

WATCHES
In the Purchase of a Watch

We would suggest that you buy as good a case as you think you can afford—but that you get a movement that is absolutely accurate and that you can rely upon at all times.

If you will give us your idea as to the style of time-piece you prefer, and the price you desire to pay, we will be glad to offer you the watch that we believe will be best adapted to your needs.

Attendance.—Priscilla Matheson, Sarah Matheson, Leona Swallow, Frederic Matheson, Katie Matheson, Stewart Macdonald, William Macdonald, Mabel Matheson, Oswald Swallow, Effie McLean, Hugh McLean, Margaret A. Francis, teacher.

BECOMES BRIDE AFTER THREE DEATHS.
Wedded Following the Demise of ..Father, Mother and Brother.
(New York Herald Sunday.)
Most unusual feat characterized the ceremony by which Miss Florence Nightingale Ackerman of No. 114 West Seventy-ninth street, was married to Mr. William Hamilton Forsyth, of London, England, in a parlor of the Astor yesterday. The Rev. Dr. William L. Tenney, of Plymouth church, Brooklyn, performed the ceremony and eighteen friends of Miss Ackerman and Mr. Forsyth were present. Miss Forsyth lost both her parents within the last ten months. Her father was Mayor J. Howard Ackerman, U. S. A., and his daughter held during her wedding the prayer book he carried through the civil war. Miss Ackerman's brother died seven months ago and not long afterwards her home at Summit, N. J., was destroyed by fire. She became ill with pneumonia and her recovery was not expected. The nurse who attended her through that illness was at the wedding.

On either side of the altar erected for the wedding was a photograph in a frame and surrounded with smilax. One was that of the mother and the other that of the father of the bride. Miss Ackerman explained that she wished to feel as if her parents were looking on at her nuptials.

Mr. and Mrs. Forsyth will remain in New York for a time and then travel in the east.

ONE YEAR IS GONE WE FACE THE NEW.
Standing at the portal of another year to-day.
Will you make a simple motto as your guide upon the way?
"Faithful in a very little"—this your motto for the year.
Let it make you truly earnest in the Master's service here.
Opportunities will meet you, kindly things to do and say;
Take them promptly, use them wisely, for they quickly pass away.
Do not loose them, idly wishing you had greater work to do,
Take the work the Master chooses, so where he has need to you.

"BIG HEAD."
A rather common disease among poultry called "big head" is roup. This is one of the worst and most infectious diseases common to poultry, and does farm more damage to the farmers' and poultrymen's flock than most people imagine. It develops from a cold, and is very difficult to get rid of, particularly where it is allowed to make any headway. To prevent birds from catching colds they must be kept in comfortable houses, and the houses must be absolutely dry and free from draughts. A deal of damage in cutting down egg production, for a hen which is running at the nose will not lay well.
Keep the birds in good houses, and keep everything nice and clean. Put a solution, about 80 percent of Potassium permanganate in the water to prevent the spread of colds. For roup treatment is difficult, and the axe is usually the best treatment. For birds which are slightly affected coal oil syringed in the mouth and nostrils, or hot roup scoup applied to the affected parts will often affect a cure. We do not advise doctoring poultry any more than is possible, but sometimes a valuable bird can be saved by a little treatment.

MAGNET FOR THE MOON.
The electro-magnet which is being successfully used in French hospitals for the extraction of bullet has manifold possibilities. Recently the United States Steel Company, by means of electro-magnetic power, recovered from the bed of the Mississippi a cargo of nails which had gone to the bottom. The magnet used in this case was 6 ft. in width and weighed 3,000 pounds.
The ease with which the cargo was brought to the surface gave rise to the suggestion that given a sufficiently big magnet sunken submarines might be similarly salvaged at short notice.
About a quarter of a century ago a French enthusiast published details of a truly ambitious electro-magnetic scheme. By magnetism, he explained, the moon could be brought gently to rest on the Saharan desert. That done, it would be absurdly simple to avail ourselves of the immense resources of our satellite.
As it happened, however, the thing was never attempted—probably because it was discovered that the mineral resources of the moon would be a tides of the ocean, the stoppage of very poor substitute for the lunar which would tend to paralyze the water-borne commerce of the whole world.

