BOSTON NATIONALS

BALTIMORE, Md., April 9.—A very brief dispatch will be sufficient, to cover the doings of the Boston Nationals for the past twenty-four hours. Some bad pitching lost the game for them Monday. Bad pitching will make the best club in the world look bad, and, as everyone knows, the Boston National Leaguers are not the best aggregation of ball tossers that ever came over the baseball pike.

The day was cold and raw and it was no fun to play the game, let alone sit and make a report of the doings. This is not intended as an alibi. Alibis are the easiest things in baseball. The word as applied to baseball is something like two years old. It originated with Charlie Dryden, the humorist, who writes baseball for the Hearst newspapers in Chicago.

Dryden made it apply to Big Ed. Walsh who, whenever he lost a game, complained that he was not feeling right. But beyond that he always had his excuse prepared in advance. There was really no reason for "Big Ed." to make excuses, but he is built that way and Dryden was quick enough to pick out his weakness and dilate upon it.

As regards the Boston Nationals, there are no less than one million alibis that could be brought into play whenever an overworked correspondent wishes to utilize one or one thousand or more of them. Several scores of them have hitherto been made use of in these dispatches and the chances are that several hundred more will have to be placed in the spotlight before the season ends.

But this, all as it may be, the weather was cold and raw and there was poor pitching by Dickson and Hogue for the Bostons and they lost out, 6 to 2.

The team is improving in spite of the fact that the Baltimores won. It is improving in team work. The shifting of Myers to third in the batting list was a wise move. He was a very large factor in the scoring of both of Boston's runs yesterday.

But a good outfield must be secured. And the pitchers must be able to put "em" over when they have to.

$100 REWARD, $100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

PHILADELPHIANS BEAT BROOKLYN

(Canadian Press)

BROOKLYN, April 10—Philadelphia beat Brooklyn 1 to 0 in the opening game between national teams here yesterday.

CHESS TOURNAMENT

The ninth innings of the wondrous chess club took place last night at Harvey's Sample Rooms, Sidney St. The same enthusiasm was displayed in this bout as in the previous ones. Some officers have been reduced to the ranks and others are climbing to the top. The trophy and prizes are anyone's yet.

The score is as follows:—Dr. A. Ross was to heavy for Mr. R. E. McRae in one game but Mr. McRae had his revenge in downing the doctor in two otners. Mr. T. B. Woodman proved too foxy for both Mr. R. E. Mutch and Mr. May, winning one from each.

The redoubtable Mr. W. S. Louson proved to be too much for Mr. Mutch and Mr. May scoring one from each. Mr. L. P. Tanton tested Mr. May in one round. Finally one of the most pleasant innings of the whole series was brought to a close when Mr. R. E. McRae succumbed to Mr. Love. The tournament will continue again to-morrow night at the same place. Everybody is welcome to come. The innings from now on promise to be very exciting as the final scorings will be made.

BASKET BALL

An interesting and well contested game of basket ball was played in the Y. M. C. A. last night between the P. W. C. and Prince Street School. The Prince street girls made a good showing, their combination being superior to that of the P.W.C. team, but the first guard of the college team time and again broke up their combination, and by skilful work kept the ball out of the net. The only and winning goal was scored by Miss Robertson of the College team. Mr. Rielly refereed satisfactorily.

ALWAYS CONSULT THE PHONE DIRECTORY.

Almost every day The Guardian receives orders by mail to insert news matter of an advertising nature. In most of these cases the senders, who are frequently not known to any member of the staff and who have no account in the advertising department, write "Please insert the following and oblige," thus apparently implying that they think the items will be inserted free. Only a few weeks ago a reader wrote asking that his advertisement of Farm for Sale be inserted free from day to day until he cancelled it, as he is a subscriber to The Guardian. In this connection it may be said that the subscription price is not sufficient to even pay the actual cost of paper, ink, pressework, mailing, bookkeeping and other expenses of the Circulation department proper, and thus subscribers have no privileges of free advertising and are on the same footing as non subscribers. Seldom ever does the sender state whether the item is to appear in the Morning Daily or in the Evening Daily, whether for one or more times in either Daily, or in both, whether as a display advertisement, announcement, business local, classified ad or otherwise. When for church or charitable purposes they seldom ever say so, or do not enclose sufficient money to pay for same, all of which will be returned by first mail in the event of the item not being chargeable, or if more money is sent than necessary to pay for the item the surplus will be returned at once, there being a greater discount for cash with order for advertising of churches &c than for regular business. In all such cases the Advertising department communicates with the sender as quickly as possible by mail or phone, often paying the messenger service to get them to the telephone if not too far distant, thus saving all possible time. People write this office to know if they have been held, are, however, but one reply—all items etc, of a money making nature, even though they be somewhat of a news nature, are chargeable. For instance, the advance notice or notices of a concert, lecture, pie social, picnic, etc., are chargeable if there is an admission fee, silver collection, sale of pies or sale of food or refreshments, etc. Advance notices of purely religious services, even though a silver collection is to be taken up, are not chargeable. The particulars of any of the above, after News, Letters to Editor, etc., are news and thus not chargeable. The charged for, and to all such there is news of any past, present or future business, which is still being conducted, is chargeable, if it is apparent that the object is to make the business more widely known and thus increase it. Verses accompanying death notices are also chargeable. Even items which are actual news and not chargeable but once in either Morning Daily or Evening Daily or both are chargeable for more than one insertion, as they are thus not news.

The above facts are given for the purpose of assisting persons who have items, etc., to mail to this office, so that delay and disappointment will be avoided.
