Paramount's music-filled thrill spectacle in glowing **TECHNICOLOR!**

with **LYNNE OVERMAN · PHILIP REED · KATHERINE DE MILLE · FRITZ LEIBER · DONA DRAKE** · Directed by **ALFRED SANTELE**

NEWS—COMMUNITY SING—POPEYE.

**Duke of Kent Sees "Aloma"**

Paramount's "Aloma of the South Seas" was honored by the Duke of Kent while he was in Quebec City on his recent Canadian tour. Since time was at a premium for the Royal Family's Air Commodore, the fact that he should have taken time out to see Dorothy Lamour and Jon Hall in "Aloma of the South Seas" speaks very highly for the pulling power of this Paramount Technicolor spectacle now playing at the Prince Edward Theatre.

ly bomb-free sectors behind the Sudeten mountains. Such of the particulars of the unrest as tricked through the censorship follow:

**BERLIN, Oct. 2 (AP)—**German execution squads shot more Czechs in both Prague and Brno, southern Czechoslovakia, tonight on conviction by courts martial of high treason, economic sabotage and illegal possession of weapons, and the courts themselves ground out 39 new sentences of death.

D. N. B., the news and propaganda agency, said those executed included Jews. (The Prague radio, quoted by CBS, in New York said: "15 Czechs have been shot, three Jews hanged and 110 Czechs handed over to the Gestapo.") Three executed persons were said to have been acquitted at Prague.

No names were announced and there was no explanation as to whether those executed were condemned today or whether they had been sentenced earlier this week.

Total death sentences in the protectorate since an emergency law was declared last August which reached about 130, according to unofficial compilations on the basis of separate announcements through the German news and propaganda agency and other sources.

Some of the Czechs faced firing squads; others were hanged, the foreign office commentary Dienst Aus Deutschland said.

Premier Alois Elias, the Czech General who had headed the protectorate government since April, 1939, apparently was the leader of what authorized Germans claimed was an abortive revolt which was described as "now in hand."

Gen Elias is under death sentence, but German sources said he had not yet been executed because he had appealed for clemency direct to Hitler, who alone can say the decision of the German "people's court" that condemned him at Prague. Elias is alleged to have confessed that he conspired with the enemies of Germany.

Dienst Aus Deutschland disclosed 228 more arrests in Bohemia and Moravia in the Gestapo investigation of charges that they plotted high treason and sabotage.

It was reported 256 were arrested Wednesday.

Burning harvests and crippling transportation were said to be principal items in the rebel plans, combined with whispering campaign to blame Germany.

**LONDON, Oct. 2 (AP)—**The German purge in Bohemia and Moravia is in preparation for transfer of heavy industries there from Hamburg, Bremen and the Ruhr, an authorized Czechoslovak source in London said today.

"It is our belief," he said, "that the Germans plan to absorb the protectorate and reduce the population to a slave laboring class by killing all leaders capable of carrying on opposition. Then move heavy industries to central Europe where they will be out of reach of the R. A. F. and, at the same time closer to the Russian front."

Eighty per cent of the Czechs being shot are intellectuals, he asserted. Some of those executed had been in jail since February, it was said, and so could not have been engaged in current plots.

**ZAGREB, Croatia, Oct. 2 (AP)—**Two German fliers were killed Tuesday night by shots fired from ambush near the Zagreb airport, it was disclosed today.

The 10 companions of the men killed seized six men armed with pistols. The assailants were described as communists.

The Croat government decreed today that 10 communists would be executed for every such future act against persons or property if the guilty persons were not caught within 10 days.

**BUDAPEST, Hungary, Oct. 2—**The newspaper Pester Lloyd reported today execution of more than 60 persons in the southern Hungarian region of Yugoslavia for recent killings, attempted train wrecks and other sabotage. Twelve were reported hanged for a train wreck.

**BERNE, Oct. 2 (AP)—**A Greek uprising in the Bulgarian occupied area of Drama in Macedonia, implemented with machine guns, grenades and pistols, has been put down by the military, a Swiss telegraphic agency dispatch said today. The revolt flared Monday. It was estimated 543 persons arrested and quantities of arms and munitions seized in raids in which the entire population was forced to remain at home.

**VICHY, Oct. 2 (AP)—**Paul Col. etc., the young Norman, who wounded Pierre Laval and Marshal Deat Aug. 28, has been condemned to the guillotine by a special French tribunal in Paris, it was announced today.

