W. C. T. U. NOTES
REMEMBRANCE
They do not sleep—
Our noble dead,
Nor vigil keep
Where poppies red
Bend low on Flanders Field.
They are awake:
Clear-eyed they ask
That we should take
With them the task
And price of Flanders Field.
They died for Peace!
Dare we do less
Than live for Peace?
And righteousness—
Remembering Flanders Field?

LIQUOR AND THE HOME
A family can spend its income only once. The part spent for liquor cannot be spent for things more needed.
During the years of National Prohibition, in the United States, the public school attendance increased these hundred thousand per year. Since repeal our expenditure of three billion dollars per year for booze does not leave enough to buy shoes and clothes to send the children to school.
College attendance for men showed an increase of 12 per cent per year for fourteen years—for women an increase about the same. Repeal brought a decrease of 8 per cent for men and 6 per cent for women.
During the fifteen years of prohibition there was a steady and substantial increase in milk consumption, 17 per cent in the last ten years of prohibition. Since repeal there has been a steady and substantial decrease, the production of a million cows. Already we have lost one-fourth of the increase of fifteen years. The expenditure of three billion dollars per year for booze has not left enough for milk.
According to reliable statistics the present per capita consumption of milk in the United States is 1.5 quarts per family of five. The minimum quantity for each such family should be 2.5 quarts. In other words, the present milk consumption is 40 per cent under the minimum for health safety. The quantity recommended as ideal for a fully adequate diet is 4 quarts per family of five. By that standard the present consumption is 64 per cent below requirement.
Nothing is more destructive of spiritual values than strong drink, no greater enemy of the happiness of the home is to be found. Therefore every home should refuse to tolerate even the social glass in so-called moderation!

DR. HARRY EMERSON FOSDICK ON REPEAL AND ALCOHOLISM
Arkansas Methodist
I am taking it for granted also that every man with eyes in his head must see that the repeal of prohibition did not solve our problem. It simply threw us back to the status quo ante, plunged us once more into the intolerable situation which our fathers faced two generations ago when they rose up in indignation against the liquor traffic. Once more we face that traffic, everywhere anti-social, not to say criminal, in its consequences. We are in a worse state by far, and this present, loose, tipsy, cocktail-party generation cannot be the last word in the story of alcoholism. As sure as history repeats itself, the revolt is due, a change of public attitude born out of disgust with and fear of the intolerable state we now are in.

THE VERDICT ON THE CIGARETTE SMOKER
1. The Police: "A criminal who does not smoke would be a curiosity."
2. The Judge: "Juvenile delinquency is largely the result of cigarette smoking."
3. The Physician: "The tobacco heart fails to resist disease." "Cigarette smoking causes the heart to beat five times per minute more than it should, or three hundred extra times in an hour."
4. The Surgeon: "A cigarette smoker? He doubtless will not survive the operation."
5. The Insurance Man: "Smoking applicants not desirable subjects, an easy prey to disease and death."
6. The Athletic Coach: "Hopelessly outclassed... he will fall in baseball, football or basketball."
TRAVELLERS' AID TORONTO
The Annual Meeting of the Travellers' Aid of Toronto, was held in the Y. W. C. A., with a goodly number in attendance. Mrs. J. H. Wickson, president, emphasizing the importance of using all resources, both personal and national to his glory.
Miss Lottie Harris, on behalf of the three W. C. T. U. and the one Y. W. C. A. Travellers' Aid representatives, read the annual report. She stated that this work is of a foreign and home mission type. It is a children's aid, a patriotic endeavour, and an international service. She cited several cases where the Travellers' Aid had helped new Canadians, soldiers' wives and families, war guests, elderly ladies and young children travelling alone. Assistance had been rendered to 2843 persons who had hailed from British Columbia to Prince Edward Island, and south to Texas and Cuba, as well as from across the sea.

IDENTIFICATION MARKS
(By Rev. F. S. Crossman)
It is customary when searching for a fugitive or an unknown person to ascertain what clothes that person was wearing when last seen, or what scars or physical peculiarities distinguish him from others. Contrast this method with that of a certain wealthy Englishman who was sending his coachman to the railway station to meet Sir Bartle Frere, a great English statesman. When asked by the servant how he would recognize Sir Bartle, he replied, "Look for a tall gentleman who is helping someone. That will be he."
That which really distinguishes a man is not the cut of his clothes or the proportion of his figure, but the emanations from within. The ass in lion's clothing was be-

Prince Street School Honor Roll
HONOR ROLL
Dr. Tra J. Yeo, Chairman of the City School Board, presided at the closing exercises held yesterday at Prince Street School. Parents and friends of the pupils crowded all available space to enjoy the varied musical numbers and witness the presentation of awards. Chorus and descants were beautifully rendered and indicated the careful and capable instruction given by Miss Lillian MacKenzie.
The Junior Closing was held on Thursday and here, too, the program was full of interest and pleasingly presented. The Principal, Mr. Hines presided and the music was under the direction of Miss MacKenzie.
A large number of special prizes was made possible by donation for the purpose of many of our prominent citizens. It is remarkable that in these times of heavy financial strain, so many find the means to encourage and reward educational effort. The teachers appreciate the interest thus shown and thank sincerely the following contributors:

W. M. S. Rally At Cornwall
On Wednesday, June 26th, a district missionary rally was held in the United Church at Cornwall, twelve auxiliaries being represented. The afternoon session opened with a devotional service conducted by the York, Marfield-Dunstafford auxillaries.
Mrs. Woodside then took the chair for the business session. Mrs. H. Hyde, Cornwall, in a short address, cordially welcomed the delegates. Mrs. A. Bowman, Wiltshire, responded.
The Resolution Committee was then appointed—Mrs. J. Pichard, Mrs. L. Murray and Mrs. E. Hearty.
Mrs. N. M. Rattee, President of the Yarmouth Presbyterian, formerly a missionary in British Guiana, also Branch Representative to the Dominion Board, was introduced and expressed pleasure at being present.
It was regretted that Mrs. A. J. Matheson, President of the P. E. I. Presbyterian, was unable to be present.
Short reports were given from the different departments, showing that good work is being accomplished. Mrs. Hazen Howard gave a very fine report of the Conference Branch, recently held in Sackville, N. B.
Mrs. Rattee conducted the question-box and many interesting questions were answered. The meeting closed with a quiet half hour led by Mrs. Rattee and the benediction by Rev. Mr. Woodside.
At supper time the delegates were taken to the beautiful "Beachwood" gardens, home of Mrs. Gordon MacMillan, where a bountiful meal was thoroughly enjoyed.
At the evening meeting the devotional service was conducted by the Trinity Auxillary, Charlottetown. All enjoyed a solo by Mr. Walter Shaw, St. Catharines.
Mrs. N. M. Rattee, the guest speaker, gave an instructive survey of missionary work being carried on in Canada and in the foreign countries.
The Resolution Committee brought in the following resolutions:
"Whereas the Government of the Dominion is asking the mothers of Canada to give their sons to their country;
And whereas the Cornwall District Rally of the Woman's Missionary Society of the United Church of Canada, believes that the Mothers of Canada have the right to ask in return that the Government protect their sons from the tremendous evil of strong drink, remembering the havoc wrought in the last Great War;
And whereas we are asked to give, save and lend to help in Canada's war effort;
And whereas we firmly believe that our war effort is being curtailed and seriously handicapped by the consumption of liquor;
Therefore, be it resolved that we endorse any movement seeking total abstinence and that we heartily approve and support the action taken by the Canadian Temperance Federation in the Campaign against the use of intoxicants as an economic war measure;
