MARITIME INDUSTRIES SHOW LARGE GROWTH IN PAST FEW YEARS

UNEMPLOYMENT WILL REACH TWENTY MILLION

Labor Expert Gives Figures Covering Various Countries of The World.

(Special to the Guardian)
GENEVA, Switzerland, Sept. 18.—Unemployment throughout the world during the coming winter will reach upward of 20,000,000, said Albert Thomas, labor expert and for ten years director of the International Labor Office at Geneva, in an exclusive interview today.
Mr. Thomas figures on 3,000,000 out of work in England, 5,000,000 in Germany, 7,000,000 in the United States and the rest scattered with France and the Soviet Union hitherto comparatively untouched by the unemployment crisis reaching about 1,000,000 each. "One of the worst factors in the situation is that the seasonal improvement which usually occurs in the summer has not this year taken place and the winter may be even worse than we anticipate," said Mr. Thomas.

GROUNDED

(Canadian Press Cable)
GRAYS, Essex, Eng. Sept. 18.—The Canadian Pacific S. S. cargo vessel Beaverford, bound from Tilbury to Montreal, grounded broadside on a mud bank off this point during fog tonight. Tugs were immediately summoned to give assistance in refloating the boat, but it was not expected she would be lifted before the morning's high tide.

C. P. R. PUBLICATION NOTES STEADY EXPANSION OF MARITIME INDUSTRIES "WITH EXCEPTIONAL ACTIVITY IN LAST TWO YEARS."

MONTREAL, Sept. 18.—Remarkable industrial expansion in the Maritime Provinces since 1924, "with exceptional activity in the last two years," is indicated in an article appearing in the current number of "Agricultural and Industrial Progress in Canada," the monthly review published by the Canadian Pacific Railway Company. The article follows:
"The industrial development of the Maritime Provinces has been proceeding with exceptional activity in the last two years. The report on the manufactures of these three provinces for 1929, which has just been issued, shows that in that year there was a rise of over 12 percent in the value of their out-

put. In the five years ended with 1929 the increase was over 25 percent.

MARKED CHANGE

In the five-year period a change has taken place in the manufacturing positions of the three provinces. In 1924 New Brunswick led, in 1929 that position was held by Nova Scotia. The increase in Nova Scotia during the quinquennium was over 30 percent. In Prince Edward it was approximately 25 percent, while in New Brunswick the advance was in the neighborhood of 69 percent.

Potato Market Prospects In South America

Canadian Trade Commissioner For Panama Gives Valuable Information Regarding Potato Market In Central And South America.

Mr. J. A. Strong, Canadian Trade Commissioner at Panama City, Republic of Panama, arrived in Charlottetown last night to interview the officials of the Potato Growers Association in connection with a proposal for direct shipment of Island table stock potatoes this season to Panama. Hitherto Island potatoes have been shipped via New York to Central and South America.
"Panama imports \$200,000 worth of potatoes each year," Mr. Strong said. This demand is supplied mainly by United States, Holland and Ecuador.
Mr. Strong stated "that the market for importing potatoes in Colombia is practically confined to the coast cities of Bananquilla and Cartagena, where tropical conditions prevail and where their production is limited. Potatoes were grown in the area surrounding Bogota, Colombia, and to a lesser extent in the Cali and Medellin districts. "Potato imports to Colombia

Y's Men Conclude Best Convention In Club's History

Mr. Neil D. McLean, Charlottetown, Is New District Governor. Dinner Last Evening Concludes Convention.

The 3rd annual District Convention of the Maritime Y's Men's Clubs was concluded at the Canadian National Hotel last evening and was voted to be one of the most entertaining and inspiring ever held in the Association's history.
Yesterday morning and afternoon sessions were strenuous ones, being devoted to routine business and the reception of the various committee reports.
Yesterday's session opened in the Y. M. C. A. at 9 o'clock by devotional exercises by Rev. Dr. Pringle, Sydney, C. B., District Governor. W. Bishop of Sydney, presiding.
The Presidents of the different clubs in the district presented their reports.
Discussions were led as follows:—Program and attendance—Regional Director, Earl Lyman, International Director, George McDonald, Sydney.
Finance—E. C. Clawson, City.
Boy's Work—Harris Joyce, Moncton.
Educational Programme—Earl Lyman.
After a short recess, spent by a number of the delegates in the bowling alley, the session was resumed, ordinary business being discussed.
The nominating committee brought in their report, naming Neil D. McLean, District Governor. In the afternoon a meeting was held in Y. M. C. A. building followed by an entertainment and auto drive by Host Club.
In the evening the Y's Men held their Annual Banquet at Canadian