Colette appealed for commutation of sentence, and Marshal Pétain's personal decision was awaited. Pétain alone can save him.

Laval, a leading advocate of collaboration with Germany, had asked that Colette's life be spared. Her and Deat now are convalescing. There have been 56 executions in both the occupied and unoccupied zones of France for sabotage and communist activity since the French and Germans started

**CENTRAL GUARDIAN**

This column is reserved for news of local interest, but advertisements of a newsworthy nature may be inserted at 5 cents a word, strictly payable to advance.

**YORK UNITED CHARGE.** Rev. J. A. Nicholson, Minister, Service, Oct. 5, 11 a.m. Rally Day Service at Central Church 2 p.m. no service at York; Brackley service postponed till Oct. 12. L-84.

**PROWLER ARRESTED.** A man, caught in the act of trespassing on the property of the McQuaid Service Station, just outside the city limits, was arrested last night by the Royal Canadian Mounted Police. He was charged with attempted theft. The prowler was surprised by the proprietor who held him until police arrived.

**SUCCESSFUL SALE.** The ladies in charge of the annual rummage sale in aid of the Protestant Orphanage report a very successful sale. They wish to express sincere appreciation to Lt. Col. D. A. MacKinnon, D.S.O., for the use of his building and all who helped to make the sale one of the most successful held for a number of years.

**INJURED IN FALL.** Mr. Lorne Kelly, local milk man, received painful injuries when he was thrown from a delivery wagon. The horse he was driving became unmanageable and threw him to the ground. He suffered three broken ribs in the accident.

**OUTSIDE HUNTERS HERE.** Sportsmen from outside the province as well as many Islanders were out yesterday in search of Hungarian partridges and most of them were able to bag a few of the birds. Hunters came from as far away as New York to indulge in this popular sport. Mr. Fred Tyler and Mr. A. Pyke, both of New York, were out yesterday and in the course of their travels encountered five different coveys. They succeeded in returning to the city in the evening with eight Huns. The following Halligonians were also on the Island in quest of the partridges: Messrs. S. A. Beatty, H. M. MacLeod, L. C. Teesdale, R. H. Boland. It is reported that the birds are quite plentiful although they are difficult to find.

**KINSMEN MEETING.** The regular meeting of the Kinsmen Club was held last evening with Mr. Andy Andrews in the chair. The guest speaker of the evening was Dr. Joe McMillan who spoke on venereal diseases. The speaker discussed their prevalence, method of spread, pathological symptoms and control measures. The business session of the evening was chiefly taken up with the organization of Peanut Day to be held on Saturday, Oct. 11. Proceeds from this project are for the benefit of the fund for Britain. This campaign is nation-wide and is sponsored by the association of Kinsmen Clubs. The following of the children were present at the meeting: J. D. Starnie, Ledwell Doye, Jean Day, Matt Hagan and pianist ACI Astley.

**ESTABLISHMENT**  
(Continued from page 1)

early in 1943. It was signed at the end of 1939 for a three-year period. The negotiations have already started in London. Under the agreement, Canada, Australia, New Zealand and Great Britain undertook to pool their military and air training activities and carry it on in Canada with all four governments sharing the expense.

**Transferred to Canada.**

Later, because of enemy air activity and other conditions in Britain, the negotiations have already arranged for the transfer of some of their own air training schools to Canada.

The Canadian authorities, in addition, have constructed the air-dromes and buildings needed, the cost being charged to British account.

As partners in the air training plan which called for an agreed number of schools Australia and New Zealand are not concerned in the financial arrangements concerning Royal Air Force schools. In this respect these schools are out-lets.

**Deaths.**

One man was shot in Paris today for possession of weapons.

A dozen more are under sentence of death.

Marshal Pétain has commuted two death sentences to life.

**LONDON, Oct. 2 (AP)—**Gen. Charles De Gaulle, Free French leader, declared at an allied press luncheon today that France's resistance is forming again and that his new national committee sought to organize French resistance "throughout the whole of France and her Empire."

**ROME, Oct. 2 (AP)—**Italian authorities reported to Mussolini today that the situation in Dalmatia, formerly part of Yugoslavia, was "satisfactory."

Meanwhile, Fascists sought to discredit reports, attributed to "Anglo-American lies," that Italians dislike Germans.

**PROTESTANT ORPHANAGE APPEAL**

Our Orphanage depends entirely on public support and the children must not be forgotten, even in the face of multitude demands.

