

FAIR PLAY WESTERN CAPITAL

An item is being printed in the papers headed "Do Not Misquote Figures," referring to the comparative strength of baking powders and claiming to quote from the Dominion government report, is misleading and incorrect. The figures given as the test of Dearborn's "Perfect" are far from correct and not according to the report. The total carbonic acid has in the samples tested, according to the report of the chief analyst, is as follows:

Dearborn's Perfect.....	13.7
Royal.....	13.4
Imperial.....	10.8

The above figures are correct and are given on page 28, table II, of the In-and Revenue Department report No. 68 and is the only government report which gives a test of Dearborn's "Perfect" baking powder.

Fur Jackets FREE.

We have not advertised Fur Jackets very extensively of late—no need to—the other fellows are doing it for us. No doubt you have noticed all the big ads they are writing, just to convince the public that they can buy the same class of Furs that we do. Well perhaps we should not be too hard on them—if they had the reputation for selling high class Furs which we have, perhaps we would be tempted to do likewise....

But the fact still remains (and this is the weak point in all their arguments) that not one of them can buy a single Bokhara or Astrachan Jackets from James Coristine & Co. As we never make assertions which we cannot prove, we make the following unprecedented offer.

If any other Firm in the City can show you an Astrachan or Bokhara Jacket bought this Season by themselves, from James Coristine & Co., Montreal, we will make you a present of the best Fur Jacket in the Store....

As the weeks go by we will tell you how many Fur Jackets we have given away....

Yours for Furs.
