The National Anthem.

SIR.—The American lady whose casual inquiry for the words of the British National Anthem, brought forth so prompt an answer on the part of THE GUARDIAN, wishes to thank its Editor most heartily for his courtesy. The Charlottetown residents are by no means the only people who have difficulty in remembering their National Hymn. Judging by the work done in the public schools of the States during the past year there is to be a vast improvement in this particular, so even the youngest Kindergarten may be heard singing the Star Spangled Banner from end to end without a mistake.
