Interpreting The War

(Continued from page 1)

economically has yet fallen to the invading hordes; none been brought under Nazi fire except by air bombs. And only days away are the September rains in western Russia and behind them, in early October, the snow will fly and Russia's greatest ally, six months of winter, will enter the struggle.

Hitler was utterly unprepared when he struck at Russia June 22 for any such bitter resistance as has met. As the ninth week of the vast battle opens, his armies seem breathless and nearing the exhaustion point in the vital centre before Moscow. Only on the extreme flanks of the Baltic-Black Sea front is the Nazi blitzkrieg still rolling, and neither sector offers the Germans an assurance of conclusive victory before winter sets in.

It seems unquestionable that Hitler is desperately seeking to achieve in the Ukraine an appearance of victory on which to found some new peace offensive. Political and military gestures from Axis-allied nations such as Japan and Vichy were synchronized too closely with the Nazi Ukrainian offensive to permit doubt that both were Berlin dictated diversions. Undoubtedly, too, the Roosevelt-Churchill joint declaration must be regarded as a counter move to offset in advance that expected Nazi peace bid.

Personals

Gnr. H. L. Archer of the 8th Battery, R. C. A., has returned to Petawawa, Ont. after spending a leave with his wife and parents in Charlottetown.

Mr. William McCourt left Saturday morning on return to his home in Moncton, N.B., after spending the past week with his mother Mrs. Matthew McCourt, City. He was accompanied by his young son Bernard.

Mrs. John A. Johnson, Margate; Mrs. Alden Moore, New Annan and Mrs. William H. Cousins, Kensington are spending a few days in the city guests of the latter's daughter, Mrs. Rex Kiely, King Square.

Mr. and Mrs. E. H. Brown of Portland, Maine, are visiting in Charlottetown the guest of Mrs. Brown's niece, Mrs. John A. Matthews and her nephew, Mr. Verdun Tredelick. Mr. and Mrs. Brown will leave today for a visit with friends at Alberton and O'Leary. Enroute they will visit Sgt. W. E. Tredelick and family at Summerside, Sgt. Tredelick with the Royal Canadian Air Force. Mrs. Brown was formerly Miss Minnie Tredelick of Alberton.

ST. JAMES CHURCH

The disagreeable weather notwithstanding, there was a good congregation at St. James Church yesterday when the service was conducted by the Rev. Edwin J. White, B. A., Ormiston, Quebec, who preached an admirable sermon on the text, Micah, ch. 6, verse 8: "He hath shown thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God." This does not mean obeying merely the letter of the law, but its spirit as well. Man must not merely just obey, he must seek to obtain justice; he must not merely be merciful and kind hearted, he must go out of his way to see that the broken-hearted and depressed obtain relief; he must not only be humble and reverent in worship, but must place himself at the disposal of all in need as did the Lord. A true disciple thinks not of himself, but of his fellow. The soldier was Miss Anne MacLure, A. T. C. M., who rendered Dudley Buck's "Fear Not Ye, O Israel."

ST. PETER'S CATHEDRAL

At the sung Eucharist in St. Peter's Cathedral yesterday at 11 o'clock the Rev. Canon Banks prefaced his sermon with a few words of appreciation of the life and work of the late Rev. Dr. T. H. Hunt, who had for so many years been connected with St. Peter's. The scholarship, devoutness and humility of Dr. Hunt, have left a deep impression on all with whom he came in contact, and his passing is not only a great loss to St. Peter's and King's College, but to the whole Church in Canada. Canon Banks has been officiating at St. Peter's Cathedral during the past five weeks, and in former years while filling in as in former years while filling in the work of the church, which will, as in former years bear good fruit. This has been a most helpful and instructive period, and the Rev. Canon Banks leaves the Province this morning.

Believe Japs

of Japan's threat to British, American, Netherlands and Russian interests in the Pacific. Mr. Roosevelt told newspapermen upon landing, Rockland, Me. Saturday that he and Mr. Churchill were in complete agreement on all aspects of the war situation, but that he did not think the United States is any closer to entering the conflict because of their unprecedented conferences on the high seas.

In informed quarters that statement was interpreted as meaning the President believed the ominous takable warnings given Japan would cause the Tokyo government to reconsider its policy of armed expansion and thereby avoid a showdown.

Other factors believed exerting major influence on Japan's decision are: 1. The forthcoming tri-power conference at Moscow, primarily for discussion of war subsidies but affording possibilities for talks and agreements on actual military movements if forced by any belting moves by Japan.

2. Dispatches from London said the United States and Britain were reported authoritatively to have won a Russian promise of active participation in a "stop Japan" movement in return for increased aid to Moscow.

3. The Anglo-American pledge of all possible assistance to Russia, backed up by revelation that "many shipments" of war aviation fuel—have already been shipped and more will soon be on the way to Vladivostok.

4. Stiffening resistance in Thailand to Japan's demands, and navy department's increasing effectiveness in actual war operations against Japan as the result of expanded and speeded-up deliveries of United States planes and war supplies.

5. Continued strengthening of British forces in Malaya and Burma countering the massing of Japanese troops in adjoining French Indo-China.

