Toronto Exchange

TORONTO, Jan. 21—(CP)—The gold stocks registered a modest rally in the final hour today on the Toronto exchange on the prospect of an early settlement of the Kirkland Lake strike of miners. The base metal and the industrial stocks finished the session a little more than a half-point down in the index and the western oils ended the day practically unchanged. Volume was again light at 121,000 shares.

The selling was fairly active in the big oils and International Petroleum sold at 12, its lowest price since 1933. The close at 12 1-8 was down 3-8. Imperial Oil weakened 1-8 to 8 3-4 and British American remained steady at 17. Food and utility stocks were inclined to trail the oils.

Dome led the upturn in the golds with a gain of 3-4 to 16 3-4 and small gains appeared for Little Long Lac, Hard Rock, Inspiration, Macassa and Sylvanite.

Two senior base metals, Nickel and Hudson Bay, weakened 5-8 to 3-4 and in the cheaper list minor losses were netted by Steep Rock, Waite-Amulet and Pend Oreille.

Changes were narrow in the western oils. British-Dominion firmed a cent to 22 and Vermilata and McDougall-Segur were down small fractions. Homestead Oil and Gas was sold at 4 cents, unchanged and Texas-Canadian at 1.21 was down 9 cents.

Finance

By Bernard S. O'Han
Associated Press Financial Writer

NEW YORK, Jan. 21—(AP)—Stocks suffered a fairly wide retreat today as rails surrendered the leadership they had given the market in the two preceding sessions.

The volume for the five-hour stretch came to only 583,850 shares. This compared with Wednesday's small total of 487,300 shares.

The Associated Press 60-stock average recorded a drop of .5 to 37.3.

Canadian stocks were easy. McIntyre Mines lost 3-4, International Nickel 3-8, Distillers Seagram common 1-2, Canadian Pacific and Lake Shore 1-8, Distillers Seagram pfd shares advanced two points to 76 and Dome Mines and Imperial Oil each gained 5-8.

The chemical stocks were a depressed bloc.

Down 2 points or so were Westinghouse Allied Chemical, Eastman Kodak and J. C. Penney. The last named and DuPont dipped to new lows for the last year. Also closing lower were U.S. Steel, Chrysler, Standard Oil (NJ), Douglas, Santa Fe, Southern Railway and Great Northern pfd.

Patino Mines, Bolivian tin producer, was firm throughout with a final gain of around a point.

MONTREAL EXCHANGE

MONTREAL, Jan. 21—(CP)—The stock market displayed a fairly firm front today, with changes narrow and irregular and a number of leaders holding at previous levels.

Industrials attracted most trading attention, stronger being Asbestos, Building Products, Price Brothers and St. Lawrence Corporation, Foundation, Canadian Car and Canada Cement preferred drifted back fractions.

Utilities were uncertain, Saguenay preferred giving ground and Montreal Power being behind most of the session. C.P.R., lost an early gain in carriers.

Noranda was a firmer spot in metals and Consolidated Smelters was ahead at one time. International Nickel was in arrears. Both Imperial and International Petroleum slipped in oils.

Distillers - Seagram preferred amplified Tuesday's gains in miscellaneous but the common was easier along with National Breweries.

Total sales: 10,100 shares; Industrials, 8,800; Mines, 1,300.

PETER PETREL

The stormy petrel gets its name from "walking" on calm water (with the aid of flapping wings) like St. Peter; on land it cannot stand.

Currencies

NEW YORK, Jan. 21—(CP)—Major foreign currencies including the pound Sterling and the Canadian dollar closed unchanged in relation to the United States dollar in today's foreign exchange dealings. The Canadian unit was quoted at a discount of 11 5-8 per cent and Sterling at $4.04. (Ottawa Foreign Exchange Control Board rate 9.09—9.91 per cent discount.)

U. S. Pilot Officer Magee Makes Supreme Sacrifice

Pilot Officer John Gillespie Magee, Jr., an American citizen born of missionary parents in Shanghai and educated at Britain's famed Rugby School, was killed on active service in Britain last December 11th. He was 19 years old and had the cause of freedom in his heart.

Pilot Officer Magee had poetry in his heart too, and, in the form of a sonnet, he left a message to youth which his parents consider may be a greater thing than anything he had done in the way of fighting.

