OPERATING COST IS LESS

Low Operating Cost

In 1924 there were Seventeen HARDIE Sprayers sold on Prince Edward Island.

All of these Sprayers are going into their fifth year of dependable service.

Some of these HARDIE Sprayers have covered over One Thousand acres of Potatoes in that period, and still not one Grower in all that time has spent a total of Ten dollars for repairs on a Hardie Sprayer, since they were introduced on the Island.

HARDIE SPRAYERS HAVE AUTOMATIC PRESSURE CONTROL AND PORCELAIN LINED CYLINDERS.

For demonstration purposes a model motorcycle with all its parts moving that has been made in England is small enough to be carried in one hand.
For holding door knobs on their shafts screws have been invented with split ends so that they spread and lock themselves when forced into place.

Senate Passed McNary-Haugen Bill

(Special to the Guardian)
WASHINGTON, April 13. — By overwhelming majority the Senate this afternoon passed the McNary-Haugen bill. Party lines were entirely obliterated. Senator Curtis and Robinson, republican and democratic floor leaders, actively supported the measure, as did Senator Q. Watson, republican, Indiana, candidate for the republican presidential nomination. The vote stood: Yeas 53; nays 23.

Fourteen republicans and nine democrats voted against the bill. Among those were all the Senators from New England and some democratic states. Several western Senators, belonging to the radical wing of the republican party insisted that the bill did not go far enough to afford the farmers relief, but all of them voted for the bill in its final passage except Senator Borah.
The bill as it passed the Senate appropriates \$400,000,000 to establish a fund, out of which loans may be made to farm co-operatives to enable them to deal with the exportable surplus of agricultural products, including wheat, pork, cotton and tobacco. If the surplus cannot be handled by voluntary pools, the federal farm board, established by the bill, may bring all producers of any agricultural product into a compulsory pool and levy an excise tax called equalization fee upon every unit of the product entering commerce directly and upon food produced from it.
Thus if wheat were brought into a compulsory pool the tax would be levied on wheat and not on wheat from Canada. The bill now goes to the House, which will undoubtedly pass it. President Coolidge is expected to veto the measure and the real fight will come when congress is asked to re-pass the bill over the veto. Today's vote indicates that in so far as the Senate is concerned the bill can be passed over the veto of the President.

THE MARKETS

MONTREAL, Que., April 13. — Little business was done with foreign buyers in Canadian grain here today, there being practically no demand from any source. Owing to the recent strength in oats futures at Winnipeg and the improved demand for cash grains of date a stronger feeling prevailed in the local market and prices were marked up 1-2c per bushel; further strength developed in the market for spring wheat grades of flour and values were advanced ten cents per bushel. The local trade was fair but the foreign demand was quiet. There was no actual change in prices for winter wheat flour but the foreign demand was 70g but the undertone was stronger and prospects were that a readjustment would be made in the near future. A fair amount of business was done in all lines of millfeed and values were firm. The trade in standard grades of rolled oats was quiet, but prices were unchanged. An active business was transacted in all grades of eggs and the undertone was steady. The receipts were 3,731 cases. Only a small trade was done in potatoes but values were well maintained. The market for imported beans remained firm under a moderate demand from all sources. The easier feeling that developed in the local butter situation on Tuesday was again in evidence today and prices scored a further decline of 1-4c per lb. The demand continued dull. The receipts were 64 packages. Extreme dullness marked the cheese trade, but prices were unchanged. The receipts were 255 boxes.

EGGS

CITAWA, April 13. — A weaker feeling is in evidence on Canadian egg markets today although no price reduction has been reported yet.
TORONTO.—There is no change in the local situation although wholesale and jobbing prices are being shaded to effect sales. Dealers here are buying graded eggs from country shippers at extras 29-30; firsts 27-28; seconds 22-23 cents delivered cases returned.

MONTREAL — The egg market here is quiet with buyers holding off in anticipation of possible price reductions.
EDMONTON — The recent cold spell has hardened country roas and receipts are showing a heavy increase. Prices to country shippers are unchanged at extras 24; firsts 22; seconds 18, delivered cases returned. A carlot of eggs was reported from the East yesterday at about extras 29; firsts 27; seconds 24; f. o. b. A carlot of seconds is due to leave about end of week.