6. Further tightening of economic sanctions against Japan by the United States, Britain and the Netherlands East Indies, leaving the Japanese army and navy dependent only on hoarded war stocks and without immediate hope of replenishment.

CHILD KILLED BY TRAIN

GLACE BAY, N. S., Aug. 15 - (CP)—Three-year-old Mabel Cole was killed today when she was crushed beneath the wheels of a Sydney and Lunenburg railway train. The youngster apparently had crawled beneath the train before it began to move.

Burke - MacLeod Nuptials

A very pretty wedding took place in the Bonstuy United Church Friday afternoon, August 15th, at 4.30 when Florence Blanche, elder daughter of Mr. and Mrs. Geddie MacLeod was united in marriage to Captain Carl Frederick Burke, son of the late Mr. and Mrs. W. F. Burke, West Royalty.

The ceremony was performed by the cousin of the bride, the Rev. Gordon Darrach, Halifax, assisted by the pastor of the church, Rev. L. J. Morrison, in the presence of relatives and friends.

Given in marriage by her father, the bride wore a street length dress of aqua marine blue triple steer, with matching accessories, and carried a bouquet of Johanna Hill roses and maiden-hair fern. The bride was attended by her sister, Miss Constance, who wore a rose sheer dress, and carried a bouquet of blue delphinium. The groom was attended by his brother-in-law, Lorne Good and his ushers were Stephen MacLeod and Malcolm Darrach. The wedding marches and appropriate wedding music were played by Miss Shirley Darrach. The church was decorated with flowers of the season.

After the ceremony, a reception, was held at the home of the bride's parents, where a buffet luncheon was served by girl friends of the bride. The centre-table was arranged with sweet peas, white candles and the decorated wedding cake.

Late Capt. Burke and his bride left on a motor trip to Montreal and Ottawa.

The bride was a school teacher having taught successfully at Spring Park school for three years and the groom is an Airways pilot, in the employ of the Atlantic Ferry Service.

Previous to her marriage Mrs. Burke was guest of honor at several showers, a community shower held at the home of Mr. and Mrs. Neil Salmond, Bonshaw, a personal shower given by Miss Eleanor Bagnall, Charlottetown, and a miscellaneous shower given by friends and members of the Spring Park Women's Institute at the home of Mr. and Mrs. Lorne Good.

The couple received a collection of lovely wedding gifts.

Both bride and groom are well known and have many friends who wish them a long and happy wedded life.

Britain, Russia

(Continued from page 1)

(Anthony Eden met Joseph Stalin in Moscow in 1934 when the Foreign Secretary, then Lord Privy Seal, conferred with leaders of various European states during League of Nations moves to establish collective security, moves which the Nazis charged amounted to encirclement of the Reich.) It is indicated here that the conflict will be wide in range. Russia will need replenishment in aircraft, tanks and certain raw materials. It will be necessary to tolerate the possibility of a fifth column growing up in Iran," one source commented. It was explained that Britain was in no position to curb previous Nazi infiltration into Bulgaria and Rumania but in this case both Moscow and London have the means to halt its development.

There are about 3,000 Germans in Iran, some loosely classified as tourists and others as Rumania but in the railway and telegraph systems—vital posts should the Nazis attempt a coup. There is no immediate danger, this source said, but Britain wants to be certain it can be confronted in Iran next spring with the same situation as last spring's Nazi-inspired revolt in Iraq.

The Churchill-Roosevelt Atlantic meeting was the main theme of Sunday newspaper commentators who hailed it in similar terms as their colleagues of the daily press, but also praised Russian resistance.

Garvin, saying that Roosevelt and Churchill had "risen in stature" as a result of their meeting, added: "If they support Russia through thick and thin, they mean the next winter of war may be the last. Lift up your hearts."

Vichy, Paris in Drive against Petain opponents

VICHY, Aug. 17 - (CP) - Simultaneous campaigns were launched in Vichy and German-occupied Paris today against government officials accused of betraying Marshal Petain's national revolution and Vichy appealed by radio to overseas possessions to remain faithful.

This coincided with pressure by Vichy and German authorities against Communist and other anti-colaborationist activity in the occupied zone.

Joseph Barthelemy, new minister of justice, in an interview criticizing officials attempting to sabotage the government's work expressed himself in almost the same terms as editorial writer Marcel Deat in L'Oeuvre in Paris.

The Paris writer said that the difference between the Marshalls' plan for national unity and the way the government was being administered was so great that disintegration had reached a stage worse than in the period preceding the development of the popular front in 1936. He warned that "violent reactions might come."

After referring to "this type of wait and see policy," Barthelemy said "it no longer is permissible for any interpreter of Marshal Petain's wishes to carry out his orders with feebleness."

Elsewhere along the long eastern front the Russians said their forces continued fierce fighting against the Germans with Soviet counter-attacks under way at other points in the Ukraine and on the central sector facing Moscow.

In the Black Sea, Soviet submarines were reported to have sunk two large Rumanian transports.

