Revenue Ship Tows Alleged Rum Schooner

NORTH SYDNEY, N. S. June 21—The 30 ton motor schooner Isma, captured at Port Morien by the revenue cutter Restless was towed here Saturday afternoon. Thomas Mullins, her Glace Bay skipper, is charged with bringing liquor to Port Morien without making any report to the customs officials. The Isma entered Port Morien about a week ago and ripped off her rudder and one propeller by grounding on a sunken pier.

Stole Kegs of Rum
 Men who went out to render assistance made off with five twenty gallon kegs of rum, according to the skipper, with the result that drunken orgies, have been going on in the vicinity for the past week and the authorities sent the Restless to investigate.

It is suspected that the Isma landed a cargo at another point on the coast before she reached Port Morien. The little vessel sailed for Newfoundland some weeks ago with 1,100 bushels of potatoes, and it was reported that she had been lost.

Belgium Protests At Leipzig Trial

BRUSSELS, June 31.—The Minister of Justice, in presenting to the Chamber of Deputies today the report of the Belgian representatives on the recent acquittal by the Leipzig court which is trying war criminals, of Max Randohr, a Leipzig student, charged with ill-treatment and imprisonment of Belgian children at Grammont in 1917 announced that the Minister of Foreign Affairs had telegraphed the Belgian minister in Berlin immediately to protest against the acquittal.

The minister at Berlin also was instructed to inform the German Government that Belgium intended to insist upon its rights to try accused persons under the terms of the Versailles peace treaty, which recognizes the right of Allied and Associated Powers to bring before military tribunals persons accused of having committed acts in violation of the laws and customs of war.

The president of the chamber, in reply to the Minister of Justice said the chamber was unanimous in considering the acquittal of Randohr a parody on justice.
