MADRID, Oct. 9—Spain's six-day red revolt was a dangerous mass of embers tonight, flaring into gunfire here and there over the nation as the Conservative government of Premier Alejandro Lerroux remained in power at the opening of the Cortes.

Former Premier Manuel Azana, one of those sought at Barcelona following the smashing of a separatist revolt Sunday, was arrested tonight. He was found hiding in Barcelona at the home of a Dr. Gubernes, and had taken refuge on a balcony while police were searching the house.

Assassin Breaks Through Police Cordon To Fire Point Blank At King Alexander And Louis Barthou—13 Others Wounded.

MARSEILLES, Oct. 9—King Alexander of Yugoslavia, dictatorial ruler of the land where the Great War flamed 20 years ago, and Foreign Minister Louis Barthou, France's champion of peace, were shot to death by a Yugoslavian assassin five minutes after the King arrived here today.

From all the capitals of Europe came concern that the wanton slaying would unsettle the balance of peace on the continent, although no immediate danger of war was foreseen.

To the Balkan throne in Alexander's stead will come the 11-year-old Crown Prince Peter, but upon a regency, will rest the shaping of policies that may alter the makeup of the western world.

The bullets of the 35-year-old Croatian assassin, political enemy of the King's dictatorship, moved down a policeman, gravely wounded a French general riding in the official automobile with the King and the Foreign Minister, and wounded 12 others before the slayer himself was killed. Five women were among the wounded.

The assassin, a native of Zagreb named Petrus Kalemec, was armed with a repeating pistol of sub-machine gun type, of German make, and a small bomb which he had no chance to use.

He broke through police lines holding back huge crowds cheering the King, whose visit had been hailed as an event calculated to smooth the path of peace, and leaped to the running board of the royal machine.

He sprang across the body of a policeman whom he shot from out of his path. A spray of bullets came from his special gun containing twin rapid-fire charges of 10 bullets each.

In the wild scene General Joseph Georges of the French superior war council was shot in the abdomen. He was pronounced in a grave condition in a Marseilles hospital.

Police Inspector Perrier, five other men, five women and a 14-year-old boy were struck by bullets. Later it was theorized some of the shots came from the weapons of the surprised police.

Two men found near the assassin were arrested but officials of the Ministry of the Interior said they were convinced the assassin acted alone.

Out of the tumult police finally tore the assassin from the clutches of a mob whose cheers had suddenly turned to cries of anguish and fear. On Kalemec's left arm they found tattooed a death's head with the initials of the words "Liberty or death." A Yugoslav journalist declared the design was that of the Macedonian Comandjia, long known as terrorists in the Balkans.

Rescinding the decision to have the City Surveyor do all street work under the unemployment relief programme, and the adoption of an amendment to call tenders for a portion of this work, resulted from a lengthy discussion at last night's monthly meeting of the City Council.

His Worship Mayor Kennedy presided at the meeting, at which there was a full attendance of Councillors and officials.

A communication was read from the Water Commissioners regarding a petition from the trustees of the estate of the late Owen Connolly for connections with the City water system.

Coun. Holman suggested arrangements might be made to have this property included within the city limits, and that this matter should be discussed by a committee of the Council with the trustees of the estate. It would be of mutual advantage if this could be arranged, he urged.

Coun. McDougall said he understood the trustees are desirous of doing this. He agreed with Coun. Holman that they should be asked to come in now.

Coun. Turner expressed approval of the suggestion.

Couns. Reardon and Hennessey thought the providing of water facilities at the rate charged outside the city limits was a good business proposition from the city's standpoint.

Coun. Rattray supported Coun. Holman's suggestion that this was the opportune time to endeavor to enlarge the city by the inclusion of outlying sections using city water facilities.

His Worship also voiced his approval. He named the following committee to make a general check-up on the situation: Couns. Rattray, MacDougall and Hennessey.

Tax Collections Increased
Coun. Holman, as chairman of the Finance Committee, read the following comparative statement of receipts to September 30th, 1934:

Taxes of 1933 and previous years	\$34,881.50
Taxes of 1934	78,597.04
Miscellaneous amounts	11,115.41
Total	124,593.95

He contrasted this statement with receipts to September 30, 1933:

Taxes of 1932 and previous years	\$21,182.69
Taxes of 1933	64,922.11
Miscellaneous amounts	12,480.57
Total	98,585.37

This meant an increase of \$26,008.58 receipts as of Sept. 30, 1934 over the same period last year. The collections however were not yet fully satisfactory and it was hoped to see an improvement before the end of the year.

LOAN NEARS OBJECTIVE

Ottawa, Oct. 9—A subscription of \$75,000 from the Bathurst Power and Paper Co., Bathurst, N. B., was included in the list tonight of organizations taking portions of the \$250,000 Dominion Refunding Loan.

