

The Little ones Need  
the Best!

### MALT BREAKFAST FOOD

Will Build Them Up in Flesh Bone  
and Muscle.

Malt Breakfast Food is the only cereal  
food that children will use and relish from  
day to day. It has a delicious flavor and  
does not pall on the taste as other grain  
foods do.

Oatmeal and other form of grain foods  
owing to the presence of insoluble starch,  
are injurious to the stomach and digestive  
organs of the little ones, and frequently  
give rise to overheated blood and danger-  
ous skin eruptions.

Malt Breakfast Food is easily digested  
by the youngest children. It quiets the  
stomach when irritated and gives restful  
sleep. Malt Breakfast Food is specially  
recommended for the babies after wean-  
ing. It affords all the elements for solid  
flesh-forming, bone and muscle-building.  
Thousands of mothers are bringing up  
young children on Malt Breakfast Food.  
Try it mothers. It will give you pleasing  
results. Grocers everywhere.

### Alcoholism Can Be Cured

Rev. Father Quinlivan's Opinion.

To whom it may concern: The good  
points of Mr. Dixon's new discovery for  
the cure of the liquor habit, in my opin-  
ion, are the following: First, it taken ac-  
cording to directions it completely re-  
moves all craving for liquor in the short  
space of three days; its use for a longer  
time is intended only to build up the  
system. Second, it leaves no bad after  
effects, but on the contrary aids in every  
way the health of the patient, whilst  
freeing him from the desire for drink.  
Third, the patient may use it without  
interfering with his business or leaving  
his home. All other liquor cures I have  
yet heard of are very costly, operate  
slowly, are doubtful as to effects and of-  
ten impair the health and constitution of  
the patient. I therefore look upon the  
remedy as a real boon, recommend it  
heartily to all concerned and bespeak for  
it here in Montreal and elsewhere every  
success. J. Quinlivan, S. S., Pastor  
of St. Patrick's, Montreal.

Full particulars regarding this medicine  
can be obtained by writing to Mr.  
Dixon, No. 81 Willcocks Street, Toronto

### THE WORK OF RAILROADING.

Some idea of the immense amount of  
work done in the offices of a railway  
with a mileage of 10,400 miles may be  
gathered from the fact that the printed  
matter issued by one company detailing  
the changes made in the passenger ser-  
vice for the summer months amounted to  
over five tons in weight.

### SoGad We Know Now.

Somebody has explained the significance  
of the editorial "we." It may have a  
variety of meanings. For example: When  
you read that "we" expect our wife home  
to-day, "we" refers to the editor; "we are  
a little late with our work," includes the  
whole office force, even down to the devil  
and the towel; in, "we are having a boom"  
the town is meant; "we received over  
7,000 emigrants this year" embraces the  
nation; "we have hog cholera in our midst"  
means the man who takes the paper and  
does not pay for it is very ill.—Griffin (Ga.)  
News.

### "Toronto's Progress."

Toronto, November 15.—A building  
permit has been issued to the "Salada"  
Tea firm for extensive alterations and en-  
largement of their already commodious  
premises, including the building of two  
extra storeys. This looks like substantial  
progress and speaks volumes for the  
popular daily beverage "Salada" Ceylon  
Tea.

### BURGERS WITH BRITISH.

LONDON, November 22.—The Pretoria  
correspondent of the Standard remarks  
as "a significant proof of the growing  
cleavage in the Boer ranks as a hopeful  
sign" the fact that an increasing number  
of ex-burgers are joining the British  
forces in the field. He says that several  
such corps are now doing excellent work.
