

TUESDAY

Many friends in Alberton and in Prince County generally, felt personally bereaved by the recent death of M. S. A. Fraser MacArthur. She was known among her life-long friends as "Ruth Forsyth." She belonged to a family that did a great deal for the moral or material development of the Cascapedia district. The name of Forsyth is held in high esteem into this day. She married a member of a distinguished family that is associated with what is best in the traditions and present history of Alberton and the surrounding community. Fraser MacArthur is known throughout the island as a sweet singer and a popular entertainer. Few concerts have been given in recent years in Alberton, without his generous and welcome support. Two of the children are in the Province and two in the Canadian West. One of these, Harold, has achieved distinction as an Educationalist. One who knew Mrs. MacArthur best, will express the significance of her life in these words: "The outstanding virtues and qualities of her quiet life were faithful devotion and undying love and care for her children. She sacrificed everything for them." Her children and many others who had the privilege of knowing her, rise up and call her blessed. This brief and inadequate tribute is paid by one whose childhood was spent in an adjoining farm and who though many miles away from his ancestral home is grateful for the memories of such a beautiful life.

On June 20, 1927 Angus John MacPhee and a companion, unidentified, were returning from a walk in the vicinity of Port Arthur, Ontario, when while crossing a walking about the railway, they were struck by a train, and both were killed. MacPhee had on him a letter recently received from his mother and other papers whereby he was identified. The other had nothing about him to lead to his identification. MacPhee was the son of Mr. and Mrs. Lanchin MacPhee, Heatherdale, P. E. I. His remains were brought home and buried in Valleyfield, June 28. He was in the twentieth year of his age, a quiet, industrious, much liked young man. He enlisted for the Great War in 1915, joining the 5th Regiment. He went through the war to the end. He escaped injury except a shrapnel wound on the head, his helmet saving him from a severe wound, perhaps saving his life. He returned home in March, 1919, after demobilization and remained home till August, 1919, when he went West on a harvest excursion. He visited home for some months in 1925, when again he returned to the West. He remained there until his untimely end. Besides his parents he is survived by three brothers, Malcolm and Donald at home and Charles in New York.

WEDNESDAY DISTINGUISHED MEDICAL MEN HERE.—Dr. F. N. G. Starr of Toronto, President of the Canadian Medical Association together with Dr. Bazin of Montreal, and Dr. F. G. Routley of Toronto, Secretary of the Canadian Medical Association, are visiting Charlottetown, to confer with the local committee regarding arrangements for the next annual meeting of the Canadian Association to be held here in June next, 18th to 23rd. They are guests at the Hotel Victoria.

STUDY GROUP ORGANIZED.—On Wednesday evening, Nov. 2nd, a meeting was held in Heatherdale School for the purpose of organizing a Teachers Study Group. The following officers were elected:—President, Katherine McLean, Bellevue; Secretary, Belle Bruce, Brooklyn. It was decided that the Group should meet monthly, next meeting to be held at the home of W. A. McPhee, Heatherdale, on Wednesday evening, Nov. 30th. At this meeting there will be a question box and methods of teaching history to intermediate grades will be discussed.

Don't Ignore Acid Scalp!

We have all been too close to people whose hair had a noticeable odor. It is due to an acidity that soap and water are powerless to prevent. You may not have acid scalp. Or you may and not know it. But dandruff should make you suspicious, and hair that "strings" is a sure sign. When hair has a dull, "dead" look, the curling—and the "dead" is all out a few hours after use of the iron—it is time to use Danderine. Just a few drops of this highly scientific preparation will check acidity, and dressing it will be a delight. It arranges easily, and stay as you arrange it. Every particle of scale will be dissolved. It makes an amazing difference. And for only thirty cents, your druggist will give you a bottle of Danderine that will last for weeks!

MR. RONALD MORRISON.—The many friends and relatives of Mr. Ronald Morrison, a native of Blackburn, are grieved at the news of his death in Providence, R. I. last week. The deceased was the eldest son of Mr. Michael Morrison and was about 72 years of age. He went to Providence some 35 years ago, and for years held the same job in that city. His wife, Mary McCormack, is a native of St. Margaret's, and has no family of her own, but adopted a boy and a girl, now grown. His wife survives him. He was a sober, industrious and trustworthy man.

PAINFULLY INJURED.—Mr. Joseph Gaudet, of Alberton South, was severely injured by the wharf of the 4th C. Coming into the wharf with a small boat, he was caught between the bow of the boat and the landing place, being forced into his body and the crush of the boat exerted a tremendous pressure. The victim when released was unconscious. Dr. Keir O'Leary, was summoned, and after a close examination announced that while no bones were broken there was severe crushing and squeezing causing considerable swelling of different parts of the body. The severity of the sufferings necessitated the administration of opiates to carry the patient along for the time. Latest reports state that Mr. Gaudet is coming along nicely and will escape without permanent injury.