Subscriptions had reached \$230,000 and Finance Minister E. N. Rhodes declared "I have no doubt whatever that the loan will be substantially over-subscribed. We are already within sight of our objective."

A large proportion of today's applications were from holders of Victory Bonds in amounts of \$1,000 or less. "This is most satisfactory," said Mr. Rhodes, "because it is government policy to have the new bonds held by as many citizens as possible."

With the loan now an assured success the Minister stated that no further totals would be announced until the books have been closed.

DETROIT, Oct. 9—(A.P.)—The world's champion St. Louis Cardinals will receive \$5,941.19 each as their share of the world series receipts while each of the vanquished Detroit Tigers will get \$4,312.50.

A sudden flow of capital from the continent to London sent the pound sterling up sharply. After touching \$4.86 1-4 in New York, the lowest in months, it rose to \$4.92 3-4, up 1 7-8 cents over yesterday's final rate.

Yugoslavian bonds broke sharply. Some of the eight percent issues of the kingdom of the Serbs, Croats and Slovenes, on which interest is in default, dropped as much as \$40 to close to \$180 per bond of \$1,000 par value, some of the French and Italian issues also declined substantially.

Although the assassination of Archduke Francis Ferdinand at Sarajevo Francis Ferdinand at Sarajevo financial community kept its poise. This was in contrast to the severe state of jitter which developed on

WRITES FRIEND OF EXPERIENCE IN WOODS

In a letter to a friend in Summerside, Austin MacFinnis eighteen year old son of Serg. William MacFinnis of Charlottetown tells of his terrible experience while wandering about in the woods for four days without food.

Although bewildered and exhausted when he came out of the woods, MacFinnis is now quite well again and back at work.

The following are extracts from his letter to his Summerside friend.

"I got out of the woods Tuesday morning at 8.30 and was sure glad to be back to camp again with the boys. Over 200 men were looking for me since Friday night but they couldn't find me. I was up about fifty miles from them. They were firing rifles, building fires and using search lights. The R. C. M. P. had the aeroplane up but I didn't see it or they couldn't see me."

"I went in alone and that's just the way I came out.

"I had nothing to eat for four days and nights but little moose berries. I nearly froze to death the last night I was there. It rained all night Saturday and Sunday night. I didn't lay down anytime. I was too scared to. The boss said he never expected to see me alive again. 'Liberty or death.' I'm still going strong. I had only three matches when I got lost. Some people said they saw me and hollered at me but it wasn't them they saw at all. They said I ran away as if I were crazy. The people in Juniper got an awful surprise when they saw me coming down the road with my axe on my shoulder. I was in the woods 94 hours and never stopped walking. I was awfully cold with no heavy clothes on. I only felt hungry the first day, after that I did not mind so much about food. Just ate berries. I broke my axe handle at noon on Friday and got lost on the way back to camp."

Rebels Plan Attacks
Military authorities were preparing against reports of rebel plans to attack again tonight in several parts of the country simultaneously, especially in Andalusia.

The rebels' committee of strategy in Madrid, interviewed by the Associated Press in the utmost secrecy behind locked doors, indicated a trump card still remained to be played.

A revolutionary leader said a nationwide "desperate offence" was planned at a given signal "that will launch our entire forces on the streets in one attack upon government offices, banks and other strategic centres necessary to our cause."

Wall Street Receives News Of Assassinations Quietly

(A.P. By Guardian's Special Wire)
NEW YORK, Oct. 9—Selling of European bonds in the New York Stock Exchange, and a sharp rise in the pound sterling, constituted the most striking response in Wall Street to news of the assassination of King Alexander of Yugoslavia.

Independence Of Puerto Rico Is Forecast By Author

MONTREAL, Oct. 9—Within 10 years and possibly five, Puerto Rico will be free of the dominance of the United States, declared J. Ensmorra Guesca, of San Juan, author of Puerto Rican historical volumes, former United States customs official and a leader in the Nationalist Party which is urging complete independence, who is in Montreal today after a business trip through the Maritime Provinces.

Speedy Work On Roads

The two miles of concrete pavement from Borden outward was completed at ten o'clock yesterday morning. The work has taken just 21 days, having been commenced on September 11th. The contractors are the Warren Paving Co., represented by the Maritime Superintendent, Mr. J. Kerr. The Company expect to start on the black base tomorrow—a three mile stretch from the concrete pavement to Seven Mile Bay road. It is hoped to have this work completed by November 10.

The Warren Paving Company is not only a national organization, but an important local one as well, as they are developing a great local industry in the gravel pits at Compuway and Portage. At these two plants they employ an output of 12 cars per day. This gravel produced by the Warren Co. is of a quality second to none. It is the Warren Company also that laid the streets of Charlottetown and Summerside last year, and their work speaks for itself.
