It is not so very long ago that there was an inept mutiny in the Prince County Jail when an endeavor was made to put the prisoners to work on the road. On Friday last fire of unknown origin broke out under somewhat suspicious circumstances into which an official inquiry is to be made. But for the prompt action of John Grady, one of the prisoners sentenced at the recent sitting of the Supreme Court and now awaiting the result of his appeal, the jail would probably have been destroyed. The fire was discovered by Grady in the basement where it had made good headway in the joists and walls. He immediately informed the jailer and between them they managed to put out the fire without having to call upon the assistance of the Fire Department. Considerable damage was done by the fire and water. The walls of the first floor, where the County offices are situated, are very badly discolored by the smoke which came up from below. Besides the Government investigation an enquiry is being held by the insurance people.—S

Sir Charles Dalton, pioneer in the breeding of silver black foxes and founder of the industry which has made the name of Prince Edward Island famous throughout the world, was signally honored at Summerside last night by the Canadian National Silver Fox Breeders' Association with a complimentary banquet and presentation of a magnificent sterling silver fox half life size in characteristic life-like pose. The presentation was made to Sir Charles by Peter Clark, pas. president of the Association, "as a token of recognition of his invaluable services to Canada in connection with the foundation and development of the silver fox industry."

Upwards of three hundred guests and members of the Association were present at the banquet which was held in the spacious building formerly used as a skating rink and which was brilliantly decorated for the occasion. The arrangements for catering etc. were very satisfactorily carried out and reflects much credit upon the entertainment committee and especially the ladies whose services were indispensable. A large number of ladies were present as guests and their presence made the function a delightful as well as memorable one.

An excellent musical program was provided by the Roseland Orchestra of Moncton, N. B. and by Mrs. Robert MacKay, Mrs. D. W. Fraser, Mr. Fraser and Mr. George Shiers of Amherst, N. S. in vocal and instrumental numbers which were enthusiastically received.

The superb silver fox presented to Sir Charles measures 19 inches in length and 9 inches in height, standing on an ebony base 2 1/2 by 4 inches attached to which is a silver plate bearing an appropriate inscription.

The address of Dr. Cyrus MacMillan was a feature of the evening and was one of the most eloquent and impressive ever delivered in Summerside.

ENJOYED TRIP—Mr. and Mrs. John R. Robinson, of Chicago, U. S. A., who have been visiting Mr. and Mrs. Charles H. Biggers, at Stanley Bridge, for the past week, are leaving Wednesday for their home. They are motoring back to Chicago by way of the New England States and New York. Mr. and Mrs. Robinson drove the 1800 miles from Chicago to Stanley Bridge in a few hours over four days, coming by way of Toronto, Montreal, Quebec City and Fredericton. Their seven passenger Stutz car is one of the biggest cars ever to visit Prince Edward Island. Mr. Robinson was born in Stanley Bridge and spent his boyhood there. His father, the late Benjamin C. Robinson, moved to the States about 30 years ago, entering the employ of Norcross Brothers, then the largest building firm in America, and later was admitted to partnership in the firm. The son John R., was educated in the public schools of Prince Edward Island, Boston, the University of North Carolina and Columbia University. Upon graduation he became a newspaper man, being a member of the Hearst organization for years.
