Dr. and Mrs. Murphy and their young son of Tignish, were in town Friday. Mrs. Murphy and her son missed the Ocean Limited on their return to P. B. Island and were driven by auto to Paines Junction by Dr. Bourque. The Limited had passed Humphrey's Mills before the Dr. started but he succeeded in reaching the junction just as the train was pulling out of the station. They were, however, in good time for the branch train to Point du Chene. Dr. Murphy was greatly surprised as well as delighted to be joined by his wife and son. The auto trip to the junction, eight miles, was made in less than fourteen minutes, which probably is a record, especially as part of the road had been newly made.—Moncton Times.

The Methodist Church at Vernon River was well attended on July the eighteenth. Rev. J. B. Ganong, Field Sec'y of the N. B. and P. E. I. S. S. Association, gave a discourse on "What shall I do with Jesus." The singing always good was if possible better than usual, and was well appreciated by the congregation. The meetings of the Eldon District S. S. Association were held in the Cherry Valley Methodist Church on the nineteenth July and in spite of the unfavorable weather were well attended. The addresses were very bright, happy and interesting. The discourses by Rev. E. Styler, the new Methodist minister at Pownal, Revs. D. B. McLeod and J. E. Ganong were well worth hearing. The singing was led by J. A. Moore, Pownal.

There are now some finely equipped motor boats in Charlottetown harbor, but their number will shortly be augmented by a fine specimen of the craft, built by Paquet of Souris for Bruce Stewart of this City, and which the latter is equipping with a 12 horse power engine. This boat should be able to make it hot for the other power driven boats.

There is a dark spot in this City. It is provocative of stubbed toes and profanity. It is located on the corner of Weymouth and Water Streets, the darkness being greatest on the street-crossing leading from the Railway station to Water Street. Strangers arriving by train stumble in the darkness, and salute the spot, often with strange language. Local pedestrians grin and bear it. Others mount their bicycles, trust all to fate, and generally just manage to emerge into a better lighted section of the town before being run over by a hotel team. Having shed the light of publicity over this spot once more, it is to be hoped that the City Fathers will shed the light of electricity over it once for all.

New Wonderland drew an old time audience last evening and every one went away more than pleased. The feature film "The Kiss of Judas" was grandly magnificent, and from the time when the first announcement was seen on the screen, until the ending with the death of Judas completed the story, a silence hushed and deep prevailed. It was a fitting tribute to the subject and the picture one and all should see. The other Pathe subject "A Child's Love" was also superb, and the initial comedy picture balanced the serio side of the program well. F. Louise Tutt sang gloriously—and the music for the sacred picture as for the others was exceptionally suitable.

Another bargain in smart new shirtwaists worth 2.00 for 1.25.

The last big bargain in shirtwaists lasted about three days—and now contrary to usual rules—we are able to offer you another just as good, or maybe a trifle better. The reason is similar—a factory with too many waists was looking for an outlet. Willing to take a very low price to clear a quantity—our offer was not much more than half the value—after a lively exchange of telegrams, we got our own way—and this morning the goods are ready for you. About 150 dainty waists, some finished with lace yoke—some with embroidery, one very fetching thing is made up of all over embroidery, a few made in white serpentine crepe—very few of these—not a garment in the lot worth less than 1.90 and some worth as high as 2.50—choose from the lot at..... 1.25