HALIFAX — There is a slightly easier undertone to the egg market here although bad road conditions have caused some falling off in receipts. Dealers are buying from country shippers at extras 27-28; firsts 24-25; seconds 20-22 delivered cases.

tax called equalization fee upon every unit of the product entering commerce directly and upon food produced from it.
Thus if wheat were brought into a compulsory pool the tax would be levied on wheat and not on wheat from Canada. The bill now goes to the House, which will undoubtedly pass it. —UNDERGOES OPERATION.—The many friends of George Doucette, foreman of the Pioneer Publishing Co., will be sorry to hear that he is confined to his home with organic trouble that will incapacitate him from work for some time. During his illness the make up of Summerside's Liberal newspaper is in the hands of Mr. Gordon Schurman.

—BALTIMORE NOTES.—Mr. William A. Ramsay has returned from the Canadian West after spending about a year with his brother Mr. Russell Ramsay, Lacombe, Alberta. The people of this vicinity are glad to know that Mr. Ramsay is much improved in health. —Miss Jennie McLennan has returned to her home in Charlottetown after spending two weeks with friends at Ball's. —Mr. James Brander, Baltic, has left for the Canadian North West. Mr. Brander left last Monday for Saskatchewan. —Miss Kathryn Mountain, Margate, is busily engaged in the dressmaking business in Ball's and Malpeque. —The school is progressing favorably under the management of Miss Cody. —The rumors are abroad that there is two farms for sale, namely, Wm. A. Ramsay's and James Brander's. —It has been reported that Mr. Kier Crafer is going to the Canadian West with his uncle, Mr. Wm. A. Ramsay.

On fishing trips take Minard's.

Minard's Liniment for Backache.

Enforcing Motor Vehicle Laws

The town of Summerside is strictly enforcing the Vehicle Act inside its limits this season as Mayor Arnett is determined that reckless and thoughtless drivers will not be allowed to cut up the streets as they have in the past. On Wednesday three offenders were before Magistrate Wyatt and two were fined \$25 and costs, and the third \$5 and costs.

MOTOR BUS SERVICE

A group of young men in Summerside are contemplating a motor bus service running a regular schedule between Tignish and Summerside and between Summerside and Charlottetown. One bus with a capacity of 14 passengers is being acquired and others will be added if the plan proves successful. This service should prove a boon to residents of the many districts in the province that are not adjacent to railway stations and should prove also beneficial in getting more attention paid to the public highways.

Eastern Guardian

—NAME INCORRECT.—In the report of King's County District Oratorical Contest, given April 10th, it is stated that the second place was won by J. D. Martin, Souris, this should read J. D. MacIntyre, Souris.

—TO ARRIVE ABOUT April 17th—Car Flour and feed; Beechnut flour \$4.10; Queene City Flour \$4.20; Maple Leaf \$4.50 for 98lb. bags. Bran and Shorts at Mill price, while unloading. J. W. McEwen, Bristol. 4-14-31

—STUDENTS HONORED.—The flag was flying in the New Perth School on April 10th, in honor of the two successful students at the district contest at Montague, on April 9th. Penelope Martin won first place and the prize of the silver cup, and L. George Dewar won third place and the prize of a Waterman pen and pencil. They are not only receiving the congratulations of their fellow classmates and scholars but are being congratulated by their many friends and admirers in the community, for being the candidates chosen to represent King's County and to uphold the traditions and reputation of New Perth School at the provincial contest to be held at Charlottetown on April 27th. The success of those contestants in the contest so far is wholly due to their own merits. They have not had the benefits of large libraries and other advantages that cities and towns afford. But they are endowed with talent and blessed with gifts which will grow and expand as these youthful orators mature in years, and in the future of Canada, may be ranked among the gifted orators. Both have ancestors of some merit in this line. Penelope Martin is the granddaughter of the late Cyrus Shaw of New Perth and a grand-niece of the late Robert Shaw, Charlottetown, who ranked with the late Edward Whelan as being one of the most brilliant orators of his day. L. George Dewar is the son of Mr. and Mrs. John A. Dewar of New Perth, and a nephew of Dr. George Dewar of Charlottetown.

—Mr. Philip Doyle, who has been visiting his parents, Mr. and Mrs. Doyle, Georgetown, left Tuesday for St. Dunstan's University, Charlottetown.

—Mr. Joseph Mooney, who has been spending his Easter holidays in Georgetown the guest of his uncle, Mr. James Condon, has returned to St. Dunstan's University.
