—CARDIGAN—The concert in aid of the Presbyterian Church funds. The Cardigan Hall was filled to overflowing on the night of May 14th, for the above concert. Each item was followed with marked attention and great interest. The programme comprised the following: "Old Folks at Home," and "Flow Gently Sweet Afton," by the Glee Party; "Juanita" and "The Blue Bells of Scotland" by the Young Girls' Party; Violin Solos by Mr. John W. Webster (of radio fame), and Mr. Bobby Oresswell; cornet solos by Mr. J. Malcolm MacKenzie; songs by Mrs. W. E. Davis; Mrs. J. Malcolm MacKenzie and Mr. Charles Harris. The old songs, "A Motto for Every Man" and "Dublin Bay" were rendered by the old veteran singer, Mr. Angus Sutherland, who in his 77th year came forward from his retirement to help the good cause, and in contrast a delicious reading was given by little George Webster, aged 3 years. Other readings which were all of a high order, were given by Jamie McSwain, Nancy Davis, Katie McPherson, and Mrs. J. Malcolm MacKenzie. These were all local talent. The outsiders were Mr. Walter Burdett, Dundas, the well-known vocalist and entertainer, and his two small sons, who were accorded a splendid reception, and as usual, gave of their best. The hit of the evening, however, were the versatile readings given by Miss Isabel Burdett of Montague. This young lady, if we are not mistaken, has a great future before her in dramatic circles. The ladies of the congregation are to be congratulated for the magnificent display and quality of the pies they sent in. Mrs. W. E. Davis and Miss Adeline Webster served as accompanists in their usual masterly manner. The pies were disposed of by auction under the able salesmanship of Mr. Walter Burdett, who might be recognized as a first class auctioneer. Delicious coffee prepared by Mr. Scrimgeour, was served at the close by Mrs. George Matheson and helpers. The proceeds amounted to over \$100.00. The Session and Board of Managers wish to thank most heartily all who helped to make the venture such a splendid success.

ORCHARDING IN BRITISH COLUMBIA

In British Columbia commercial fruit-growing is of comparatively recent origin; but the development of commercial orcharding has been very rapid, especially during the last ten years. The first apple trees were planted about 1850, but not until after the completion of the Canadian Pacific railway in 1886 were there many trees planted for commercial purposes.

VOLUNTARY WATER-FOWL OBSERVERS

Many hundreds of voluntary observers throughout North America are collecting information concerning the numbers of water-fowl observed on specified days each month. Reports for Canada are forwarded to the National Parks of Canada, Department of the Interior, Ottawa, and those for the United States to those for the Interior, Washington, D. C.

All the white arsenic produced in Canada is made from arsenical silver-cobalt-nickel ores from Cobalt and surrounding districts in northern Ontario.