If it were not for the Orphanage many homeless waifs would be scattered over our province, and their lot would be a hard one indeed.

During the years many unfortunate little ones have been clothed, educated and carefully trained so that the majority of them have proven a valuable asset to our province and to the Empire for today many of them are serving their King and Country.

In this war our objective is TO WIN but we must not fall the human needs on the Home Front.

We need help—You know how living costs have increased. We are depending on the ever generous public to continue to share in this worthy work.

L-831-10-1-3.

side the plan, although the Canadian Air Ministry administers them just as it does the schools of the plan.

The training plan as it stands at present calls for some 90 training establishments, the last of which, Fowler told his Montreal audience, will be completed in the next three weeks; but a number of these are for the training of ground crew and staff personnel for the other plan schools.

The total also includes initial training schools and manning depots at which the air crew who will later pass through the flying schools in the plan get preliminary ground instruction, as well as wireless schools in which little or no flying is done.

In addition, as previously announced, a number of operational training schools are being established in Canada. These are the schools in which pilots, observers and air gunners do post-graduate work on completion of the courses provided in the plan schools before being assigned to fighting formations.

In the operational schools the three air crew groups who have received specialized training in different types of aircraft are brought together and start to work as teams of pilot, gunner and observer as they will work in operations against the enemy.

**Interpreting The War**  
(Continued from page 1)

Every step the Russians have been driven back on the whole front has only served to shorten still further essential inter-communication lines. Except for the industrial importance of the Donets basin, and above all, the jeopardy in which vital Russian oil sources stand there, Nazi conquest of the Donets basin would not be a critical disaster. The Moscow rail and road hub would still afford the Russians a powerful defensive bulwark.

The Soviet capital was transferred from Leningrad to Moscow for that prime reason. It also explains why the most effective Russian counter attack has been delivered in the centre in the Smolensk region west of Moscow.

The weakest link in the Russian defensive set-up is the fact that almost the only source of oil for modern mechanized warfare is far outside the shelter of the Moscow transportation system. The Soviet capital, on the Caspian Sea via Rostov and the Donets-Don basin. Hitler is hammering at a critical link in Russian armor in striking at that oil line by whatever route or routes he moves.

**COMMONS**  
(Continued from page 1)

men of all categories are actually or technically under arms in the United Kingdom, but less than half this number could be used overseas.

To offset the drain of experienced workers from the factory to army, the government has put more work on women, but the recruiting drives of the women's auxiliary forces have yielded insufficient numbers and what conscription of women has been tried has fallen short of plugging the gaps in industries.

Actually, a growing feeling that Britain is near the limit of her manpower resources, except that which comes from the empire, has been responsible for a measurable dwindling of the public clamor for an immediate invasion of the continent.

There appears to be growing acceptance of the idea that such a least offensive must be deferred one year possibly two. There is growing emphasis on providing arms and munitions for Russia.

**Father and Son Welcomed home On Furlough**

On Wednesday evening Oct. 1st, the people of Hampshire and vicinity gathered at the home of Mr. and Mrs. Charles Larter for the purpose of doing honor to Mr. Larter who is serving in the Veterans' Guard and their son Leighton who is serving with the R.C.N.V.R.

Mr. James G. MacLeod acted as chairman. In explaining the purpose of the meeting Mr. MacLeod said it was the second gathering of this kind he presided over in the last three weeks, and considered it as great an honor as attending the luncheon given in honor of Mr. Isley at Charlottetown on Oct. 7th, as chairman of the War Savings Committee. Mr. Borden Tremere was then called upon to read an address while Mr. Hibbert Tremere presented Charles with a set of military brushes, and Mr. Raymond Tremere presented Leighton with a silver ring and set of military brushes, to which both responded very fittingly, thanking all for their thoughtful gifts.

During the presentation Mr. Larter stood under an arch of Union Jacks held by Messrs. Lawson and Preston Tremere of the R.C.N.V.R. Complimentary remarks were made by Messrs. Mill, MacFayden, George Jones, Hibbert Tremere, and John T. MacDonald who was a comrade of Mr. Charles Larter in the Great War of 1914-1918, that Mrs. Larter would feel very proud that her husband and two sons were serving in His Majesty's Forces.