At one Ukraine town, identified only as "K", the army journal Red Star said the Germans had been driven back six to eight miles with 20,000 Nazi dead and wounded littering the battlefield.

The Communist party organ Pravda stated that the Germans, although weakened by the bloody campaign now entering its ninth week, were "very strong."

"We are facing a prolonged and stubborn struggle which shall tax all our strength and require great sacrifices," it said.

The future conference at Moscow at which will be worked out common plans for the struggle against the enemy undoubtedly will further strengthen the fruitful co-operation of the U.S.S.R., the United States and Britain in the cause of achieving the common aim of relieving mankind of the Nazi tyrants.

(Indicating a possibility that Germany expects Russian resistance to persist during the winter, the British Broadcasting Corporation said Sunday that a message reaching Sweden from Berlin stated that 400,000 pairs of skis have been ordered for Hitler's eastern army.)

Soviet flits passed this traditional Russian aviation day in deadly duels with Nazi crews without benefit of spectators, whereas a year ago they performed aerial maneuvers so far as can be learned, and no problems of direct consequence to Canada were taken up.

The Churchill-Roosevelt conference called attention to the first anniversary of the Ogdensburg agreement between Canada and the United States which occurred today. A year ago Mr. King and Mr. Roosevelt agreed on joint planning and action for the defence of North America.

Britain, Russia Nazi prisoners Are re-captured

(Continued from page 1)

LONDON, Aug. 17 - (CP Cable) - Two German war prisoners who escaped Saturday from an internment camp were captured today after 14 hours of freedom.

Members of the home guard and police combed the woods and fields after a naval officer and an airman failed to answer roll call in a prison camp. A member of the home guard found the pair crouching in a ditch four miles from the camp.

Coal slowdown In Cape Breton May be settled

OTTAWA, Aug. 17 - (CP) - Results of three positive moves taken by the government in connection with the nation's most troublesome labor disputes were awaited with interest tonight in official quarters. Meanwhile labor minister McLarty held out hope of settlement of the slowdown operations in the Cape Breton collieries when he said chances of settlement were "very much brighter."

In the Arvida, Que., aluminum works dispute which resulted in a strike two weeks ago the government appointed a royal commission of two judges to determine responsibility for the stoppage of work which is considered illegal as the industry is a vital war project.

The government appointed an experienced trade union official, Howard B. Chase, as controller of the Hamilton plant of the National Steel Car company where a dispute has been in progress for some time but indicated no change in policy is contemplated. Mr. Chase succeeds E. J. Brunning who returns to duties in the munitions department.

General satisfaction was expressed in official quarters at the shipboard meeting between President Roosevelt and Prime Minister Churchill and the statement which issued from it. No Canadian officials attended, so far as can be learned, and no problems of direct consequence to Canada were taken up.

The Churchill-Roosevelt conference called attention to the first anniversary of the Ogdensburg agreement between Canada and the United States which occurred today. A year ago Mr. King and Mr. Roosevelt agreed on joint planning and action for the defence of North America.

Polish fliers Down 5 Nazis

LONDON, Aug. 17 - (CP Cable) - A Polish squadron led by Sqdn Ldr. J. A. Kent D.F.C. of Winnipeg was credited officially today with downing at least five of Saturday's bag of Nazi fighters.

Returning to its base after escorting bombers over Northern France, the squadron sighted 15 Messerschmitts 4,000 feet below. The Hurricane fighters, with young Kent in the lead, dived to attack.

The Nazis were caught napping but before they fled in disorder five Poles had each bagged one plane.

Two men in Crashed plane Dead; One lives

CALGARY, Aug. 17 - (CP) - The Avro Anson bomber from No. 4 Corsive Flying Training School of the Royal Canadian Air Force, which crashed in the foothills 46 miles west of Calgary last Thursday was reached by search parties today. Moore reports from the scene said two of the three fliers in the machine were dead while LAC. A. M. R. McGruther of Edmonton was alive.

The dead airmen were PO. I. M. S. Brown, 21, of Vancouver and LAC. F. W. Greenfield, 22, of Madelon, Sask. Reports did not say whether LAC. McGruther was injured.

Recommends Fleet of lake Iron ore boats

WASHINGTON, Aug. 17 - (CP) - The office of production management recommended to the United States maritime commission today that an emergency fleet of Great Lakes iron ore boats be constructed at a cost of about \$50,000,000 for delivery in 1943.

Officials said the additional ore would be necessary to move iron ore for the expanded steel program, and that a greater fleet ultimately might be found necessary. The boats would be about 600 feet long and have net carrying capacities of 12,000 to 13,000 long tons each.

NEW WESTMINSTER, B.C., Aug. 17 - (CP) - The sockeye salmon fishing season on the Fraser River is now at its peak with fishermen reporting the greatest number of fish in years fighting their way up the river to spawning grounds.

Stories of extremely large catches are being told by fishermen. One fisherman is said to have taken 900 fish in a single drift while a Japanese caught 1,200 in one day.

"This is the best sockeye run since 1913," Lars Aunli of Sunbury, B.C. told an interviewer. "I never thought we would see anything like it again."

Sockeye salmon bring about 65 cents each at the present time.
