BOYS' WORK CONFERENCE.-The Provincial Advisory Committee on Boys' Work has just received word that it will be possible to secure Mr. Taylor Statten, of Toronto, National Boys' Work Secretary of the Y.M.C.A., for the second annual Boys' Conference which will be held in Summerside this year. Many will remember the splendid conference which was held in Charlottetown last year and the helpful results following it, all over the province. Delegates are expected from all over the province, representing boys' classes of the Sunday Schools, and it is hoped that this year there will be a much greater attendance by Ministers and Superintendents, as special features will be arranged for them in the programme. The conference will be held in Summerside, on March 26th, 27th and 28th Friday evening to Sunday evening. As there is not much time to lose, and the number of delegates limited, each Sunday School should select at once some of its brightest boys from 15 to 20 years of age, to represent them. Each delegation should have an adult leader in charge. Further particulars will be announced later. Mr. Statten will also spend two or three days in Charlottetown previous to the conference, when it is expected that teachers of boys' classes will meet him.
