## THE GUARDIAN LOCAL NEWS

Offices in New Prowse Block  
Charlottetown.

DON'T forget the rummage sale in Armour's old stand tomorrow.

MISS EMMA ROBER, Royalty is taking a course in music from Prof. Earle.

READ The Guardian's classified ads. You will find some things to interest you

JOHN HORNE, Winsloe, has left for Halifax with twenty eight horses weighing from 1150 to 1400 lbs.

W. H. STEVENSON, Great George Street' is offering big reductions in stove pipes. See ad in classified column.

MISS JANIE E. WEBSTER, St. Avards, leaves this morning by the western train for Rumford Falls, Maine where she will spend the winter the guest of Mrs John Wallace.

ISLAND fishermen and shippers are asked to send their smelts, eels, clams, etc. to J. M. Minugh, Fulton Market, New York. He furnishes stencils on application and guarantees satisfaction to those who give him a trial.

A CORDIAL invitation is extended to everybody who wishes to call and see The Guardian Web Perfecting Press while running at 11.30 a. m. on Monday or Wednesday of each week. This is the only press of its kind in the Province and well worth a visit. If

F. G. SPENCER leaves tomorrow on a short tour of the provinces with Fred E. Kendall, a prominent entertainer of Boston. Mr. Kendall will be heard here in the High School Friday evening, the 24th inst. The tour opens in Woodstock tomorrow evening.—St. John Sun 13th.

REV. ROBERT GRIERSON, M. D., of Halifax, Presbyterian missionary in Korea has been very ill, but is slowly recovering. After seven years of Korea the climax of which has been the anxieties of the war time and a breakdown, he expects to take his furlough as soon as he is able to travel.

JOHN STEWART, the veteran I. C. R. engine driver, is today receiving congratulations on having reached the age of 70 years. Despite his many years of strenuous life in the engine cab, Mr. Stewart is still hale and hearty. He is the oldest I. C. R. driver, though he has not been in active service for some little time.—Moncton Times.

It has been stated by several captains of vessels which have arrived lately from Montreal and Quebec that in two weeks navigation will be closed on the St. Lawrence, that is as far as the big mail and passenger traffic is concerned. After that date, there may possibly be a few colliers and tramp steamers go up the river, but the bulk of this season's trade will be closed for a period of four months before the big vessels begin making their regular calls again in 1906. Even at this early date, officers say that thin shell ice forms nightly in the estuaries and docks, but not of sufficient thickness to do any harm to trade, as it disappears after the sun is a few hours old.—Sydney Ex.

LONG RIVER NOTES:—Winter! Yes just a forecast of what will follow was witnessed by the people of this section of the province during the last few days.—The ladies of the W. F. M. S. held their annual thank offering meeting in the Long River Church on Wednesday evening. Despite the bad weather there was a large attendance. The chair was occupied by the pastor Rev. A. D. Stirling. The program consisted of readings, recitations and music. Rev. Mr. Rattee, Malpeque was present and gave a very lengthy and instructive address on the words, "I am a debtor." Collection amounted to \$25.—Franklin Doughart and James Johnston returned Nov. (4th) from the Northwest.—A. E. Doughart has resumed his duties at the Greenwich School.

THE following from the Colonial Herald of May 9th, 1840 will recall to many older residents an incident of the earlier days of last century, the attempted destruction of Brock's monument. The Herald says:

Every tourist will remember Brock's Monument, which crowns the heights of Queenston, and adds so much to the picturesque beauty of the landscape. Yesterday morning about 4 o'clock, the inhabitants of Lewiston and Queenston were aroused by a report like the heaviest artillery. On looking out, a column of smoke was seen slowly ascending from the tall monument, and as it drifted away, the obelisk-like tower was discovered to be rent and shattered from 'turret to foundation stone.' What possible motive could have induced this worse than Vandal outrage, we are at a loss to imagine. No man was more universally respected on both sides of the line than General Sir Isaac Brock. Brave, courteous and humane, to a degree that reminded one of the preux chevalier of former times, he commanded the esteem of his country's enemies even in the time of war. Nought but the most wanton and fiendish malignity could have promoted any one thus sacrilegiously to disturb the repose of the gallant and honored dead.