The sonnet was composed last September as the exultant freedom of soaring 30,000 feet over the earth made a word-pattern in his mind. These words were scribbled on the back of a letter after he had returned to earth,—

HIGH FLIGHT

Oh! I have slipped the surly bonds of earth
And danced the skies on laughter-silvered wings;
Sunward I've climbed, and joined the tumbling mirth
of Sun-split clouds—and done a hundred things
You have not dreamed of—wheeled and soared and swung
High in the sunlit silence. Hov'ring there
I've chased the shouting wind along, and flung
My eager craft through footless halls of air.

Up, up the long, delirious, burning blue
I've topped the wind-swept heights with easy grace
Where never lark, nor even eagle flew—
And, while with silent lifting mind I've trod
The high, untrespassed sanctity of space,
Put out my hand and touched the face of God.

Pilot Officer Magee sent the sonnet, scribbled on the back of the letter to his parents, Reverend and Mrs. John G. Magee who now live in Washington. Mr. Magee is assistant minister at St. John's Church, Lafayette Square. The Library of Congress, learning of the poem, has requested the original manuscript for inclusion in a collection called "Poems of Faith and Freedom" which includes works of Burns, Clough, Longfellow, Walt Whitman and Shelley.

After learning of his son's death Mr. Magee wrote to the R.C.A.F.—"When my wife and I saw how deeply he felt about the situation in September, 1940, we gave our consent and blessing to him as he left us to enter the R.C.A.F.. We felt as deeply as he did and we were proud of his determination and spirit. We knew that such news as did come might come. When his sonnet reached us we felt then that it had a message for American youth but did not know how to get it before them. Now his death has emblazoned it across the entire country. We are thinking that this may have been a greater contribution than anything he may have done in the way of fighting, for surely our American youth must enter this conflict in the high spirit of idealism and faith....."May we thank the R.C.A.F. for all the training and help you have given to our boy. We saw a tremendous change in him when he returned to us from his training, a change that was all for the good. We do not regret that we gave our consent to his going and will be forever proud of him."

Pilot Officer Magee lived in Shanghai for nine years and then was sent to England for his education. After Rugby he came to the United States for the first time in the summer of 1939 and there won a scholarship which would send him to Yale. He was entered at Yale in September, 1940, when, having attained his eighteenth year, he felt he must fight.

He enlisted in Montreal early in October and, on completion of his training at No. 2 Service Flying Training School at Uplands, near Ottawa, he was commissioned from the ranks in June, 1941, and proceeded overseas shortly afterward.

Photographer Is survivor In torpedoing

(Another Associated Press man—this time one who covers the war with a camera—has been the victim of an axis submarine attack. This time it is Frank Noel, 37, veteran photographer who has been covering the Singapore front, who writes a first-hand story of a torpedoing off Sumatra.)

PEDANG, Sumatra, Netherlands East Indies, Jan. 20—(AP) — Suffering from thirst and the blistering of a tropical sun, 28 of us out of a ship's company of 77 arrived here today after a Japanese submarine sank our India-bound ship and spilled us into the sea five days ago.

Our ship apparently was the first victim of Japanese submarines operating in the Indian Ocean. It was attacked by torpedo and gunfire about midnight Jan. 14 some 270 miles off the west coast of this Indies island.

The shelling finished off an attack begun when a torpedo scored a direct hit on the vessel's engine room, killing five and injuring four of the crew.

Although I suffered leg injuries I got over the side in a lifeboat with some of my photographic equipment—most of it, and all my personal belongings are at the bottom of the sea.

Two of the four life boats reached shore in the Batoe Island group, off the Sumatran coast north of here, yesterday. The other boats have not been sighted yet, but they are believed to be in the Siberut Island area off the coast.

For the first two days all four boats remained within hailing distance of each other, then high winds and a rough sea separated them. The sun broiled us and we suffered from thirst since the lifeboat's casks were smashed. Natives of a small island supplied us with water, however.

Stoker James Oliver Poulton, 23-year-old son of Mr. and Mrs. James Poulton of Charlottetown. He has been serving with the Canadian Navy for eight months. He enlisted with the R.C.N.V.R.. at. Charlottetown.