After singing "For They Are Jolly Good Fellows", a duet "My Bonnie Boy in Blue" by the Misses Ruby Carver and Veda Dunning, and God Save the King, the remainder of the evening was spent in dancing. Music was furnished by Messrs. "Scotty" Armstrong, Frank Gallant, James McDonald, Melvin Boudreau and Miss Besale Owen. Step dancing by Messrs. Owen, McDonald, Stewart Colwell, Charles Diamond and Miss Ruby Carver. Refreshments were served by the ladies. The following is the address:

Dear Charles and Leighton, We, your friends of Hampshire and vicinity have gathered here this evening for the purpose of showing in some small way our appreciation of the services you are rendering to your King and Country.

You, Charles have enlisted in the Veterans' Guard in the present war and you were also a heroic soldier in the war of 1914 to 1918.

Leighton have the honor of being in the R.C.N.V.R., also the third one of this family who has now enlisted in His Majesty's Forces.

You, your earnest prayer that where ever God calls you to serve in this terrible conflict you may enjoy his richest blessing. You shall be greatly missed in this community. But your country called you and it is calling men from all parts of this great Dominion. We are proud to know you have answered that call. We wish you God speed and a safe return to your home when victory is won and Nazism is no more.

I cannot tell you how delighted I am to be the means of conveying to you the expression of our united love. What we offer you is but a poor symbol of our feeling but we know you will receive it kindly as a simple indication of the attachment which each one of us cherish for you.

In our conclusion we ask you to accept these gifts not for their monetary value but as a slight token of our esteem and respect. Signed on behalf of your friends in Hampshire and vicinity. L-78.

**MARRIAGES**

**LEIGHTIZER — COOK** — At Our Lady of Mercy Church, New York City, September 27, 1941, by the Rev. Father Scamman, Anastasia Leightizer of Charlottetown, P. E. I. to Ellisworth B. Cook, of Springfield, Mass.

**DEATHS**

**MacKAY** — At New London, Oct. 2, 1941, John D. MacKay, age 73 years. Funeral from his home Saturday at 2 p. m. Interment New London Cemetery.

**McISAAC** — In East Boston, Mass., on Sept. 27, 1941, Peronella (Nellie) McDonald, widow of Andrew McIsaac, formerly of P. E. Island. Funeral was held last Monday.

**LIVINGSTONE** — At Clyde River, Oct. 2, 1941, Mrs. James Livingstone, in her 83rd year. Funeral Saturday, Oct. 4, short service from her late residence at 2 p. m. then to Clyde River Presbyterian Church, service starting at 2.30. Interment Clyde River Cemetery. (Please omit flowers).

**MacQUARRIE** — At the Provincial Sanatorium on Thursday, Oct. 2, 1941, Mrs. William F. MacQuarrie, nee Mrs. Furber, from the church of England, Craupud, Saturday, October 4th, service starting at two o'clock. Interment Craupud Cemetery. The late Mrs. MacQuarrie is resting at the MacLean Funeral Home till noon Saturday.

**Plowing match And Field Day At Bridgetown**

Over 500 interested spectators looked on yesterday as some of the best known farmers in the eastern part of the province demonstrated their ability behind the plow at Bridgetown in connection with the big Plowing Match and Field Day sponsored by the Dundas Carry On Canada Corps. Bit by bit the green of the landscape in the farm of Frank Clay at Bridgetown was turned to a rich red as the match progressed.

Although the field day attracted much attention, it was the plowing that caught the fancy of the crowd and for three hours they watched as the contestants vied with each other for the honours. The popular sport returned to the province yesterday after an absence of five years when the last matches were held, one near Charlottetown and the other near West Point. Many years ago such events were held quite frequent but of late years the sport has died down. However, the enthusiasm which was displayed yesterday promises to go a long way in the revival of the matches.

Competition was keen in all the classes and prizes were distributed for plowing, plow teams, general purpose and carriage mares. Several prizes were donated by the Provincial Department of Agriculture, well-known Island firms, and some individual persons.

The young boys and girls were able to take part in the entertainment too as a program of sports was presented. These included a tug-o-war, boxing matches, greased pole, etc. These events proved to be a great success and every class was keenly contested by the young people. The tug-of-war provided the greatest interest when a team representing the districts north of the Seven Mile Road, headed by Mr. Albert Acorn, was matched against another representing the districts south of the Road headed by Alex McLeod. However, the ultimate winner was not decided because of some confusion. Rev. W. I. Green, Dundas was in charge of the sports.

The Plowing Match and Field Day was officially opened by Hon. W. H. Dennis, Provincial Minister of Agriculture, shortly before one o'clock. In a few brief remarks, he complimented the people of the district on their initiative and enterprise in staging the event. He also commended them for their patriotic endeavour in sponsoring the event for war purposes.

