HER HANDS WERE ALL OUT OF SHAPE

In Grip of Rheumatism for 15 Years

Here is a letter which shows the value of persevering with Kruschen:—

"For about two years I hardly went out, it was such a painful effort to walk owing to rheumatism. My hands and feet were the worst affected. I was unable to walk without a cane. I read so much about Kruschen, I decided to try it. It was three months before I felt any better, but I kept on and since then I have been fine and never used the cane. My hands were all out of shape, but they are almost normal now. Of course I could not get to get better all at once, as I had suffered for 15 years before I started on Kruschen. (Miss) A.L. Rheumatism is frequently caused by an excess of uric acid in the blood. If you could see how Kruschen dulls these uric acid deposits, then dissolves them away altogether, you would agree that the Kruschen treatment should bring relief in cases of rheumatism."

(44,747); Nova Scotia 294,905 (307,241); New Brunswick 65,303 (71,870); Quebec 508,000 (510,000); Ontario 3,728,063 (3,663,773); Manitoba 893,018 (985,581); Saskatchewan 790,858 (1,004,613); Alberta 885,000 (1,050,000); British Columbia 314,683 (328,548).

way help along the revival of the grandest sport there is.

It was also suggested that the younger fry be encouraged to sail, and introduced to smaller boats in class one and two.

Eddie Chappell has under construction a beautiful 33-foot yacht which should prove a strong contender for honors in class five; Jas. Stright is building a sweet little 22-footer for class 3; and Stephen Pond has one of the Mac-Mac design under way, also for class three. Lawrence Gerlensen is changing Agatha over to a Marconi rig and she will be another contender in this popular class.

Charlie Ramsay's "Swan" and the Stright-Tanton "Golfhawk" which made such a spectacular showing last year are class four boats which will both be seen in action again this year.

When these six fine boats take the water this spring it will be to look as if Summerside yachting is really going to "go places."—S.

Presentation At Marshfield

On Wednesday evening March 10, 1937 the Y. P. S. of Marshfield met in the church to bid adieu to Mr. William P. Richards who is leaving for England on Saturday evening.

Mr. Talmage Foster was called upon to read an address to Mr. Richards, while Miss Dorothy MacFarlane presented him with a token of remembrance from the Y. P. S.

Mr. Richards very feelingly conveyed his heart felt gratitude to his friends in a splendid response.

Following is the address:—

Mr. William Richards, Dear Fellow Christian Endeavorer:—

The association of kindred hearts has always been influenced by unselfish love that is ever weaving threads into ties that bind us together. Indeed so strong do the ties of association become that the very substance of our being is absorbed into the lives of one another.

The poet has said: "To meet and to part is mortal lot." We address you at this time knowing that you intend soon to leave our midst.

Marked upon the parting of friends and fellow workers with an air of sadness, but nay, this should not be, for God our Maker and Creator did not intend it so, but rather did he intend that such should strengthen and bind us more closely together. Time and space do not destroy, but rather do they preserve bonds that have their birth through associations in life.

So that at this time we address you, not with hearts filled with sadness, but rather with hearts filled with gladness—hearts filled with gladness and thankfulness to God that he has so permitted us to enjoy fellowship and acquaintance with you.

Upon the table of our hearts there lies a book and that book is the book of golden memory and as you take leave of our midst in the near future so will another page be added to the sacred book of our hearts.

While you have been a member of this society you have always taken your part willingly and well and in those terms we will always remember you. We will miss you.

Your presence in this Christian Endeavor Society has been an influence in the life of every member and now as we say au revoir and God Bless you and keep you we present to you a token symbolic in a very small measure of our gratitude to you and may it keep thoughts of your associations with us ever growing on the hearth of memory.

Signed on behalf of the Christian Endeavor Society of St. Columba Presbyterian Church at Marshfield, Prince Edward Island:

Ed. Frances Munn, Pres.

John W. Cairns, Vice Pres.

Dorothy MacFarlane.

John C. McNeill.

Strike Deadlocks Continue In U. S.

(A.P. by Guardian's Special Wire) CHICAGO, March 11.—Strike deadlocks in the United States automobile industry held firm today while the John L. Lewis steel group called a meeting to appraise its position.

End of the General Motors conference on a final agreement with the United Automobile workers was deferred another day by differences which both sides said were not serious.

No progress was apparent in solving the Chrysler and Hudson strikes, keeping some 70,000 wage earners idle, and a new automotive strike—in the Reo Company's truck plant at Lansing, Mich.—began.

The steel workers organizing committee was summoned to meet in Pittsburgh tomorrow by Philip Murray, director of the group, an affiliate of Lewis' committee for industrial organization. The parley is to review recent activities and plan the future.

It isn't what a man gives, but the way he gives it that shows his true character.