NEWEST FASHIONS HAVE AN ELIZABETHAN TOUCH
The gowns of the moment do not tend to make a woman look younger than her age. They are, indeed, more dignified in all respects than the skimpy "little girl" dresses of the past few years.
Dignified, even matronly, materials are beginning to be greatly used. Black taffeta—by no means a youthful material—is being made up in prim styles that are decidedly more elderly than any in vogue for several years.
Collars are being made of more

WEEK OF PRAYER

The Week of Prayer will be observed as usual this year during the first week in January, by the Protestant Churches of the city. Following is the programme:
Monday, January 4, Grace Church, address by Rev. Z. L. Fash.
Tuesday evening, Baptist Church, address by Rev. J. L. Dawson.
Wednesday evening, St. James Church, address by Rev. F. H. Littlejohns.
Thursday evening, St. Paul's Parish Hall; annual meeting B. and F. Bible Society; address by Rev. G. C. Taylor.
Friday evening, First Methodist Church, address by Rev. Dr. Fullerton.
An offering will be taken up at each service, 75 per cent. of which will be for the P. E. Island Hospital, the balance for the Evangelical Alliance.
The offering on Thursday evening will be for the British and Foreign Bible Society.
All meetings open promptly at 7.30. The public are cordially invited.
"A Chamois Vest will protect your health during the cold frosty weather. It is light in weight, fits snug and will last a long time. Get one. The Two Macs, 149 Great George Street, METT.

IN MEMORIAM
MRS. ALEX CAMPBELL.
There passed away at Clermont on Saturday, Dec. 19th, 1914, Catherine wife of Mr. Alexander Campbell in the 80th year of her age. The deceased was one of the oldest and most respected residents of that district. Despite all that medical skill and loving hands could avail, she passed peacefully to her eternal reward. She leaves to mourn besides her husband, three sons Archibald of Boston, Thomas and Joseph at home. The interment took place at Indian River Sunday afternoon. The requiem Mass was sung by the pastor Rev. Father Gillis. The pall-bearers were Francis Mill, Daniel McKinnon, Michael Croken, John Mill, Edward Pendegrast and Thomas Kelly. May her soul rest in peace. X.

MR. CHARLES McQUARRIE
The death occurred at his home De Sable on Sunday Dec. 20th, after a lingering illness of Mr. Charles MacQuarrie. The deceased was in his 68th year, and was highly respected by all who knew him. He was waited upon in his last illness by his pastor "Rev. James MacDougall" and died trusting in the merits of his Redeemer.
He leaves to mourn, besides a large circle of friends, two sisters: Mrs. Wm. A. Boates and Mrs. H. Thomas both of De Sable. The funeral which was largely attended, was held on Tuesday Dec. 22nd, to Argyle Cemetery, Rev. James MacDougall officiating. The pall-bearers were: Messrs. Roderick MacKinnon, David Holm, Neil MacK. Shaw, John J. MacPhail, John Inman, John G. MacPhail.

MR. JAMES MAYHEW.
Another esteemed and much respected neighbour was called to his eternal rest, Oct. 28th, 1914. In the person of James Mayhew of Graham's Road, P. E. I. he was the son of Zechariah Mayhew of Cornwall, P. E. I. He was born 78 years ago he went to the Goldfields of California at the age of 21, remaining in the west for eight years. While in California he gave his heart to the Lord Jesus, and was a faithful member of the Methodist Church, after returning he and George Mallett with others held weekly prayer meetings for many years at Founds Mills, P. E. I. He was a great temperance advocate, being a true member of Forest Home Division, S. of T. A very successful and progressive farmer also exceedingly generous to the church and especially to the poor. His sorrowing wife was Matilda Boyle, formerly of Charlottetown, P. E. I. She also went to California with her brothers some three years after the Mayhews. They were married in Quartzville, Nov. 4th, 1863. Their family are as follows, James F. and Ellen H. on the homestead, G. Road; and Edward G. of Denver, Colorado. Two sisters survive him, Mrs. Robt. Boyle and Mrs. Samuel Frizel both of Cornwall, one Grandson, William Clarence Mayhew of Denver.

