More Money for the Small Dealers

The big man isn't big in spite of the telephone; it's because of it to a certain extent.

If you're satisfied with the profits your great-grandfather made, if you just want to eke out a bare existence from your business, if more business don't look good to you—well, a phone will be just in the way—a rather some ornament.

But, mark it down plain, if you want more business, a larger and better class of customers, straight tips on all the markets, the most profitable of inside information and the respect of your customers and envy of your competitors—in short, if you want success—you'll see what we can do for you, and you won't waste time over it either.

The phone will bring you business—it will prove its worth in better returns, fractional additional cash in your till.

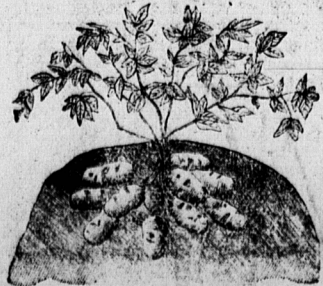

Let Contract Dept. prove these facts to you.

MILLION-DOLLAR BUILDING PLANNED FOR VANCOUVER.

Will be the Second Largest Business Structure in the Dominion.

Vancouver will soon have a million dollar business building. Not only will it be one of the most costly in Canada, but will be the second largest structure of its kind in the Dominion and one of the largest in the British Empire. This building is to be erected by the Canadian Home Investment Company of this City, and it is claimed will be the most complete office structure on the coast.

Several sites are under consideration by the Company, all of them in the downtown business district, and until the selection has been finally made the exact location will not be given out by the officers of the Company. It is understood that among the sites under option is one of the most conspicuous unimproved corners of the City.

The building besides housing the head offices of the Canadian Home Investment Company, will contain several hundred office suites, and will be absolutely fireproof in construction. Plans are now being prepared by local architects, who have been instructed to follow the best models of office building construction in New York and other eastern cities. Several novel features are planned for the convenience and comfort of tenants and their clients.

An Ornament To The City. It is aimed to make the structure an ornament to the City. Its height will conform to the civic limitations, but in style and finish it is expected to be more elaborate than any building in Western Canada.

Good light is to be made a feature and the elevator equipment will be the most extensive yet seen here. Some of the features in contemplation are foyers and halls of magnificent design, an extensive restaurant of the highest class, large quarters for a business club, and possibly a roof garden with a real garden?

The Canadian Home Investment Company—up to a short time ago, was capitalized at \$100,000.00, but rapid growth necessitated the directors making provision for a future home, and, in order to do so, it was decided to increase the capital stock \$1,000,000.00, making it a \$1,100,000.00 Company.

Officials Reticent. Relative to information regarding the project the officials were reluctant to give out a statement, but did give information sufficient for conviction that the gigantic structure is assured.

What is asked if any part of the earnings of the Company would help to erect this building it was said such was not to be the case. Enquiry shows that the Canadian Home Investment Co., is not only the largest Company of its kind in British Columbia, or the Dominion, but is larger than the largest Company of its kind in America.

The officers of the Company are: J. R. Seymour, Pres. W. J. King, 1st Vice-Pres, and Genl Mng'r., Lt. Col. J. Duff Stuart, 2nd Vice-Pres., Dr. R. E. McKechnie, 3rd Vice-Pres., A. McKechnie, Secy and Treas.—Sun, Vancouver.

"A hat purchased from Brown's carries a guarantee of the latest style, perfect fit and longest worth. Prices range from \$1.50 to \$3. The Home of Good Hats. 3-28461.

POMPEII'S RUINS YIELD NEW FINDS.

ROME, March 29—Fresh, interesting discoveries have been made in the newly unearthed section of the "Street of Abundance" in Pompeii. An admirably preserved temple was excavated with frescoes representing all the divinities of Mount Olympus. Another equally well-preserved building was brought to light with frescoes representing sacrifices to the Goddess Cybele, who was the mythical daughter of the Skies and the Goddess of Earth. She was the wife of Saturn and the mother of Jupiter, Neptune and Pluto.

AMERICAN AID FOR MEXICO.

WASHINGTON, April 1—President Madero of Mexico has decided upon a vigorous campaign against the rebels and the American Government has consented to permit a shipment from the United States of arms and ammunition for the soldiers.

These important developments in the complicated Mexican situation were defined here today. It is the intention of President Madero to replenish his diminished army with fresh recruits throwing them around the strongholds of the rebels. The serious problem of arming them has been simplified by the decision of the United States authorities authorizing the Mexican Government to purchase munitions of war here and ship them across the border under this policy. Three consignments of arms and ammunition have already gone into Mexico.

No Cascaret User Ever Has Head a Che

A 10-cent box will keep your liver, stomach and bowels clean, pure, and fresh for months.

Sick headache, lilioussness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Poisonous matter clogged in the intestines, instead of being cast into the blood. When this poison reaches congestion and that dull, throbbing, sickening headache.

The delicate brain tissue it causes salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take away the poisons out and have no effect upon the liver or stomach. Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascarets users if they ever have headache.

We could have had the sole agency of any hats sold by other stores in Charlottetown, but we considered that the best were not too good for our customers, and when we sell you a Christy's or Have's Von Gal we guarantee it to give you absolute satisfaction or replace it free of charge. A complete stock of all the newest spring styles have arrived, your hat is here. Prowse Bros., Ltd., Charlottetown. 3-1941f.
