**"SECRET OF MADAME BLANCHE" AT THE PRINCE EDWARD**

New honors are won by Irene Dunne, remembered for the distinction she gave to "Cimarron" and "Back Street," in the latest Metro-Goldwyn-Mayer picture, "The Secret of Madame Blanche," now being shown at the Prince Edward Theatre. The drama covers a period of more than thirty years with Miss Dunne embodying her appealing role from girlhood to middle-age. The scenes reveal sweeping variety with steadily mounting interest in the intense life drama.

The heroine of "The Secret of Madame Blanche" is first seen as a young chorus girl in a New York musical show in the "Gay 90's." The production is taken to England and the picture then becomes a story of theatrical and society life in London. There is even a view of the famous Kit Kat Club, then the center of London's night life.

Keep Marriage Secret  
So attractive is Sally that she draws many admirers, one of whom marries her. He is the son of a rich and titled jam manufacturer, and Gordon, Jean Parker and Mitchell fearing to lose his father's financial

support, he keeps the marriage secret. Sally submits to this until she learns that she is going to have a child. Her husband, driven to distraction by his inability to get money, commits suicide and his father takes the child from Sally.

With the passing years the aging mother comes to own a little tavern where one night a youthful soldier, returned from the front, is involved in a quarrel with a man who meets his death. By this time Sally knows the boy to be her son and to shield him takes the responsibility for the tragedy on herself, without revealing her identity. It is enough for her that the boy has returned to her once more. The startling climax to the story comes when the boy discovers that she is his mother.

All this is poignantly realized in the acting of Miss Dunne, whose earlier scenes gain charm by her singing and dancing. Lionel Atwill has a forceful part as the father-in-law and the role of the inefficient husband is cleverly played by Phillips Holmes. Competent support is given by Una Merkel, Douglas Walton, C. Henry and Gordon, Jean Parker and Mitchell Lewis.

**"COHENS AND KELLYS IN TROUBLE" A RIOT**

Those who are tired of the stark realism of life, the Depression-aren't we all—will find a welcome relief in seeing "The Cohens and Kellys in Trouble," the laugh riot co-starring George Sidney and Charlie Murray, which opened last night at the Capitol Theatre. And anyone who has a sense of humor will find laughter galore in the sea-going comedy, the seventh of the "Cohens and Kellys" series. Sidney and Murray have a splendid supporting cast, which adds much to the production which may be called, without exaggeration, the best of the Sidney-Murray series. Among those who add to the laughs are "gravel-throated" Andy Devine, the inimitable Jobyna Howland, Maude Fulton and Henry Armetta,

while Frank Albertson and Maureen O'Sullivan lend convincing portrayals as the young lovers.

The story concerns Patrick Kelly, tug boat captain, and Nathan Cohen, retired business man, who comes to see him after an absence of many years. The men are just starting to have their fun when a young revenue officer falls in love with Kelly's daughter, unbeknownst to him—and Kelly hates revenue officers. Kelly's ex-wife also appears to collect back alimony, the men are suspected of run-running, and a general complication starts the action off. There are yachting trips, rum boat chases and plenty of other excitement as the plot comes to a more or less happy ending.

program of activities, Lord Duncannon and Lady Ponsonby have taken every advantage for more strenuous sport out doors. Both lent their presence to the masquerade which is an annual event at Jasper Park Lodge, of which Bessborough Cottage is a unit. Lady Moyra appeared costumed as a toy soldier. Lord Duncannon was a judge of the prize committee and distributed the awards. On Sunday Their Excellencies and party attended service at the Church of St. Mary and St. George in Jasper Town where the Governor General read the lesson.

A baby show is to be held to collect money for the hospitals. What you might call a charity bawl.

**Eczema Itched So Could Not Sleep. Healed by Cuticura.**

"My trouble started with an irritation and then eczema broke out all over my face, body, legs, feet, arms, and between my fingers. It itched and burned so that I could not sleep, and I used to scratch for hours. The times I suffered most was when I went to bed and then when I got up in the morning. The trouble lasted a whole year. I began using Cuticura Soap and Ointment and was completely healed after using three cakes of the Soap and two boxes of the Ointment." (Signed) Miss Emma Dorant, Pomquet, N.S., Oct. 11, 1932.

Cuticura Soap 25c. Ointment 25c and 50c. Taken from Sold everywhere. Sample each free. Address: Canadian Depot, Leonard's Building, 288-St. Paul Street, W., Montreal.

