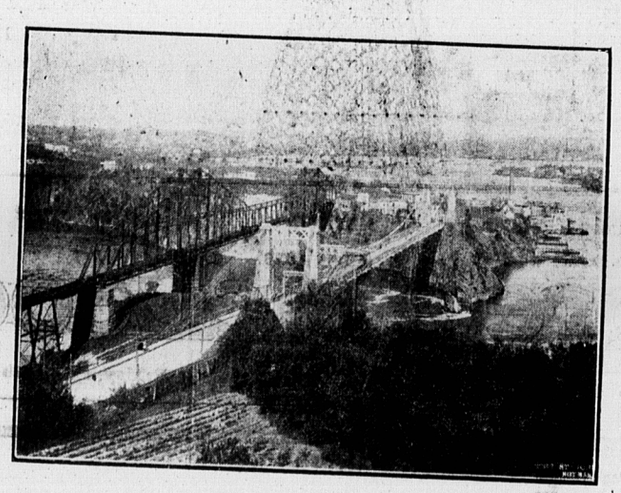
BIG FREE TRIP FOR YOUNG LADIES



THE TWO SUSPENSION BRIDGES IN ST. JOHN.

In response to an enquiry the votes already given to a candidate cannot be transferred to another in the event of the former deciding to retire from the contest.

All persons sending in ballots are requested to place them in regular order, and not mixed up as several have already arrived.

The ballot will in future be found on page two of each issue.

The ballot must contain the name and address of the candidate and not that of the sender unless the sender and the candidate are the same person.

Do not send in nomination coupons in mistake for ballots.

All "special votes" from new and renewal subscriptions received on and after February 1st and until the contest closes entitle the candidate for whom they are intended to thousands of ballots as per below revised schedule :—

Each $1.00 subscription wins		4000 votes	
" 1.25	"	" 5000	"
" 1.50	"	" 6000	"
" 1.75	"	" 7000	"
" 2.00	"	" 8000	"
" 2.25	"	" 9000	"
" 2.50	"	"10,000	"
" 2.75	"	"11,000	"
" 3.00	"	"12,000	"

and so on up to any amount, each $1.00 new or renewal subscription to any person and to any address winning 4000 votes and each additional 25 cents for the same new or renewal subscription winning 1000 extra votes.

Subscriptions can be remitted singly or in bulk, and votes will be assigned to each candidate, as requested by the sender, according to the schedule above.

The Subscription can come direct from a candidate or from a candidate's friends or workers, and must distinctly state to whom the special ballot shall be given. New and renewal subscriptions count the same,

All new and renewal subscriptions, the latter including those in arrears and those in advance, win votes as per the new schedule in this issue.

In The Guardian of February 4, 1909, the black border surrounded but the ballot proper, and not the reading matter and date below the ballot. In consequence all ballots of that particular issue which have been cut out without the date will be accepted and count, providing the ballot proper without the date reaches "Tour Editor," The Guardian, Charlottetown, on or before February 25, 1909, which is the time limit for same.

In reply to an inquiry, anybody is eligible to vote, whether man, woman or child, and from any part of the world

The Guardian again states that nominations will be received at any time for the big free trip.

PRESIDENT LEWIS WILL VISIT COLLIERIES

GLACE BAY, February 10—At a meeting of the grand council of the P. W. A. to be held at Sydney on Thursday, it is reported that Grand Secretary Moffatt will tender his resignation. However, among best informed people there is said to be nothing in the rumor.

Dominion Number Six worked today, the first time for some weeks. A committee of the P. W. A. waited upon General Manager Duggan, who told the men that in future, he would try and furnish work for workmen at the collieries. Mr. Duggan, however, said that he could not guarantee steady employment, owing to the condition of the coal market and the trouble between the labor organizations made it difficult for the Coal company to close contracts.

It is reported to-night that President Lewis, of the United Mine Workers, will shortly visit Cape Breton in order to look over the ground for himself. It is said that the mine workers will not retire from the field here, no matter what the Coal company may do against them. The company is strongly opposed to the order, and is a strong lever in the hands of the P. W. A., who use it to discourage men about joining the Mine Workers. The members of the latter order form a big majority of men out of work. The whole of the P. W. A. men are given preference when the work is going.

NOTICE.

W. Brown says he will defy any man on P. E. I. to take him a gun to repair that he cannot mend or make new, or any other kind of fine machinery.

PROVINCIAL LEGISLATURE

(Continued from page 1.)

they don't build it we must have an equivalent. The Government should insist on this.

MR. COX said the debate had taken much time, but he had a few words to say. Referring to the late Speaker he hoped he is now in better company than when he was here. (Laughter) He had heard much of our claims—it is time we knew what they are worth. It would be well not to build on claims—care should be taken to live within our income. He claimed the last election was the purest on both sides in many years. He had not asked for a dollar on the roads before the election. Transportation is inadequate, freights too high. Let both sides get together and have these matters improved. A cold storage warehouse was greatly needed at Georgetown for the fresh fish trade. Nova Scotia had a better class of potatoes, better shipping chances and got better prices. We should have a direct steamer also. He proceeded to speak of the Fishery award, the Infirmary, the telephone service and the travellers' tax. The latter he had always opposed. He thought a big blunder had been made in our representation. He wanted to see the Tunnel. Perhaps the new steamer and a better port than Pictou on the other side might do something. If steamers can't do the work we must insist on the Tunnel. He did not think Dominion influence counted for much in elections outside of Charlottetown. He enlogised Premier Haszard in closing.

MR. MCKINNON remarked upon the Government's refusal to give information till the address was passed. The Opposition would gladly have closed the debate but members on the other side were disposed to continue it. He agreed with Mr. Cox that in regard to transportation and cold storage we were behind the age. The Government had a cold storage policy years ago but nothing was done. We nearly all want the Tunnel, but those who think the Ottawa