Cheap But Wasteful

(British United Press)

LONDON, Sept. 18.—London's floodlight illuminations failed to make any impression on Mahatma Gandhi. Pausing tonight in front of Buckingham Palace, which was turned into a fairy castle by dozens of brilliant searchlights, Mr. Gandhi said: "What an extravagance for a Government that is trying to balance its Budget!" In India the Mahatma reads and works by the light of a candle. It was explained to him that the brilliant lights in London have been provided by the World Illumination Congress, now in session here, and that they cost the Government nothing. "I don't care," he said. "It's a ruinous extravagance just the same."

SEASON FOR GAME BIRDS IS REDUCED

New Regulations in Effect Cover Maritime Provinces.

OTTAWA, Sept. 18.—Several provinces have agreed with the Dominion to reduce the hunting seasons and the bag limits in drastic fashion to conserve migratory bird life, already seriously endangered. The most drastic cut is in the West. A closed season is brought into force on wood duck until January 31, 1932, and a closed season on elder ducks until the same date except that in Nova Scotia, New Brunswick, Prince Edward Island, Yukon Territory, and Northwest Territories and that part of Ontario lying north of the Quebec, Cochrane, Winnipeg line of the

Unable To Find Work, Confesses To Theft Charge

(Canadian Press)

TRURO, N. S., Sept. 18.—Declaring that he was unable to find a job and that he was tired of beating his way about the country, Henry Bastarache of Moncton pleaded guilty this morning to a charge of breaking into a store here in April and asked for a term in penitentiary. Magistrate Putnam obliged by sentencing him to serve two years at Dorchester.
Bastarache confessed that he had broken into a store in Antigonish County and asked that he be tried so he would be a free man when released from Penitentiary. The Magistrate said it was unlikely the second charge would be pressed in view of the two year sentence.

Offers Support In Breaking Coal Strike

(Canadian Press)

CALGARY, Alta., Sept. 18.—Several centres in Western Canada have offered their support in "breaking" the coal miner's strike at Estevan, Sask., according to a statement made today by Lewis MacDonald, President of the Canadian Defenders. Mr. MacDonald recently announced that his organization planned recruiting 600 men to be sent to Estevan to end the strike caused when the miners quit work in protest against working conditions and wages. Mr. MacDonald stated that Drumheller and Regina had offered their support to his scheme. Other centres also had come forward.

CANADIAN DELEGATE COMPLAINS

"Equal Rights For All Nations And Privileges For None" Declares Dr. Riddell In Referring To L. of N. Policy of Favoring European Grain Producing Countries.

(Canadian Press Cable)

GENEVA, Sept. 18.—"Hot stuff from Canada," was the jocular but approving comment in League circles today after Dr. W. A. Riddell, Canadian representative lodged a strong complaint against the tendency of the League to differentiate in treatment between European and non-European grain producing countries. The policy of favoring European grain producing countries, with which Dr. Riddell charged the League, undermined the League's principal of Universality which had been so eloquently preached by Aristide Briand, said Dr. Riddell. He thought the League's aim should be to bring about commercial peace as well as political peace, and its motto should be "equal rights for all nations and privileges for none."

FIENDISH ACT OF UNKNOWN ASSAILANT

(Canadian Press)

NEWARK, N. J., Sept. 18.—Terrified residents of the hamlet of East Palmyra today called on District Attorney Charles E. Brasser and informed him of an attempt by an unknown assailant to burn alive Mrs. Henry Koert, 32, wife of the Pastor of the East Palmyra reformed church. State police also were notified and Sgt. Fred N. Sponable of the sub-station here began an investigation.
Mrs. Koert was attacked last Tuesday, police were informed, by a man who called at her back door. She was knocked down, dragged in an outer cellar-way and thrown down the steps. Burning newspapers, according to the report of Sgt. Sponable, were tossed after her. Neighbors found her a short time later, her face and body badly bruised and burned and her hair singed. Her condition was reported fair.

Initial Shipment Of Prairie Wheat From Churchill

(Canadian Press)

CHURCHILL, Man., Sept. 18.—To the accompaniment of shrill blasts from its siren and cheers from those assembled along the harbor front, the sturdy steamer Farnworth slipped anchor at 10.30 a. m. this morning and moved out of Hudson Bay carrying the initial shipment of prairie wheat for overseas ports.

