THE WEATHER IN NEW BRUNSWICK

MONCTON, Oct. 6.—We are having Indian Summer weather in earnest. Yesterday was almost like a day in August; certainly it would have answered very well for early September. The sun was very powerful and butterflies were flitting about in the gardens. One citizen says he saw a gay and festive mosquito, but as yet there is no record of humming birds. But while the weather is so pleasant for the people in town those in the country are crying for rain. Water is scarce, the pastures have dried up and the farmers cannot get their fall plowing done. On top of a poor crop the situation in this immediate vicinity is rather discouraging.

CAMBRA—Specially suited to four-in-hand or bow. Most such shapes run in and patiences to get it right—with this one it slips easily into place.

200 each, 3 for 50c

W.S.P. LINEN Collars

Comes in three heights—1 1/2, 1 1/4, and 1 1/8 inches at back. Made of IRISH linen—can you think of a fabric you'd rather have your collars made of? Doubly sewn to make it fray-proof.
