THE EXTENSION OF OUR MARKETS

In Britain and South Africa Receiving Attention

Fruit Pulp and Cidar Apples in Demand Because of Short Crop in Britain and On the Continent.

For a number of years the Canadian Department of Agriculture has paid particular attention to the development of our export trade in agricultural products. During the South African war the Department undertook to fill a number of very large orders from the War Office, and as a result hay, flour, oats, meats, jam, etc, to the value of over $8,000,000 were purchased in Canada for the maintenance of the army in the field. This work was carried on under the direct supervision of Prof. Robertson, Commissioner of Agriculture and Dairying, but, at the beginning of the present year, it was decided to create a distinct Extension of Markets Division, and to place at the head of it Mr W W Moore, who was in South Africa for the Department in 1900, and who has been intimately connected with all the efforts made to increase Canadian trade with that country. It need scarcely be added that Mr Moore will always be found ready to afford enquirers any information in his power regarding the markets for Canadian agricultural products.

FRUIT PULP.

During the past few weeks considerable correspondence has reached the Markets Division from Great Britain, with especial reference to fruit pulps, particularly raspberry. The fruit crop in the United Kingdom and on the Continent is very poor, and consequently there is a considerable demand for foreign, or rather colonial, fruit pulp. The market is now bare of supplies, and as now Australian will not arrive before March next, an excellent opportunity is offered for Canadian canners, if they have the goods to fill orders. Unfortunately, it appears that the Canadian raspberry crop was also short this season. The canners have however, been placed in possession of all the information at Mr. Moore's disposal, and considerable business has already resulted. All the pulp available will doubtless be disposed of at once at good prices.

CIDER APPLES.

In view of the short fruit crop there is likely to be a good demand in Britain for boiling and cider making apples. The Department has received advices from the Canadian High Commissioner in London to the effect that one firm would take 5,000 tons of each of the above sorts. Mr. Moore is now in communication with the leading fruit shippers to ascertain whether they can fill the order. The possibility of shipping cider is also being investigated. A trade of this sort would afford facilities for selling to advantage the immense quantities of cull apples which now go to waste in this country.

FOOD STUFFS FOR S. AFRICA.

Recent letters received at the Department indicate that on account of drought the grain crops in the Transvaal will be short this season, and that in consequence there is likely to be a good demand for Canadian food products in the sister colony.

HE'S BACK AT WORK.

Simon V. Landry was a total Wreck Till He Tried Dodd's Kidney Pills.

RIVER BOURGEOIS, RICHMOND Co., C. B., August 31.—(Special).—Simon. V. Landry, of this place, is one more man whom Dodd's Kidney Pills have taken off the sick list snd put to work. Mr. Landry tells the story of his cure as follows:

"I was bothered for over a year with lame back, weak legs and palpitation of the heart, and general weakness and shortness of breath. I could not work as I got tired and weak so easily. In fact I was a total wreck.

"I tried many medicines without getting relief till I was induced to try Dodd's Kidney Pills. After I had used three boxes of them I was able to start to work again. I never fail to recommend Dodd's Kidney Pills."

Dodd's Kidney Pills ensure pure blood; pure blood ensures good health.

Another Cure of Chronic Disease

Of the Kidneys and Bowels—Well-known Steamboat Man Endorses

DR. CHASE'S

Kidney-Liver Pills

Statement Vouched for by Minister.

Mr. James A Buchner, St. Catharines, Ont., was for years a steamboat man and is favorably known in every port from Cleveland to Montreal. Until a few months ago he was for years a great sufferer from kidney disease, rheumatism and constipation. Dr. Chase's Kidney-Liver Pills have made him well, and for the benefit of others he has made the statement below:—

Mr. Buchner writes:—"For many years I was the unhappy victim of kidney rheumatism and constipation, which became so severe as to make life a burden. I was a constant sufferer, entirely unfit for work; appetite was fickle; I became emaciated; could not sleep, but arose in the morning tired and enfeebled. I lingered on in this condition, gradually growing worse, and became despondent and discouraged because I could obtain no relief from the many medicines used.

"Friends advised Dr. Chase's Kidney-Liver Pills, and I now feel thankful that this medicine came to my hands when I was in such a miserable condition. The first box gave relief, and, filled with joy at the thought of again recovering health, I continued the use of these pills until I had used six or eight boxes and was again enjoying my former health and vigor. I shall always recommend Dr. Chase's Kidney-Liver Pills as an ideal medicine."

Rev. W. D. Masson, Methodist minister, Port Robinson, Ont., writes:—"Being personally acquainted with Mr. J. A Buchner, who was cured by the use of Dr. Chase's Kidney-Liver Pills, I can say I believe he would not make a statement knowing it to be in any way misleading or untrue."

It is by curing just such chronic and complicated cases as this that Dr. Chase's Kidney-Liver Pills have become so well known as a medicine of exceptional merit. Their direct and combined action on kidneys, liver and bowels make them successful where ordinary medicines fail. One pill a dose; 25 cents a box, at all dealers, or Edmanson, Bates & Co, Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.