Petition In Bankruptcy

(Canadian Press)

MONTREAL, Que., Sept. 18.—A petition in bankruptcy has been filed by a group of customers against the stock brokerage firm of C. B. Grier and Co, members of the Montreal Stock Exchange and the Montreal Curb Market. The firms trading privileges on both exchanges were suspended this morning. It was understood that the Company would contest the petition and the matter was expected to come up for hearing in about two weeks.

Test Shipments Of Seed Potatoes Go To Cyprus & Africa

New Outlets For Island's Certified Seed Being Sought Constantly By Local Growers Association.

The Prince Edward Island Potato Growers Association made its first small shipment of seed last week, when in co-operation with the Dominion Fruit Branch and Certified Seed Inspection Service 60 bushels of certified Cobblers were sent to South Africa. These were put up under Mr. Peppin's supervision.
In the same way a small shipment goes forward today to Cyprus. There is a demand in these countries, states Mr. J. W. Boulter, secretary of the Association for certified seed potatoes, most of which are now obtained from Ireland and European countries. The Association hopes to have the same satisfactory results from the present shipments as it had in introducing

OUTLAW RADIO STATION IS UNCOVERED

Was Located In Mid-Manhattan And Has Been Under Federal And Police Investigation For Past Six Months.

(Canadian Press)

NEW YORK, N. Y., Sept. 18.—The operation of an outlaw radio station communicating daily with Russia in code, has been under federal and police investigation for six months, it was learned today. Police said the station was located in mid-Manhattan, but moved when authorities learned its location. It was permitted to continue operation in its new place, the code messages being copied and, it is understood, decoded.
The same high police authority which revealed the existence of this station said he had heard nothing of another outlaw station reported to be directing, under alien auspices the operations of a narcotics ring.

Appointment Of Royal Commission Appears Probable

To Investigate The Railway Situation In Canada—Heads Of Two Systems Will Be Members—Amalgamation Not Likely From Present Indications.

(Canadian Press)

OTTAWA, Sept. 18.—Appointment of a Royal Commission, possibly with Sir Henry Thornton, chairman of the Canadian National Railways, and E. W. Beatty, President of the Canadian Pacific Railways, as members, to investigate the railway situation in Canada appears probable. At the moment, it is learned, the matter is under consideration and an early announcement would not be surprising.
Amalgamation of the two systems does not appear likely from present indications. The attitude towards railway conditions, it is understood, is rather towards elimination of duplication, co-operative effort between the systems in the solution of railway problems and other steps along the lines of economy as affecting the railways.

Police On The Job, But No Bank Bandits

(Canadian Press)

HALIFAX, Sept. 18.—Echoes of the bold daylight robbery a few weeks ago, when two bandits entered a west end branch of the Royal Bank of Canada, tapped the manager on the head, locked the staff in the vault and escaped with about \$10,000 in cash, were heard tonight when a squad of armed police rushed up to the same branch and entered. A crowd soon gathered, keyed up with excitement because of the fact that the bold robbers were still at large.
A telephone receiver left dangling from the wall and an alert "hello girl" caused the excitement. The girl had telephoned the police that a receiver was down in the bank and she could hear someone talking. The sleuths found a member of the staff going about his business with no thought of bandits or guns.

Watch The 50's!

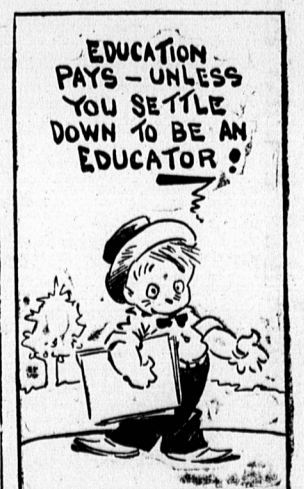

MONTREAL, Sept. 18.—Mexican 50-peso bills, the same size, color and shape of Canadian money, but worth only \$15, are being circulated in Montreal, according to a warning issued by the Provincial Police today. The warning stated that attempts were being made to pass these bills as worth \$50 each.

Majority Of 64 On Dole Proposals

(Canadian Press)

LONDON, Sept. 18.—The National Government received a majority of 64 votes in the House of Commons this afternoon on its proposals to reform the "dole." The vote was on the financial resolutions which necessarily precede the bill, cutting unemployment benefits by about ten percent, and calling for increased contributions to the fund by workers, employers and the State. The bill itself will be considered on Monday.
