#### Lucille Blanchard Wonderful Singer

The following from the Moncton Times refers to a well-known Charlottetown vocalist:  
Seldom if ever has the musical loving public of Moncton an opportunity of hearing such a renowned singer as Miss Lucille Blanchard, who will give a recital at City Hall next Wednesday evening under the auspices and in aid of the Great War Veterans Association.

Miss Blanchard's voice is one of rare sweetness and great power; and her selections will embrace a wide variety of numbers. One of her outstanding efforts will be "Carissima" by Penn, and other numbers listed on the programme are, "Absent," by Metcalf, "Little Mother o' Mine," by Burleigh, "An Emblem," by Thompson, "The Rosary," by Nevin and other high class selections. Miss Blanchard will be assisted by Mme. St. Clare, pianist, and Mr. S. C. Hurley, reader and mimic.

#### ROD AND GUN

The leaping brook trout painted in natural colors on the cover of the May issue of Rod and Gun in Canada, will quicken the pulse of every nature lover. This issue of Canada's Leading monthly contains the first installment of Harry M. Moore's thrilling story of adventure entitled, "The Silver King." The Kananaskis Lakes is the title of an interesting fishing story from the Elbow River valley; it has seven clear cut photos to illustrate it. Bonnycastle Dale tells in his own gripping manner the story of the wild cat, its range, the habits throughout Canada. S. C. Cain humorously relates the story of four fishermen on a week end trip to Lake Scugog after bass. The Guns and Ammunition and Fishing Notes Departments are up to their usual high standard in this number. A valuable addition to the fisherman is the inclusion of the open fishing seasons for the Dominion. Rod and Gun in Canada is published monthly by W. J. Taylor Limited at Woodstock, Ont.

#### X-RAY FAILED

#### Mechanic Gives Evidence

There are cases where science in its most profound phases is absolutely balked, yet other help is at hand.  
This is proved by the testimony of a mechanic, 35 years ago, who suffered, at times, positive torture from stone in the bladder. After trying many remedies without result he had an X-Ray photograph taken, which also failed to show where the trouble was. Fortunately, just at this juncture, when he almost had given up hope of any relief, Gin Pills were brought to his notice. These famous Pills in a very short time enabled him to pass the stone which was the cause of his trouble. We will give the name of this man on request.  
Kidney and Bladder troubles should not be rejected. The first symptoms should be sufficient warning. Pain in the sides or back, constant headaches, neuralgic and sciatic pains, rheumatism, dizziness, constipation, gravel, highly colored urine, specks before the eyes, all point to germination. Gin Pills should be obtained without delay. Druggists and dealers carry them—50c—your money refunded if not satisfied. Free sample on request.
