MOORE & McLEOD limited

W. C. T. U. NOTES

THE TEMPERANCE FORCES
The Temperance Forces are not dead—
Let us be up and at it!
Let every member fight the foe
And in his strength combat it.
The Temperance Forces are not dead.
Tho' some would like to think it.
They want to see the brewer's wars—
They would be free to drink it.
The Temperance Forces are not dead.
The great are those opposing.
Their heathen methods, boastfully.
Are day by day disclosing.
The Temperance Forces are not dead.
Victorious light is shining.
We feel the power of prayer for peace.
And purity entwining.

THE TEMPERANCE FORCES ARE NOT DEAD.
With members keen and loyal.
Tested, tried and firm in faith.
Sure of a victory royal
Now, let us lift our standards high.
Make safe this land for others;
'Tis ours to love, and aid, and cheer,
Our sisters and our brothers.
Toronto, Ont. —E. P. M. DOVE.

"WHAT KIND OF A TOWN WOULD MY TOWN BE IF EVERY CITIZEN WERE JUST LIKE ME?"
There is a responsibility upon each one of us for the conditions that exist in the community in which we live; the moral consciousness of any place depends upon the quality of its citizens. The liquor traffic is preying upon all of our homes, threatening the health, the efficiency, the prosperity, and even the lives of our families and our neighbors. We will get rid of this traffic ONLY when we make up our minds that it is the most important thing to do. We see all about us the sacrifice of personality of character and beauty, to this traffic and then we are taxed to pay for the results of it. Don't drink because you do not frequent the local beer hall, you are exempt from its abuses, you are not, Archbishop Ireland says, "the great cause of social crime is drink; the great cause of poverty is drink; when I hear of a family broken up, I ask the cause and the answer is—Drink. Then I ask myself in perfect wonderment, why do not men (and women) put a stop to this thing?"

In these days, people can vote honestly and conscientiously for candidates who will represent them and their principles. The ballot has been purchased with a great price—use it for your own sake and for the sake of your children. Do not neglect to exercise this privilege of your citizenship at the polls. As candidates for office present themselves this fall for your support see that they are persons who will improve conditions, who will clean up the streets, schools, cleaner entertainment, and not those who are content to make profit out of the vices and weaknesses of their fellowmen. The thing to do is to vote wisely. Decide they will no longer tolerate it.
Grace Knight.

THE ROAD TO HEALTH AND HAPPINESS

We have discussed in our work the harmful effects of habit-forming drugs, etc. Perhaps we have not stressed enough of information which would be more helpful. It is natural for us to try to promote health whenever possible. In so doing we discourage the use of all harmful drugs, etc., taken into the system.
The prophets of old spoke of God's way of healing.

WHAT THE BIBLE SAYS ABOUT USING HERBS

By Rev. Henry Hudson, D.D., Pa.D., D. Sc., President, Canadian Metaphysical Alliance.

God has prescribed. And surely His prescription is perfect. The Creator of Man was also the Creator of Man's foods and medicines. In fact, God makes no sharp distinction between food and medicine. In the divine plan, the same plant or tree provided both food and medicine. We are not surprised, therefore, the Hippocratics (the Father of Medicine) had a premonition of the Bible truth when he said: "Your food shall be your medicine and your medicine shall be your food." In the very first chapter of our Bible we read that "God beheld it [the seed, which is upon the face of all the earth, and every tree, in which is the fruit of a tree yielding seed: and to you it shall be for meat (food)"] Genesis 1:29. "The leaves of the trees are for healing of the nations." Rev. 22:2. "Who is weak? eat herbs." Rom. 14:2. "And of the fruit thereof shall be for meat and the leaf thereof for medicine." Ezekiel 47:12. "The diversities of plants and the virtues of roots— I know." (Wisdom of Solomon 7:20.)

So it is clearly revealed within the pages of Holy Writ that for every ailment human flesh is heir to, there is a divinely-prescribed remedy—some herb, root or bark. Proud Medical Science, which has often been inclined to despise the wisdom of the Creator of all life, is at last returning to the wisdom of nature—is today recognizing the fact that most effective medicines are in fact from nature—and should be used in the form the Creator intended, without change or alteration in chemical laboratories. *Marjorie Bates, 26 Furby St., Winnipeg, Man.*

WOMAN'S Y. FICOM—From an address by Mrs. F. F. Farnsworth in Belleville, at the home of Mrs. P. Hodgson.

Women Have Power
"God has given to women and girls great power and influence in the world. It is women who set the standards of living more than men. Where women widely disapprove of anything, it is soon out of social life. Nathan Arno once said "If ever the world sees a time when women should come together purely and simply for the benefit and good of mankind, it

Included in the music of the day will be the morning anthem, "Ave Verum," Moses and Aaron, "Be Thou My Vision," by Miss Vera Campbell. The evening anthem is Sullivan's "Saviour, Thy Children Keep."

A New Solvent Found That Makes Corns Go

One or two drops of this solvent makes a corn shrivel up very quickly. After a few applications the solvent enters the kernel of the corn drops right off. The public can get this excellent corn solvent in any drug store by asking for Putnam's Corn Extractor. No gas, no pain, no pinching or tight shoes. You can dance or walk in comfort. Be sure you use only Putnam's Corn Extractor. Satisfaction guaranteed, 35c per bottle.

will be a power such as the world has never known. Women hold the key to cure the drink evil.
Science Reveals Truth

The discoveries in the realm of science in recent years has been able to arouse mankind, to the truth regarding alcohol, so we can say that in the last fifty years there has been more progress made against the organized liquor traffic than in all the preceding years of the history of civilization. But today we see many countries slipping back to the times of liquor traffic, not because of the lack of strong, convincing truth of science, but the indifference to these truths and lack of earnest effort to teach and establish and act upon these truths.

Our greatest asset is our youth, the future men and women of the world. What we would have in the world tomorrow, must be planted in the mind of youth today.
S. Hicks.

EAT IN HASTE AND REPENT AT LEISURE.

Society is sadly in need of a warning given by Dr. John A. Oille, professor of medicine, University of Toronto, who recently admonished wives against rushing work-weary husbands through dinner for the purpose of getting out to play endless bridge, and to eat and to drink until the early hours of the next morning. He said such actions by wives were leading their husbands "straight for the grave."