Peace perfect peace: death shadowing us and ours
Jesus was vanquished death and all its powers
It is enough: earth's struggles soon shall cease
And Jesus call to heaven's perfect peace

ANOTHER YEAR.
I know not what awaiteth me
As dawns another year,
The path untrod I cannot see,
Yet knows my heart no fear.
I know not whether short or long
My pilgrimage may be,
I'll daily praise my God in song
For all his love for me.
And as the years shall onward roll,
And day by day be mine,
I'll seek to lead some precious soul
To Christ, the way divine.
My God shall be my strength and stay
While sojourning below;
He will supply my need away—
His word assures me so.
With joy I greet the opening year;
It cannot bring me ill,
Since Christ, my Lord, is ever near,
My soul with peace to fill.
—SELECTED.

A WISH.
A happy year, a new year,
A year of hopes fulfilled
When friends are friends and joys
are joys
And every sorrow stilled.
May you with happiness be blessed
this year from end to end.
The world for me in joy is dressed,
because you are my friend.
J. T. EMOTT.

Stupid Children
Children of bright parents are not naturally stupid. When study is disliked, study is painful, suspect their eyes rather than condemn their intellect. We make a specialty of examining children's eyes. We prescribe glasses only when absolutely necessary, and guarantee satisfaction.

MORE POWER FOR WOMEN
One of the slogans of the age is—"More Power for Women." We hear it in Canada. Our women have banded themselves in a hundred ways to help the cause of society and humanity. In so doing they have stamped the feminine trade mark of approval on many useful movements that no manly body of men could have carried into effect in a hundred years. Like it or not as we please, feminism, the right of the woman to her own life, a voice in affairs, or her part in public and private matters that concern her chief business in life, is one of the outstanding features of the times.
And just at the present time women of Canada have it in their power to demonstrate their fitness for a part in our public and national life by working together with the men.
Women are more concerned in the "Made in Canada" movement than any other class. The purchasing of any commodity is almost entirely in their hands. It is woman's business—she spends nearly 90 per cent. of the family income—and if she grasps the importance to her and her family, of applying the "Made in Canada" principle, its success is assured as well as happiness and prosperity throughout Canada.
Women are by instinct more conservative than men and slower to adopt any radical change in method or practice until convinced that they should do so. Once convinced, however, they are more consistent, practical and enthusiastic than men could ever be.
Women will quickly grasp the "Made in Canada" idea, however. In the first place, no one is asked to buy a "Made in Canada" article unless it is equal or better value. With no duty to pay "Made in Canada" articles are almost universally better in value and cheaper in price. Secondly, by buying "Made in Canada" woman is protecting her own family or fellow countrymen from unemployment and promoting the prosperity of her own family and community by keeping the money at home. Thirdly, the movement is profoundly one of common sense, patriotism and enlightened selfishness. It depends on the Women.

A LIST OF 23 DON'T'S
If you don't want your house to burn down:
Don't go into the closets looking for clothing with a lighted match.
Don't put hot ashes and coal in wooden barrels or boxes.
Don't thaw out frozen water pipes with a torch lamp.
Don't allow waste paper, excelsior and rubbish to collect.
Don't use gasoline for cleaning in a closed room.
Don't look for gas leaks with a match or lamp.
Don't allow lace curtains near gas brackets.
Don't allow oily rags near stoves or about the premises.
Don't allow sawdust to be used in cupboards or on floors.
Don't throw waste paper in a fire place.
Don't throw cigarettes or cigars away if lighted.
Don't keep matches in paper boxes, or lying about carelessly.
Don't use snapping parlor matches taboo them.
Don't forget that matches are the beginning of many conflagrations.
Don't hang your clothing near open fires or stoves.
Don't fill lamps after dark, and never when lighted.
Don't allow rubbish in hallways or in fire escapes.
Don't forget to have the chimney of your home cleared once a year.
Don't fail to look twice at everything that looks like fire.
Don't leave everything to the landlord; inspect your own building.
Don't fail to give the fire department representatives every opportunity to make a careful examination of your property. They are trying to help you.
Don't fail to notify the chief of the fire department of anything you may see that is dangerous and liable to day is fire prevention.
Don't read the above carelessly and then forget all about it.
matronly designs, skirts are much voluminous, sleeves are long and straight, and "older" looking than the coquettish "little girl" short sleeves that have been in vogue.
The newest fashions, one might say, are more "old-fashioned" than ever. There is quite an Elizabethan touch about some of them.