Farmers and Horsemen—Clydesdale Colic Cure speedily relieves spasmodic, flatulent, kidney and gas colics, acute indigestion, grain founder and stoppage of water. Try it for your horses when troubled with these diseases. It is a new preparation but its record is a good one.—50c per bottle.—A. W. Reddin, Phem B.

REV. WILLIAM CAMPBELL, A. B. will preach (D. V.) in Birch Hill church on Thursday, Nov. 16th at 6 p. m.

BRENT MCINNIS, who seven weeks ago fell from the fourth floor of Perkins & Co's. store to the cellar is about again as well as ever.

H. D. ROGERS and Mrs. Rogers, who have been visiting in North River, leave this morning for their home in Waterbury, Conn.

DON'T forget the shooting at Winsloe range on Thursday the 30th at the usual hour.—Captain S. J. Good. All are cordially invited.

Mrs R. J. WOOD, Euston Street, who has been in the P. E. I. Hospital for several weeks, has undergone a successful operation and is making a rapid recovery.

YESTERDAY morning while Francis Malone was working with Michael Egan at Peake's No. 1 Wharf hauling a boat from the dock, the wire cable broke and the end struck him on the head making a deep wound about two inches long.

TWENTY-TWO horses were shipped by the Princess yesterday. Fourteen of these bought by A. Horne & Co., for Thomas Curran, were for Halifax, and the other eight were shipped by J. P. Woodbury to Campbellton, N. B.

PRICES of produce yesterday were quoted as follows: Potatoes per bus 19 to 20c, turnips and mangels 10c, oats (black) per bus 34c and hay was somewhat lower at 40 to 45c per cwt. Pork per lb remains about the same at 7 1/2 to 7 3/4c.

This evening at the usual hour (7.30) a union meeting of the prayer services of both Methodist churches will be held in Grace Church. Dr. Stephenson of Toronto will be present and will give an address on the subject of Missions, especially in connection with the Forward Movement. A collection will be taken in the interests of missions.

### RULERS OF THE WORLD.

Meat Eating Nations Are the Leaders in Every Branch of Human Achievements.

The ruling nations of the world are meat eaters and history records that they always have been.

Vegetarians and food cranks may explain this in any way they choose, but the facts remain that the Americans, English, French, Russians and Germans are meat-eating nations, and they are also the most energetic and most progressive.

The principal food of the heroic Boer soldier, known as Biltong, is a sort of dried beef, affording a great deal of nourishment in a highly concentrated form.

The weak races of people are the rice eating Chinese, Hindus, and Siamese, regarded since the dawn of history as non-progressive, superstitious and inferior physically and mentally to the meat-eating nations who dominate them.

The structure of the teeth plainly indicates that human beings should subsist upon a variety of food, meat, fruit and grains, and it is unhygienic to confine one's diet to any one of those classes to the exclusion of another.

Meat is the most concentrated and most easily digested of foods, but our manner of living is often so unnatural that the digestive organs refuse to properly digest meat, eggs and similar nutritious and wholesome food, but it is not because such food is unwholesome, but the real reason is that the stomach lacks, from disease or weakness, some necessary digestive element; hence arising indigestion and, later on, chronic dyspepsia.

Nervous people should eat plenty of meat, convalescents should make meat the principal food, hard-working people have to do so, and brain-workers and office men should eat, not so much meat, but at least once a day, and to insure its perfect digestion one or two of Stuart's Dyspepsia Tablets should be taken after each meal, because they supply the pepsines, diastase and fruit acids, lacking in every case of stomach trouble.

Nervous dyspepsia, catarrh of stomach, gastritis, sour stomach, gas and acidity are only different names for indigestion, the failure to digest whole some food, and the use of Stuart's Dyspepsia Tablets cures them all because, by affording perfect digestion, the stomach has a chance to rest and recover its natural tone and vigor.

Stuart's Dyspepsia Tablets is the real household medicine; it is as safe and pleasant for the stomach ache of the baby as it is for the imperfect digestion of its grand sire.

They are not a cathartic, but a digestive, and no pill habit can ever follow their use; the only habit Stuart's Tablets induce is the habit of good digestion and consequently good health.