FROM FLOOD AREAS.—Mrs. Michael Bourke, and young daughter, of West Springfield, Mass., arrived in the city on Monday night and left yesterday for Georgetown, where they will visit friends. Mrs. Bourke's husband is in the flood district of Springfield, and is of great suffering and danger. The waters are now undergoing. The water was so bad she was forced to leave her own home and is much concerned over the safety of her daughters, whose homes are also in the flood district of the Connecticut River. When she left Springfield Saturday for Boston, the residents had been ordered into the New England Exposition Building and this, on Sunday, was also reported under water with one hundred horses reported drowned. Special police had to be sworn in, as rioting was openly indulged in, residents being forced to leave their homes unprotected. Mrs. Bourke told of the devastation she had seen, houses floating down from the hills, trees and debris of all kinds and water everywhere.

BEER-SEAGER.—The marriage of Doris Healan, daughter of Mrs. P. A. Seager, Crescent Street, and Mr. Harold Lowden Beer, of Charlottetown, P. E. I., is taking place quietly this evening at six o'clock, at the Church of St. James the Apostle, the Rev. Canon Stathof officiating. The bride, who will be given in marriage by her brother, Mr. J. C. Seager, will be attired in a close fitting blue crepe de chine, a close fitting velvet hat, with trimming of grey cock's feathers at either side, and grey shoes and stockings, carrying an arm bouquet of Orphelia roses and lilies of the valley. Mr. Denzil Nash will act as best man. After the ceremony a small reception will be held at the residence of the bride's mother, on Crescent Street, where the decorations will be carried out with bronze and gold chrysanthemums, ferns and greenery. Mr. and Mrs. Beer are leaving later for Ottawa, where they will in future reside, the latter wearing a navy blue fitted foulard gown with vest and cuffs of grey crepe de chine, a monkey skin coat of jacquard velvet with red fox fur trimmings, and a small French felt hat to match. Miss Seager is the former Canadian champion tennis player, having won the mixed doubles championship with Mr. C. W. Alkman in Victoria, B. C., in 1926, and the mixed doubles in the Province of Quebec with Mr. Alkman. Mr. J. C. Seager, brother of the bride, is the well known English rugby football player, Montreal Star, Nov. 5th.

WEDDING BELLS.—A very pretty October wedding was solemnized on the 12th at St. Joachim's Church, Vernon River, when Rev. P. D. McGuigan with Nuptial Mass, united in holy bonds of matrimony, Miss Bertha C. Donnelly, youngest daughter of Mr. and Mrs. M. J. Donnelly, Summerville, and Mr. Martin H. Hynes, son of Mr. and Mrs. M. Hynes, Alberry Plains. The bride was charmingly attired in coral satin with rhinestones and silver trimmings and hat to match, and carried a bouquet of bridal roses and maiden hair fern. She was attended by her cousin, Miss Alice Driscoll, Mr. Herbert, who wore pink crepe de chine and black picture hat. The groom was ably supported by his brother, Mr. Francis Hynes. The wedding ceremony was held over the bridal party from the home of the bride's parents, where a sumptuous wedding breakfast was partaken of, after which they proceeded to Charlottetown, and had dinner at the Victoria Hotel. In the evening they returned to the groom's new home in Summerville, where a reception was held, about seventy invited guests, including Rev. P. D. McGuigan, were present. The home was tastefully decorated for the occasion. The bride was the recipient of many beautiful gifts, as she was tendered a miscellaneous shower, before her departure from U. S. A., at the home of Mrs. M. Kennecic, Melrose, Mass., and another week previous to her marriage at the home of Mrs. Harold Dunn, Summerville. The groom's gift to the bride was a diamond ring, to the bridesmaid a string of pearls, and to the bridesmaids gold cuff links. Their numerous friends wish Mr. and Mrs. Hynes many happy years of wedded bliss.

Home-made Supply of Fine Cough Syrup
Better than ready-made cough syrups, and saves about \$2. Easily prepared.

If you combined the valuable properties of every known "ready-made" cough remedy, you probably could not get as much real healing power as there is in this home-made syrup, easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup, or clarified honey, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2.00. Tastes pleasant—children like it—and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the throat tickle and heals the irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and it is splendid for bronchitis, hoarseness and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract and palatable guaiacol, which has been used for generations to break severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

PINEX for Coughs.

