A RAILWAY MILESTONE IN CANADA'S PROGRESS

MONTREAL, Que., Nov. 7.—Seventy-seven years ago an important event took place between the two largest cities in Canada, the running of the first through train between Montreal and Toronto operated over lines which are now part of the Canadian National Railways—and Monday, October 27, 1856, was an important day in the life of both cities. Trains had previously operated between Point St. Charles station in Montreal and Brockville, and between Brockville and Belleville, but the train which ran out of Montreal on October 27th, 1856, was the first through train to connect the two growing cities. At that time the run between Montreal and Toronto required fourteen hours but so great has been the improvement of railway equipment since that time the modern trains, traversing the same distance, now make the run in less than six hours.

TRAPPED AT LEVEL CROSSING BABY THROWN TO SAFETY

HAMILTON, Eng., Nov. 7.—Mrs. Rose Gardner caught her foot in the rails at a level crossing at Hamilton, Lanarkshire, just as the train was coming and could not free herself. Her only thought was for her baby which she was carrying. She threw it from her as far as she could. The engine struck Mrs. Gardner. Several women rushed to her aid as soon as it had passed. She was discovered to be alive and was taken home suffering from severe injuries. The baby is none the worse except for bruised ribs. Mrs. Gardner, when the accident occurred, was on her way to the funeral of a woman killed in a motor-car accident.

CENTRAL GUARDIAN Ontario Liberals Not Dry Party

WILL NOT BE JOCKEYED INTO POSITION OF URGING PROHIBITION, SAYS HEPBURN

OTTAWA, Nov. 7.—(CP)—The Liberals would never be a prohibitionist party as long as he was leader, Mitchell F. Hepburn, Ontario Liberal leader, declared in an interview here today. He was referring to the Conservative statement that an issue in the next provincial elections might be whether hotels and restaurants should be permitted to sell beer and wine.

ON HOLIDAY TRIP—Mr. Chester Brown has returned to his home in New London, after an extended visit to the United States. While there he visited with his sister, Mrs. L. A. Alford, of Lakewood, New Jersey, and also spent some time in Roxbury, Arlington and Lexington, Mass., visiting friends and relatives.

MAGISTRATE'S COURT—Several cases prosecuted by the Royal Canadian Mounted Police came before Magistrate Donald MacKinnon yesterday. The defendant in one case of unlawful consumption of intoxicating liquor was fined ten dollars and costs of ten days. A similar case was dismissed. Two men charged with creating a disturbance were each fined five dollars and costs. The cases of two others similarly charged were adjourned.

TRANSFERRED TO CALIFORNIA

Alford—Mr. and Mrs. L. A. Alford, who have resided for the past two years in Lakewood, New Jersey, have gone to Sunnyvale, California, where Mr. Alford has been transferred to the U. S. S. Macon, sister ship of the ill-fated Akron. They made the trip by motor, stopping at the World's Fair in Chicago, also visiting friends and relatives at Lafayette and Lowell, Indiana, Dallas, Texas and Juarez, Mexico. Mr. and Mrs. Alford were recent visitors to the Island the guests of the latter's parents, Mr. and Mrs. John A. Brown, New London.

STUDY GROUP—The Bradalbane Teachers' Study Group met in Bradalbane Village on October 26th at 2 p. m. with President, Mr. Geo. A. Cairns in the chair. Six teachers were present. Supervisor J. A. S. Williams gave a splendid address on Arithmetic and emphasized that problems must be practical. The various steps in solving problems were then discussed, the speaker in closing asked the teachers to use the textbook as a guide rather than being slaves to it. The following officers were elected for the year: President, Miss Janette MacDougall; Vice President, Mr. D. Lester Cairns; Secretary, Miss Dorothy MacDougall. Next Study Group meeting will be held on November 23rd. Subject, Reading.—(Patriot please copy)

BARWISE—MACDONALD—A wedding of much interest to many friends took place at the New Glasgow Parsonage of the Church of Christ on Wednesday afternoon, Nov. 1st, at two o'clock when Ethel Eliza, daughter of Mr. and Mrs. Allan Macdonald, of Oyster Bed Bridge was united in marriage to Walter Barwise son of Mr. and Mrs. Peter Barwise, of Bedouque. Rev. William G. Quigley officiated. The bride looked charming in a gown of brown satin with brown coat and accessories to match. The bride was attended by Miss Marion Ling, her niece and the groom by Mr. Howard Ling, of New Glasgow. A wedding supper was served at the bride's home, after which the happy couple left for their new home in Bedouque. Many beautiful presents of silver, china, linen and etc. were received and the best wishes of a host of friends goes with them to their new home.

