MONTAGUE was in darkness on Thursday night only, and remained so for the night, repairs were made on Friday, but again the electricity failed about 8:30. It's only when an accident like this occurs to the plant that the lights are really appreciated.

ISAAC IVES and party leave shortly for Amherst, where he has the contract for erecting a large water tank along the line of railway. This is the second one Mr. Ives has erected on the Mainland this summer and speaks well for Montague workmen.

Summer Complaint

One of the Commonest and Most Dangerous of Diseases. Everybody Should be Prepared for it with a Bottle of Dr. Fowler's Extract of Wild Strawberry.

Very few people escape an attack of Summer Complaint. It may be slight, or it may be severe, but nearly everyone is liable to it.

You cannot tell when it seizes on you, how it may end. Let it go for a day or two only, and see how weak and prostrated it will leave you.

There is only one safe way to cure it and that is by DR. FOWLER'S EXTRACT OF WILD STRAWBERRY. It has been on the market for sixty-two years and has been proved and tried by you are not experimenting when you buy it.

Do not accept a substitute or imitation, as many of these are positively dangerous to life and health. Insist on having Dr. Fowler's.

Mrs. Norman H. Eisau, Ship Harbor, N.S. writes: Last summer my baby was very bad with Summer Complaint. I tried most everything for him, but nothing seemed to help. One day a neighbor called in and told me to try Dr. Fowler's Extract of Wild Strawberry, so I got a bottle and after a few doses my baby was cured. I shall always keep it in the house."

THE QUESTION OF FLOUR.

Not the last of the many problems which puzzle the young housekeeper, is the selection of the flour. Cook books are often indefinite; one, recommending a brand you cannot conveniently obtain; another, neglecting the point of insisting on some flour you have found unsatisfactory.

Have you ever tried blended flour? If not, use it next baking day. The leading Ontario millers are now making a blend of Ontario fall wheat with Manitoba spring wheat in such a way that the best qualities of both are combined scientifically to make a perfect flour.

Ontario fall wheat has the flavor and delicacy, but not sufficient strength. Manitoba spring wheat flour rises well, but absorbs much water and requires much kneading, the bulk of all bread-makers. Blended flour, as milled by the Ontario millers, combines the strength of Manitoba wheat and the delicate flavor of Ontario wheat and is a superior flour to either one alone. It gives the food value with the lightness and deliciousness.

Housekeepers everywhere are using blended flour for bread, cake and pastry. Blended flour solves the flour troubles of all home cooks who have the discernment to use them.

THE ORIGIN OF GALL STONES.

They are simply dried bile, made up of crystalline constituents of that fluid. Very common is this disease among surgeons, clerical men, shop girls and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels. Which is best accomplished by Dr. Hamilton's Pills. No person using this medicine need fear gall-stones, nor will they ever be afflicted with indigestion, poor appetite, a clear color will evidence the health giving properties of Dr. Hamilton's Pills, which are the safest and best for general family use. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut, 25c per box at all dealers.

HEALTH FOR RUN-DOWN WOMEN

From the experience of Mrs. Jno. Panke, Saskatoon, nothing compares with Ferrero's. At times, when confined to my bed and could do any work, I was run down in flesh, lost strength, my appetite failed, my color was pallid. Weary and cast down, it seemed I could not catch up. Ferrero's started a new kind of life in my blood, built me up, vitalized and strengthened my nerves, and finally cured my heart and general family use. Ferrero's is a builder that has special virtue in female ailments. Sold everywhere in 50c boxes; try Ferrero's.

Salt! Salt!