MORSE'S TEAS
ALWAYS PLEASE
They have done so for 56 Years

THURSDAY
VALUABLE SHIPMENT.—The schooner "Morse's Teas" left Wednesday with a full cargo of live silver, for the United States, this being the first big shipment leaving here this season. Mr. MacQuarrie will accompany the animals to destination. There is much activity now in the fox business and on Saturday next between 250 and 300 silver beauties will go forward to be shown at the Royal Fox Show in connection with the exhibit which opens at Toronto on Monday next.

SERIOUS FIRE.—A disastrous fire took place Tuesday morning at Bay View, when Mr. J. H. Simpson's saw mill there was completely consumed. The fire was discovered at about 7 o'clock and the flames had gained such headway that the mill was quickly burned to the ground and all the valuable material contained, consumed. The strenuous efforts of willing neighbors were rewarded by fortunately confining the fire to the mill building and saving the residence and nearby structures. The loss is a heavy one, partially covered by insurance.

GOING TO ROYAL FAIR.—Masters Willard Reid and Jas. McCosmar, sons of Messrs. Edwin Reid and Jas. McCormack, Robt. Bay, returned to the city on Thursday night from Amherst Fair, where they represented the South Swine Club, at the Interprovincial Swine Judging Competition, winning honors for South Swine Club, having been the highest scoring team from the Province. This entitles them to a free trip to the Royal Agricultural Fair, Toronto, which opens November 16th. They returned to the city this morning for a week of special training, under the tutelage of Mr. H. W. Clay, Provincial Fox Inspector, preparatory for their task at the Royal Show.

FUNERAL SERVICE.—The funeral of the late Mr. Jacob McArthur, which took place from his late home at Hampshire, Nov. 14th, was largely attended by many friends and sympathizers. The funeral service at the house and grave were solemnly conducted by Rev. McWalker of North River. Favorite hymns were feelingly rendered by the choir. The pall bearers were Mr. Duncan Matheson, Mr. Spurgeon Warren, Mr. Hamilton Watts, Mr. Stephen Hacklan, Mr. Fred Proud and Mr. Allen McLean. The burial took place in the family plot East Wiltshire cemetery. He leaves to mourn a brother, James, of Roxbury, Mass., and a sister, Mrs. A. P. Rogers of Providence, R. I., who is at her late brother's home for the present.

GAUDIN-HARRIS WEDDING.—St. Peter's Memorial Chapel was the scene of a quiet wedding on Wednesday, the 2nd, November, at 6.15 a. m. when Marion E., only daughter of Mrs. Geo. L. Gaudin, was united in marriage to Mr. Geo. S. Harris, of Picton, chief engineer of the C.G.S. "Arnamore." Rev. A. E. Gabriel officiated. Immediately after the ceremony the happy couple motored to the Railway Station where they took the 7.45 train to Montreal, Boston, New York and other American cities. The wedding presents which were numerous and costly included china, silverware, linen, cut glass and cheques; a beautiful silver service from the officers and crew of the C.G.S. "Arnamore" and a handsome cabinet of sterling silver from the groom's parents were among the many presents received. The Guardian joins in happiest congratulations.

NEWLY WEDS WELCOMED.—On Tuesday evening the young people of Clyde River Baptist Church and a few other friends invaded the home of Mr. and Mrs. Heber MacLean, the latest newly-weds of their number to tender good wishes and congratulations. The evening was spent in merry-making, songs and games being the chief part of the programme until the Master of the Marriage Service, Mr. Heber MacPhail, in a brief but interesting speech called upon Rev. W. R. MacWalker, who on behalf of the gathering, presented to Mr. and Mrs. MacLean a purse and a Morris chair. Both the bride and the bridegroom acknowledged the gifts in pleasing speeches, altho' they might have been pardoned, had they been surprised into silence. Supper was served in good island fashion, happy hearted lasses sparkling with humor and mischief, keeping the party in the spirit of laughter by their pleasantries as they dispensed the good things of the board to minister to epicurean palates. An interesting part of the programme was a brief Gaelic dialogue between the bridegroom's mother and the minister's wife. Before midnight the party broke up. The minister led in prayer and all joined in singing: "Blest be the tie that binds our hearts." The young people are of one mind in declaring Mr. and Mrs. MacLean to be "jolly, good fellows" and they wish them many years of wedded bliss.

NOVEMBER WEDDING.—Among the recent marriages of note in Summerside was the wedding of Miss Mary Moran of Hope River, to Mr. Louis P. Sherry of Summerside. The marriage service being conducted by Rev. Father McCabe in the chapel of St. Mary's Convent on Wednesday morning.