Mr. W. W. Baird, Superintendent of the Experimental Station at Nappan, N. S., judged the plowing contest. In a few remarks at the conclusion, he pointed out any defects in the exhibition put on and suggested ways of improvement. On the whole he was very much pleased with what he saw during the day and complimented those who took part in the various classes.

Mr. W. J. Reid, Middleton, judged all the horses with the exception of the carriage class which was done by Mr. Baird. Mr. Reid expressed himself as being well pleased with the various exhibits.

Dr. J. A. Clark, Superintendent of the Dominion Experimental Farm, Charlottetown, spoke briefly on the cultivation of land. He pointed out the need of proper plowing.

**Prize List**

Gang Plow—1. Douglas McDonald, Forest Hill; 2. William Hunter, Strathcona; 3. Frank Clay, Bridgetown; 4. Joseph J. Campbell, Poplar Point. The prize for the straightest furrow went to Douglas McDonald.

Single furrow over 10-inch sod—1. Farquhar Campbell, Dundas; 2. Frank Clay; 3. Wallace Taylor, Strathcona; 4. Francis Johnstone, Primrose. The straightest furrow was turned by Farquhar Campbell.

Tractor Class—1. Albert Acorn, Primrose; 2. Lloyd Jenkins, Dundas; 3. Howard McLeod, Primrose. Plow team, 2600 pounds or over—Robin Clay, Bridgetown. Plow team 2200 to 2600—Wallace Hunter, Strathcona. Plow team under 2200—John Taylor, Strathcona. General Purpose Mare or Geld-

**Prisoner**  
(Continued from page 1)

ships from the zone. The British prisoners are coming into France from Germany by way of Switzerland which agreed to act as a transport intermediary. The Germans probably will go home the same way.

The two-way channel crossing, it is hoped, will be completed within daylight, but if tides or other circumstances should force a delay the lights of one harbor or both will be turned on for the first time since the wartime blackout settled on Europe. The ships themselves may carry their running lights in such event.

Returning British soldiers include 500 members of medical services and chaplains. The returning soldiers will receive hospital examinations to determine which of them can safely go on to their homes.

Among the preparations for welcome is a cache of 96 dozen bottles of beer on the reasonable theory that many of the returning men would like a drink.

**Red Position**  
(Continued from page 1)

town. (The Italians have claimed to be well to the east of the Danube.) The picture drawn by earlier front-line dispatches was this:—The young boys and girls were able to take part in the entertainment too as a program of sports was presented. These included a tug-o-war, boxing matches, greased pole, etc. These events proved to be a great success and every class was keenly contested by the young people. The tug-of-war provided the greatest interest when a team representing the districts north of the Seven Mile Road, headed by Mr. Albert Acorn, was matched against another representing the districts south of the Road headed by Alex McLeod. However, the ultimate winner was not decided because of some confusion. Rev. W. I. Green, Dundas was in charge of the sports.

North: There were intense although localized combats on the approaches to Leersay. One of them, lasting five days, ended with a Russian counter-attack begun 40 minutes before the Germans planned to launch a supreme assault, which resulted in the capture of strategic point "N". Here the Red army was using tanks, infantry and artillery. One computation put the cost to the Germans of three Nazi assaults at more than 1200 tanks and armored cars.

German raiders made no gain at all, although localized combats on the approaches to Leersay. One of them, lasting five days, ended with a Russian counter-attack begun 40 minutes before the Germans planned to launch a supreme assault, which resulted in the capture of strategic point "N". Here the Red army was using tanks, infantry and artillery. One computation put the cost to the Germans of three Nazi assaults at more than 1200 tanks and armored cars.

(Continued from page 1)

man bombers were destroyed last night. One was encountered when attempting to cross the north east coast of England and the second was shot down in the Firth of Forth area.

Beeling off in sections of four from a patrol high over France, an American Eagle fighter squadron dived on a flight of 25 Messerschmitts yesterday and sent four of them down in flames.

The official report said: "We were flying high when we saw 25 Messerschmitt 109B's and 109F's climbing up below us. As the Eagles were in the most favorable position to attack the leader gave the order.

"We were flying in sections of four and we pecked off as he told us to and dived into those Huns. As we attacked, there was not a plane of ours out of formation. Just before we were to attack, the Mustangs were in the air according to plan."
