NOTICE

The Annual Meeting of the White-Creamery Co. will be held in the hall on Monday, January 10th at 2 P. M.

John L. Baird, British inventor, who has developed an invisible ray by which it is possible to see in total darkness. It was demonstrated recently in London before naval military and air force officers.

IN LOVING MEMORY OF MR. PATRICK McADAM, Lake Verde.

"There is no fresher, howsoever defended. But has one vacant chair." The death of Mr. Patrick McAdam, Lake Verde, occurred at his home on Dec. 22, after a few months' illness.

The late Mr. McAdam was in his 76th year. By good management and industry he had built up a splendid farm and one of the most comfortable homes at Lake Verde. A man of excellent character, a good neighbor, strictly honest and reliable in his business dealings, he had retained the esteem and warm friendship of all with whom he was acquainted.

WATCH OUT FOR THIS ONE

Your lights are burning longer these days. The engine is harder to start. It means that the battery has more work to do. Each motorist can help this hard-working unit along by giving it the service it demands. Keep it well filled with water and be certain all connections are tight.

GO EASY ON THE POLISH

Nickel-plated parts of the car are inclined to show the effects of weathering in winter. The motorist who is desirous of protecting such parts, will do well to polish them as rarely as possible. Polish necessarily takes off the coating. Frequent rubbing with an oily rag will keep the surfaces bright and polishing will be necessary less often.

ACT WHEN ENGINE'S HOT

Crankcase lubricant changes should be much more frequent in winter. How frequent depends upon the individual driver. Every driver should know that oil changes should be made when the lubricant is hot. It is the surest way to get all sludge and diluent out of the case.

ROCK-A-BYE CLUTCH

Use of the clutch to "rock" the car out of mud or snow can be resorted to occasionally without serious damage. Often where a continuous application of power will not pull the car out of a bad spot in the road, a rocking motion caused by letting the clutch in and out with a rhythmic measure will give the necessary traction. Don't do it except as an experiment, and stop at once. Too much of this will harm the clutch.

EQUALIZE YOUR CHAINS

Chain equalizers are inexpensive devices that are a worth-while addition to any automobile. By taking up the slack in the chains, they are unable to attend to give them some of its magnificent violin force constant and keep the slack loose. A splendid program will be carried out, and great credit will be due to those who had charge of training the children. At the conclusion of the program Santa Claus will appear in the person of an Edison Smith, who did his part well in relieving the tree of its burden.

CHURCH ORGANIST IS KINDLY REMEMBERED

A large congregation attended the celebration of Christmas midnight Mass in St. Patrick's Church, Grand River, The church which was beautifully decorated for the occasion. Mass was celebrated by the Rev. Urban Gillis, St. Dunstan's University, while the pastor the Rev. J. A. McDonald preached an eloquent and forceful sermon—appropriate to the occasion. Gounod's Mass in C, was beautifully rendered by the choir. On Christmas day the Masses were celebrated by Father Gillis, while at St. Ann's church, Lennox Island the pastor officiated.

On Christmas evening a pleasing function was held at the Parochial House, Grand River, where representatives of the choir and congregation gathered to do honor to Miss Bertha Morrison, church organist.

Mr. Joseph D. McLeellan read the following address—while Mr. Joseph McLeellan, made the presentation. Miss Morrison thoughtfully expressed her appreciation of their thoughtful act. A pleasant social evening was enjoyed by all present.

To Miss Bertha Morrison:—At this joyous season when our thoughts hover round the lowly crib and the Divine Child cradled therein our hearts are filled with joy and thankfulness for the boundless blessings received from that infant saviour, and we raise our voices in jubilation and re-echo the Angels Anthem, "Glory to God in the Highest and on Earth Peace to Men of Good Will." But if we would think of Christmas as there lies must be an accompanist—so you Miss Bertha must fill that position. And most capably, we know, will you fill it. Your musical ability is so well known that it is needless for us to mention the finished touch and exquisite beauty with which you execute the most difficult compositions. This exceptional musical ability has been placed freely at our disposal and for several years you have filled most acceptably the duties of church organist, nor have you confined your contribution to the church only, but on all occasions where an accompanist was needed you have ever most obligingly acted. It is to express our appreciation of this noble service that we have gathered here. And that you may have a remembrance of the event and the sentiments which have prompted it. We ask you to accept this small gift from the choir and congregation of St. Patrick's Church, Grand River, N.

