LAST ACT IN DEFUNCT BANK

HALIFAX, Aug. 11. — The Bank of Yarmouth closed its doors March, 1905, and on the 18th May, 1905, W. E. Stewart was appointed liquidator. Yesterday a motion was made before Justice Russell, who made the winding-up order, to pass the accounts to date and for a time for the discharge of the liquidator. From the voluminous mass of figures it appears that shareholders lost all their capital stock \$300,000, and paid in on their equitable liability \$264,000—a very high percentage. They have been paid back \$7,000 and will probably receive a small additional sum, as there is some \$20,000 yet to be distributed. The remuneration to the liquidator under the act may be in the way of commissions on the amount received or by way of salary and the judge adjourned the matter until the 21st September to have evidence given as to the time the liquidator devoted personally to the work.

THE ROOSEVELTS IN BRITISH EAST AFRICA

NATVASHA, British East Africa, August 11.—Colonel Theodore Roosevelt and his son Kermit, accompanied by Edward Heller, the zoologist of the Roosevelt expedition, W. J. Cunningham, the British field naturalist, and Leslie A. Tarlton, of Nairobi, left here for Newari, a government station in the northwest of Kermitia province. Major Edgar A. Burns and J. Alden Darling, the other members of the Roosevelt party, will leave here Wednesday for Nairobi, where they will make preparations for an ascent of Mount Kenil, an extinct volcano to the northwest of Nairobi.

BERESFORD'S ELOQUENCE WAS NOT SUFFICIENT

MONTREAL, August 11.—The council of the Montreal board of trade today gave a cold turnout to the request of the London, England, chamber of commerce that it support a resolution passed by that body urging upon the Asquith government most attention to imperial naval and military defense. The resolution was passed after a stirring address to the chamber by Admiral Lord Charles Beresford. The Montreal council decided that as Sir Frederick Borden and Hon. L. P. Fouldes were now attending a defense conference in London the best plan to adopt would be to leave the enumeration of Canada's attitude to them.

DUKE OF ABRUZZI MAKES RECORD CLIMB

ALAHBAD, India, Aug. 11.—The Duke of the Abruzzi has established another record in mountain climbing. He ascended Mount Godwin Austen to a height of 24,600 feet. Perfect weather was encountered during the ascent and the members of the party have arrived at Bandipur in excellent health. Godwin Austen is the name given in 1888 by the Royal Geographical Society to the Himalayan Peak K. 2 in 35 degrees, 53 mins. north, 76 degrees, 34 minutes east, in honor of the first explorer of the mountains of this region. It is the highest known summit in the world except Mount Everest, altitude 28,265 feet.

HANLAN'S POINT BURNT OUT

TORONTO, Ont., Aug. 11.—Hanlan's Point, a summer resort and home of the Toronto Baseball Club and Tecumseh and Toronto lacrosse clubs, was wiped out by fire this afternoon. One girl, Clara Andrews, cashier in the Figure of Eight, lost her life. The fire started in one of the hundred and fifty thousand dollars. The fire started in the Gem Theatre from a chemical mixture used in making colored lights and quickly spreading to a frame structure. Miss Andrews got out all right, but went back presumably to recover the cash. A policeman followed her in an effort to save her, pulled a wire box off the desk and was just grasping her when she fell back into the flames. The Figure Eight, dip the dips, merry-go-round, open bleachers, lacrosse grand stand, baseball scoreboard, Hotel Hanlan, pavilion restaurant, scenic railway, school of fun, big screen, shooting gallery, and Gem theatre were all destroyed.

ST. JOHN GIRLS OUT IN SQUALL

ST. JOHN, N. B., Aug. 10.—Miss Gladys Brydson Jack, of Vancouver, daughter of Dr. E. Brydson Jack, prominent at the time of the city, and Marion Millidge, a well-known society girl of this city, had a terrible experience in the Kennebecas river while yachting during a heavy squall this afternoon. Dr. Jack and family are summering on Kennebecas Island, and the girls started in a small yacht to sail around the islands. When in the middle of the river a squall struck the boat, overturning it. The girls were thrown into the water, but being good swimmers climbed on board. For two hours they clung desperately to the boat while residents on shore watched. Finally they were rescued after great difficulty and in an exhausted condition.

MCCULLOUGH SAYS NO STRIKE AT S. MINES

GLACE BAY, August 11.—Vice-President McCullough in conversation with the Halifax Herald correspondent said he scarcely apprehended the declaration of a strike at Sydney Mines, but at the same time admitted that such a condition might be brought about. A meeting of the men was to have been held at Florence last evening, but was postponed until tonight. Vice-President McCullough says that in a week or ten days he will be obliged to quit the scene of the Cape Breton difficulties, as an abundance of work has accumulated at Intercolonial headquarters for his personal attention. He had only expected to be in Cape Breton for about two weeks, and could not possibly give this end of the work any further personal attention. Stammering on the local situation, he said that he had been engaged in connection with the strike and labor difficulties for a half century and he could honestly assert that in no instance had the situation at such a stage in the night been so completely satisfactory as in the situation at Glace Bay at the present moment.