OYSTER CULTURE

"Some phases of Oyster Culture" was the subject of an address delivered on Monday before the Rotary Club by Superintendent Dr. A. W. Needler, of the Biological Station at Bideford. It was his job to suggest to people how they can farm oysters. The Department of Fisheries believed that the time was ripe to foster oyster cultivation in the Malpeque Bay area and hence the station was established at Bideford in order to put into effect new methods of oyster culture to local cases, the idea being to use the limited stock in these waters for the best possible advantage and to supply oyster farmers with stock. The speaker pointed out that oysters cannot spawn in water of a temperature below 68 degrees, and cannot feed at a temperature below 40 degrees. The oyster industry has been re-built by means of oyster farming. The Canadian Department of Fisheries, finding that the industry on the Island had reached a low level, decided to establish a station at one of the inlets like at the head of Malpeque Bay. Dr. Needler described in some detail the manner in which oysters reproduce, and the methods used in collecting spat, and rearing young stock.

Premier Writes Recalling Days At Law School

HALIFAX, N.S., Nov. 7.—(CP)—Prime Minister R. B. Bennett was in reminiscent mood when he sat down to write his associations with Dalhousie Law School. Consequently, graduates attending a banquet on the school's 50th anniversary were afforded interesting glimpses of the men who taught Canada's premier more than 40 years ago.

He wrote, expressing good wishes for continued success to the school to which we owe so much, to Premier L. P. D. Tilley of New Brunswick, a classmate. Premier Tilley, in turn, read the letter to his fellow graduates at the banquet. "It is difficult to realize," Premier Bennett wrote, "that the Law School was only seven years old when you and I entered our Freshman year. Every member of that class must carry forever with him the memory of Dean Welton, whose great stature and rugged and kindly face reflected not only his strength of character but also his great intellectual powers and who, by precept as well as example, inspired us with ambition, courage and determination to live lives of usefulness."

LIMES GIVING WAY TO TOMATO TRADE

MONTREAL, Que., Nov. 7.—The growing trend of trade between Canada and the West Indies is indicated in the case of the island of Montserrat, states the Canadian National Steamships, whose vessels provide direct connection between Canada and the islands of the British West Indies. The growing of limes was one of the major industries of the island of Montserrat but it is gradually giving place to the cultivation of tomatoes which are imported into Canada in great numbers from Bermuda and the British West Indies during the winter season.

TIN FOR WAR MATERIALS

Better times in Peru, South America, have enabled the government to pay public employees all salaries in arrears in full, which has further strengthened the financial position of the country. A different story, however, states the Industrial Department of the Canadian National Railways, is told in the case of Bolivia, an adjacent country, where the export trade is principally in tin. The government requires such a large proportion of what is available to exchange for war materials, little is left to pay for imports.

SEEK ABOLITION OF BOND IMPOST

ST. JOHN'S, Nfld., Nov. 7.—(CP)—Protest against extra taxation on non-resident holders of Canadian securities has been made by the Council of the Newfoundland Board of Trade. Termining the taxation unfair, it asks that the Newfoundland Government forward to Ottawa an official protest against the new imposition of five per cent on interest accruing to bonds held by persons not living in Canada. Its claim for more favorable treatment of Newfoundland, the Council said, was based upon Canada's preponderant trade balance with the Island Dominion. Last year it was pointed out, Newfoundland's exports to Canada were valued at only \$1,317,036, at the same time her imports from Canada exceeded \$8,000,000.

GIRL GUIDE NEWS

All Protestant Girl Guides in Charlottetown will attend the Armistice Day service in Trinity United Church next Saturday morning. They will meet at the corner of Prince and Richmond Streets at 9:25 in full uniform and proceed to the church at 9:30. Colours will not be carried. Girls who are not members of the United Church will please get their parents' permission before attending.

First Charlottetown Girl Guides

Held their meeting Monday evening in St. Peter's school room. Inspection was held and the Patrol books were marked. Games played were thoroughly enjoyed and points given to the patrols winning. Whistle signals and Guide work were reviewed and satisfactory progress reported. The girls are asked to meet outside St. Paul's Sunday School Saturday morning at 9:25 in full uniform where possible to attend service at Trinity United Church. Meeting closed with a song followed by "Auld Lang Syne" and Taps. A Court of Honour was held after the meeting.

2nd Charlottetown Co. (St. Paul's)

The three month period for the inter-patrol competition is now half over and the points at the end of last Friday's meeting were as follows: Orchid Patrol 107, Bluebird Patrol 97, Scarlet Tanager Patrol 97, White Heather Patrol 92, Oriole Patrol 74. During the meeting a discussion was held as to how the Girl Guide Sisterhood differed from any other girl's club. It was decided that the Girl Guide and Boy Scout Movements apart from being international and putting great emphasis on honour, had several distinguishing features, namely The Promise and Laws, the Badge System, The Court of Honour, The Daily Good Turn and the Patrol System.

After the meeting the first Court of Honour of the season was held and Mary Doyle was elected Secretary. Plans were made for this Company's Christmas Good Turn, the passing of the good carriage test and inter-patrol visiting to be begun in January, when one at a time, the patrols in the 1st Charlottetown Company will be invited to attend and take part in the regular meetings of this Company. Next Friday's meeting will be held from 7:30 to 9. This has been arranged so that the girls who will be attending the C. G. I. T. Rally will only miss the first half hour. Inspection will be for the contents of pockets and the Scarlet Tanager Patrol will take charge of the camp-fire.
