more than over likely there's a patch. There are clothiers by thousands and they swear they never lie, And they butcher shiny shoddy by the bale: You may safely place their whereabouts some day you're passing by, By the indicating ad "A slaughter Sale" There's your little son or brother and he's tearing all his clothes 'Cause he doesn't give a jelly tinker's dam; I would cure him up forever with a half dozen blows Of the unoffending tape of Sartor Sam. He's a knacky-handed tailor, he's a daisy on a pants. And he'll give you lots of pocket on the hip; For what's the use of Temperance and Elections in advance? Get you ready all your pockets and your grip. The above poem was written by a well known Canadian poet for S. A. McDonald's fashionable tailoring.

Looking at it
 from an economical standpoint, it is not a saving to buy the best and purest goods even at a slight advance in cost?
 supposing it is
 We go you one better and give you the best at no greater cost. It's in the buying, you know, all in the knowing. Give us a trial order for purest, freshest Groceries.
Stewart & Gates.