That Car Of Yours

By WILLIAM ULLMAN Heart-to-Heart Talks With Automobile Owners and Drivers on How to Get the Most Out of Their Cars at the Least Expense.

CAR CLEANING PAYS

Just because the weather is bad and cars are more likely to get dirty quickly, don't risk damaging the finish by leaving your automobile unwashed.

HOW TO SIT FOR SAFETY

Your position at the wheel, particularly in winter, is a large factor in safe driving. The proper position for a driver is to sit squarely behind the wheel and to sit erect instead of reclining on the back-bone. Look over the wheel instead of through the spokes. Put the right foot on or close to the accelerator, the left on the floor in a convenient position for working the clutch. Both feet thus are in a position for use on the clutch and brake. The time element in the use of these is a powerful factor in preventing accidents. That is why correct position at the wheel is important.

WATCH OUT FOR THIS ONE

Thousands have got relief

SLEEPLESS WITH PAIN OF RHEUMATISM

Now sleeps well and can work with ease

"I could not sleep or do my work, but now I sleep well, walk and do my work with ease. I used Sloan's Liniment only once and it relieved me of my pain. It is just wonderful. I shall never be without it."

This is only one letter but it is typical of thousands that the makers of Sloan's have received, testifying to the amazing relief that Sloan's gives to every kind of muscular pain.

Sloan's gives real relief because it doesn't just deaden the nerves. It gets up the bodily forces to get rid of the trouble that is causing the pain.

No need to rub, it's the medicine itself that does the work. Just pat it on. Instantly it sends the fresh, healing blood tingling through the sick tissues—and the pain simply has to go. So clean and easy to use, too. Get a bottle. All druggists—35 cents.

FAREWELL PARTY

On Tuesday evening Dec. 21st the members of Brooklyn and surrounding churches met at the home of Mr. and Mrs. McPherson to bid them farewell prior to their departure for their new home at Montague.

After the huge assembly of whom there was over a hundred were comfortably seated. Miss Agnes McPherson read the address given below, and Mr. John Norman McPherson presented Mr. and Mrs. McPherson with a well filled purse.

Mr. McPherson, although completely taken by surprise, in a few well chosen words thanked the friends and neighbors for their kindness, and stated that although removing from their midst the ties of friendship would never be severed, and to his new home at Montague all would be as welcome as to the home from which he was departing.

As there was present a goodly number of young people, the remainder of the evening was very pleasantly spent in games, singing, etc. In the wee small hours the crowd departed for their homes with a feeling of sadness at the closing of such a hospitable home, and with a feeling of gladness at the good time spent. The following is the address:

Dear Mr. and Mrs. McPherson—We, your friends and neighbors, have gathered here this evening to bid you farewell. It is with some cheer, yet it is also mixed with sadness, as we begin to realize that you are about to remove from our midst.

During your life time you have been a credit to the community in hospitality, kindness, and untiring efforts, to wards the uplift of every good cause.

We all regret your departure, but we wish it were possible to bid you to remain with us, as your home has been a pleasant landmark for high on to seventy years, which makes it all the harder to see it closed, but you may at least rest assured of a hearty welcome back again.

We now ask you to accept this gift not for its value, but as a token of our esteem for you, accompanied by the best wishes of your many friends.

SPRINGFIELD SCHOOL

The school concert at Springfield, Lot 67, which has now become an annual affair, was held in the hall on Thursday, December 23, at 7.30 p. m. A goodly number were present. Hon. Mr. E. Sinclair presided and the following programme was carried through by the scholars: In Dialogue—Playing School by 3 pupils.

Recitation—A Letter to Santa Claus by Raymond Haslam. "Pantomime—Over the Teacups by 6 Little Girls.

Dialogue—Two Sides of a Question by Caroline Sinclair and Ivan Lambie. Song—My Little Fellow by Helen Lawless.

Spelling Lesson by 10 pupils. Dialogue—Scaring Santa by Janet Sinclair. Darkie Chorus—Old Folk at Home.

