What the Doctor Does.

The first thing the doctor does when he is called to see a fretting, worrying, crying baby is to give it a medicine to move the bowels and sweeten the stomach. The doctor knows that nine-tenths of the troubles affecting babies and young children are due to irritation of the stomach or bowels, and that when the cause is removed the child is well and happy.

Baby's Own Tablets,

(REGISTERED)

Guaranteed to contain no opiate or poisonous "sleepy" stuff.

Good for children of all ages.

Try them for your children.