CAR OVERTURNED.—While Mr. Daniel Matheson of Bristol, accompanied by his wife and two more ladies were returning home by motor from Charlottetown on Thursday night last, Mr. Matheson's new Sedan car skidded into a ditch and turned over on its side. Fortunately the occupants of the car escaped unhurt. No serious damage was done to Mr. Matheson's car, except two of his windows broken. Mr. Matheson was meeting a team at the time and upon slowing down his rate of speed his lights became dim and unable to see the road his car skidded into the ditch, this being the cause of the accident. Only for the kind and willing assistance of Mr. Ira Douglas who motored along, Mr. Matheson would have some difficulty in getting his car uprighted and taken out of the ditch.

TEACHERS' STUDY GROUP.—On Monday, October 31, the teachers of Cavendish, New Glasgow, North Rustico, South Rustico and Mayfield Schools met in the school house at Mayfield for the purpose of organizing a Study Group. Mr. Howard Court acted as chairman of the meeting and the following officers were appointed: President, Miss Doris Rodd; Secretary, Miss Gertrude Ackland. An instructive demonstration lesson on "The teaching of arithmetic to Grade VI" was then given by Mr. Court. It was decided that the teachers will prepare a lesson on "teaching arithmetic" for the next meeting on Tuesday, November 22nd at Mayfield School, and meetings will thereafter be held every three weeks.

WELCOMED HOME.—On Friday evening, Nov. 4th, a very pleasant evening was spent at the home of Mr. and Mrs. Daniel Smith, Newton Cross, when a number of their neighbours and friends gathered together to extend a warm welcome back to their old home after an absence of four years in the U. S. A. Mr. Jack McDougall acted as chairman and called upon Mr. Harold McTavish who in a very fitting manner explained the object of the meeting after which Mr. Herbert North presented the groom, Mr. Smith, a well fitted burly man, and Mrs. Smith although taken by surprise thanked all those present for their kindness and generosity. Luncheon was served in Mrs. Smith's best style assisted by some of the ladies present, when all present partook of a very dainty and sumptuous repast. Dancing was then indulged in, music being furnished by John McPherson, Joseph Griffin and Martin Griffin until a late hour when all returned to their homes well pleased and wishing Mr. and Mrs. Smith many years of prosperity in their midst.

The adjourned annual meeting of the Charlottetown Branch of Navy League was held in the Navy League rooms last evening. Mr. J. O. Hyndman, President in the chair, presided. The chairman gave a resume of the proceedings at the previous meeting and asked for suggestions for carrying on the work of the branch more energetically and successfully in the coming year. An interesting discussion took place and several valuable suggestions were made regarding the raising of the necessary funds for the work of the Branch. The election of officers took place with the following result:— Pres.—Mr. J. O. Hyndman 1st Vice Pres.—Mr. G. F. Hutcherson 2nd Vice Pres.—Mr. Chas. Moran Sec. Treas.—Mrs. Gregory Chaplain—Rev. W. Bruce Muir Executive—Messrs S. A. McLeod, G. Filiter, A. E. Morrison, A. W. Hyndman, H. R. Stewart, with power to add to the number. Among those present and taking part in the proceedings was Mr. N. Rattenbury, son of Mrs. John Rattenbury, and grandson of Mr. Nelson Rattenbury, one of the first cadets sent by the Navy League to the Merchant Marine. Mr. Rattenbury, strongly advocated a Sea Cadet Corps stating the training received there was invaluable for boys entering the Marine Service. During the proceedings it was suggested and approved that an endeavor should be made to have a performance of Gilbert and Sullivan's famous light opera "H. M. S. Pinafore" sometime in the month of March and a grand ball on the night of Trafalgar Day in October. Such entertainments it was felt, would do much to popularize the Navy League and help to provide the necessary funds for carrying on the local branch.

BIRTHS
LANNAN—At Montague, Oct. 11, 1927, to Mr. and Mrs. J. A. Lannan, a daughter.

In the service of industry

Milling and Grain

The wonderful development in the milling and grain industry from the crude grist mill of our grandfather's time to the giant flour mill and huge grain elevator of to-day may be attributed largely to the introduction of modern machinery. In the development of such machinery The Canadian Fairbanks-Morse Company has played a prominent part.

Weighing is a highly important operation in the handling of grain, and ever since Thaddeus Fairbanks invented the first scale a century ago this company has pioneered all new developments in scale design. Fairbanks Dump Scales, Hopper Scales and Automatic Bagging Scales have been developed especially for this industry, and our portable platform, wagon and auto truck scales are also widely used.

Fairbanks-Morse engines are also giving satisfactory service to this industry. They are used extensively on the prairies for driving grain elevators, and provide power for flour and feed mills throughout the country.

It is also a part of our service to select for this and all other branches of industry and to stock in our eleven branches those lines of machinery and supplies which will give the greatest satisfaction.