Merry Xmas Acrostic by 14 pupils. Recitation—Kids by Elton Somers. Dialogue—Mrs. Santa Comes In to Her Own.

Song—Our Xmas Dinner by Ruth Lambie. Recitation—A Boy's Pocket, by Allison Mayne. Pantomime—Away in a Manger. Closing Speech by Donald Sinclair.

Chorus—Xmas Time is Coming. "Notwithstanding the stormy night the doorkeeper, Mr. M. T. Lambie reported a collection of \$27.40. At the conclusion of the programme, Santa Claus entered the hall and distributed to the pupils and those who assisted the teacher in carrying the concert through numerous gifts from well-wishers. Christmas tree which was thoughtfully provided by the Women's Institute. The thanks of the district was conveyed to the teacher by the chairman at the close of a concert which set a high standard that future teachers can only hope to equal.

Two Kindly Mothers Of The Provinces

(By Richard E. Delaney, M. D. in Oakland Maple Leaf.)

In an out of the way place like Santa Cruz, Cal., where one hears once more the murmur of the ocean waves, it was a treat for me to meet two good Scotch women from down home. One who is familiar with Scotch faces will have no trouble to name the birth-place of both of them. Like old wine which mellows with age, the many lines of care and ordering years which are visible on their kindly faces, give both of them a kind of dignity which I cannot help but admire. They live in the same side of the street, and almost next door to each other. They both talk the Gaelic language.

From data they graciously gave me, as the result of my interview, their career in California is not without some interest. For the sake of clearness in my writing, I will describe each one separately. One is Mrs. Brody, whose maiden name was Mary MacEachern, a native of Grand River, P. E. I. Her great-great-grandfather, on her mother's side, was the wife of Prince Charlie of Scotland. There is that comeliness of manner and that grace of a Christian personality very apparent in her hospitality at home. She came to California at the end of the Civil War in 1865 with her uncle, John J. MacKinnon. They came by steamship via Panama. She was then but 15 years of age. She was married in 1871. Her husband, Edward Brody, was a native of Ireland, but was brought up in Canada. Mr. Brody was a merchant in groceries and men's furnishings in Santa Cruz for many years.

They brought up a family of eight children. Those living are Miss Euphemia, Mrs. Lamy, and the boys, Leonard, Eugene, Leo and Rafael. Leo looks after their splendid home in Santa Cruz, Rafael is a foreman of a garage in Oakland, Eugene is an electrician in Bakersfield. Mr. Lamy, the husband of her beautiful married daughter, is a promoter of finance who has much to do with banks throughout the country. Louisiana, who was Mrs. Wilder, passed away four years ago. She was anointed by the late Father Donald McKinnon, who was a first cousin of Mrs. Brody. Miss Euphemia is a professional teacher of music and has been engaged in that capacity in the Sister's Convent in Santa Cruz for a number of years. Mrs. Lamy lives in San Francisco, but she often visits her good mother.

Mrs. John McKay is the other Scotch "Blue Nose" whom I had the pleasure to meet recently. She is a most interesting person to meet. She has lots of cousins living around Lake Anstie, C. B. Her maiden name was Johanna Campbell, and was born in Pictou, Canada. When she was but nine months old her parents moved to Lake Anstie. Her childhood was spent at Whycocomagh. She had three uncles, Hugh, John and Evan Campbell, who were the first to build sailing vessels on the Bras d'Or Lake. "My father, Captain John Campbell," she said, "was drowned near Pictou Island. Both father and mother were Campbells. My grandfather, who hailed from Argyll, Scotland, was a boat builder. A Pictou, N. S., he built his own vessel, which he named the Argyll."

She was married in Cow Bay, I. B., to Charles J. McKay of Baddeck, C. B. She has a son, William H. McKay, in Stockton, who is carrying on a mercantile business. Her husband died in Boston when her son was but two years of age. She then returned to Cape Breton. Six years later she and her son moved to Boston and received a letter from her half brother in California, asking her to come out at once. This was in 1871, and she and her son came to Santa Cruz. She has lived here ever since, and owns a splendid home. Mrs. McKay is now 87 years of age, and a well preserved woman.
