"SALADA" TEA

WHEN, wearied and dust-flecked, the fair traveller of coaching days descended from her jolting conveyance her first thought was of the soothing, cleansing beauty of Yardley's Old English Lavender Soap. After more than five generations Yardley's still removes the stains of travel, delightfully purifying and refining the skin with a mellow, creamy lather of purest quality—still leaves its elusive fragrance clinging to radiant cheeks.

The fixtures are of the very latest American model, and consist of eight tall glass urns, sixteen inches in diameter suspended by stately bronze finished chains. Canopy and screwless holders, about ten feet from the ceiling, and each carrying a 200 candle power Nitrogen lamp. The eight fixtures are so wired to switches that all may be used, only a portion as desired, and they have made a delightful transition in the previously dimly lighted church, which should tend to increase the responsive participation in the services of the church.

In Memoriam

MISS EVELYN GARNHAM

Her grave is not a grave, it is a shrine. Where innocence reposes. Bright over which God's stars must love to shine; And where when Winter closes, Fair spring shall come and in her garland twine. Just like this Hand of Mine The whitest of white roses.

So must the friends, feel as they go to the lowly grave of this young girl, who after a short illness was called from her mother's side to a "brighter Home Beyond, there to be the Guardian Angel of her loved ones on earth.

Evelyn Garnham was born in Charlottetown, in the year 1910, and was always a loving and affectionate girl. A singularly sweet and evasive disposition combined with an charm of manner made her a general favorite with her companions.

MR. GEORGE H. FOSTER

In the passing of George H. Foster, Charlottetown has lost another of its aged and highly respected citizens; one who has filled a familiar place in the esteem and friendship of a very large circle of friends in the community. For many long years the late Mr. Foster conducted business as a master blacksmith from which he retired in 1920. A year later he sold his properties, and moved with his family to the United States. After about a year he felt that to him there was "no place like home", and he returned to the Province of his birth to spend his remaining days. Since his return he was called upon to mourn the loss of his wife, a most estimable lady and beloved partner. In the prime of life he was active in the civic and political affairs of his generation. As a member of the famed Orient Division of the Sons of Temperance he took an active part in those conflicts which brought about the change in our city wards, resulting in a more effective administration in temperance laws particularly the "Sect Act" then in force. He was a communicant and devoted member of St. Peter's Episcopal Church. During the last few months his health continued to fall until the end came, yet not until he had reached the ripened age of four score and three years.

He leaves to mourn the loss of a kind father and brother: two sons, the Rev. George I. Foster of Cleveland, Ohio; and Mr. C. Harry Foster of this city; one daughter, Mrs. William Wilson of Cleveland, Ohio; two brothers, Arthur and Frederick; and one sister Mrs. John White, all of this city. The funeral has been delayed, awaiting the arrival of his son, the Rev. George I. Foster, who is expected to reach here from Cleveland on Saturday. To the bereaved family the Guardian extends its sincere sympathy.

POWNAAL

On Wednesday evening the youth and beauty of Pownal and surrounding district gathered at the home of Mr. and Mrs. W. E. Smith, where a jolly time was spent in music and dancing.

Visitors to the City Saturday were Misses Mabel Enman, Marjorie Brown, Rheta Gay, Minnie Judson, Edyth Lawton, Mrs. S. Ings, Mr. and Mrs. Fred Trowsdale, Mr. and Mrs. N. Gay, Messrs W. E. Smith, Wesley Wood and Rev. R. W. Lindsay.

Miss Marjorie Brown, pupil nurse at the Moncton General Hospital, is spending a well earned vacation at her home here. Every one is glad to see Marjorie.

One of the retired gentlemen of our little village has invested in an automobile. No doubt he will be having a gay time this summer and we poor pedestrians are hoping for a lift, even if we would have to stand on the running board.

Some of our youthful anglers went fishing Saturday. They returned home at night, tired but wiser boys. Ye Gods, but no little fishes. Try again, kids, and always hide in the grass.

The roads in this section of the province are perfection, the dust is flying and cars are flying. Who can say this Garden of the Gulf is not a fine place to live? Car roads most all the year around, January 29th Mr. Wendall Jones made a flying trip to the Capital, and after a rest of less than three months away goes the flivver again.

A special feature of the Sunday evening service at the United Church here was a duet by Mrs. William Mutch and Mr. I. W. Richards. These singers possess beautiful voices and their rendition of the beautiful gospel story "I know my Heavenly Father knows" in song was received with pleasure by all.

Mrs. Jessie Jenkins, Marshfield, is conducting a class in pianoforte at Hazelbrook. This is a good opportunity for all who can avail themselves of same.

Mr. Jack MacKinnon paid a visit to the city Saturday.

Fairbanks-Morse Stock Pumps

The Fairbanks-Morse Stock Pump is not just another pump. When Fairbanks-Morse & Co. decided to build a pump for handling wood pulp stock and other fibrous or stringy material, they consulted with Mr. A. B. Wood, an outstanding authority and designer of pumps of this nature. Mr. Wood worked with Fairbanks-Morse engineers and produced a pump that is an improvement on anything heretofore designed or constructed. The new improved stock pump, with its two blade enclosed impeller, will handle, without clogging, fluids containing solids up to one pipe size smaller than the suction opening, and fibrous or stringy material of any consistency that will flow through a pipe line.