**ELDON WOMEN'S INSTITUTE**

The Eldon Women's Institute spent a very pleasant afternoon at the shore at "Hyde's Pier" on Tuesday afternoon, Aug. 22nd. The business meeting was held at 2:30 o'clock and a picnic followed when they were joined by several of the school children. The meeting, called to order by the President, opened with the Institute Ode and Creed, repeated in unison, after which roll call was responded to by members whistling a tune. The Secretary reported mailing \$2.00 to Mrs. Allan Wyand, Cavendish, a contribution towards the dental clinic. It was moved by Mrs. Halliday and seconded by Mrs. Hugh Gillis that district convention expenses be paid. Reports from committees were received and a school committee appointed, viz., Mrs. Halliday and Mrs. M. F. McDonald, Mrs. Halliday, Mrs. Prizzell and Mrs. E. Gillis were appointed to write a paper or lead a discussion on "Child Welfare," "Handicraft" and "Agriculture," respectively for September, October and November meetings. With the National Anthem, the meeting adjourned. Arrangements for next meeting are that the W. I. meet again at the shore. Business meeting at 2:30 o'clock Tuesday afternoon, Sept. 26th and picnic following. Response for roll call "An Exciting Event" and collection.

**IN MEMORIAM**

**MR. GEORGE MacLEOD**  
George MacLeod, aged 40 years, a native of Panmure Island died suddenly at Bridgeport in the town of Glace Bay, C.B. on August 21. He went to Cape Breton twenty years ago and worked in the mines. For some years he was foreman at the banking station at Dominion No. 2 mine. He served three years in the Great War where he was shell-shocked and gassed, which may have hastened his end. He was twice married, and is survived by his wife, nee Jennie Collins, of Baddeck, C.B., and five children. The funeral was on Aug. 24 from Chalmers United Church, Dominion No. 1, service conducted by the pastor, Rev. J. A. McLellan, and burial was in Ocean Avenue Cemetery.

**Crop Report**

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its Branches. The Branch Managers have complete and intimate knowledge of each local situation and are in close touch with crop conditions in all sections of the districts mentioned.

**GENERAL**

Harvesting is general in the Prairie Provinces, and threshing is under way in many districts. Early returns show a wide variation in yields, with wheat grading high. Pastures have benefited from scattered showers, but a serious feed situation is indicated over a wide area in the south and central districts. In Quebec oats are proving to be a heavy yield in some sections, but generally the crop is somewhat under average. A good yield of barley is indicated. In Ontario fall wheat is averaging about 30 bushels to the acre, with the sample up to standard. Barley and oats are considerably below average crops, but the quality is better than was anticipated. In the Maritime Provinces grains are ripening fast, the indications being for a yield of slightly less than average. Potatoes show satisfactory progress. In British Columbia some of the crops have been affected by hot, dry weather and rain would be beneficial. Harvesting is general and threshing has commenced in some districts. Details follow:

**PRAIRIE PROVINCES**

Alberta Northeastern Area—Early threshing returns vary, with yields well below the average. Alberta Southeastern Area—Cutting has been delayed by heavy rain. Early returns indicate light yields but good grades. Alberta Western Area—All crops in the north are very promising, but in the south yields are light with early threshed wheat grading high. Sugar beets are progressing satisfactorily. Saskatchewan Northern Area—Threshing has commenced but there are still many green fields in the north and east central districts, where the crops are fairly good. Coarse grains are a fair crop only. Saskatchewan Southern Area—Indications point to a wide spread in yields. Early marketed wheat is grading high. Lower grades are likely in the southwest due to heat damage. Coarse grains are a light crop. Manitoba—Cutting is nearing completion and threshing is general, with a considerable volume of wheat of good grade being marketed. The crop ranges from good in the north to total failure in the southwest. Preliminary estimates indicate the following average yields per acre: Wheat 11 to 12 bushels, oats 14 to 15 bushels, barley 11 to 12 bushels.

**PROVINCE OF QUEBEC**

While rain is needed in some districts, growing conditions have been favourable. The harvesting of cereal crops is becoming general. The condition of the potato crop is spotty. Other root crops promise well. The corn crop generally continues satisfactory. Tobacco is maturing rapidly; less than an average crop is expected. Pasturage is fairly good.

**PROVINCE OF ONTARIO**

Harvesting of grains with the exception of buckwheat is practically completed and threshing operations are well advanced. A fair to average crop of corn is indicated. Recent rains have benefited root crops and revived pastures, but more moisture is needed. Tomato picking has begun and the crop is estimated at about 60 per cent of normal. Timely showers have helped tobacco growth and priming has commenced. Yields of burley and fine-cured varieties are at present estimated around 60 per cent and 75 per cent respectively, compared with those of last year. Deciduous fruit crops are progressing satisfactorily, with prospects for an average yield of apples of small sample.

**MARITIME PROVINCES**

Continued lack of moisture has adversely affected crops in many districts. About an average crop of potatoes is expected. Other root crops are doing well. The Annapolis Valley apple crop is reported to be of good quality and some early varieties have been harvested. Pasturage is poor.

**PROVINCE OF BRITISH COLUMBIA**

Tomatoes are unusually late and canning operations are not yet general. Potatoes and onions continue to make satisfactory growth. Fruit trees are in good condition. Peaches are now moving freely with prospects of a 75 per cent yield. Slight damage to apples from scab is reported in the Kootenay district, while in the Okanagan Valley they are sizing and colouring well. Pasture generally is good.

**PERSONALS**
