Sackville Determined to Have Stockyards

SACKVILLE, June 24.—Sackville people are thoroughly aroused over the question of a site for the proposed Maritime Stock Yards. The citizens feel that Sackville's claims are paramount and must not be overlooked by the Federal authorities. Being pre-eminently an agricultural and live stock centre, the geographical centre of the Maritime Provinces, the junction of the car ferry branch with the main line of the C.N.R., Sackville is undoubtedly the proper site for the Stock Yards, being convenient of access to Prince Edward Island, New Brunswick and Nova Scotia. So convinced are Sackville people that Sackville is the proper site that they propose to build stock yards here whether Federal aid is given or not. At a meeting held Monday night about \$25,000 was subscribed and \$50,000 is easily in sight. Sackville's biggest men are squarely behind the undertaking and they are prepared to stand by the enterprise to the limit.

GERMAN OFFICER SHOT HIS MEN

BECAUSE THEY OBEYED BRITISH ORDER TO RETURN TO SHIPS

ADMIRAL'S TREACHERY

(Special to The Guardian) THURSO, June 24.—German sailors were shot by their own officers when they attempted to obey the commands of Lieut. Nattall to close their ships and shut the sea-cocks. The statement was made by Lieut. Nattall of the steamer Alouette which reached here today from Scapa Flow, where the German ships were sunk. "I pulled alongside a German destroyer when I saw the ship begin to settle," said Lieut. Nattall, "and ordered the Germans back to close the sea-cocks. Four or five of them turned back, whereupon the German officers shot three of them dead. We then opened fire on the officers, and several of them dropped. Others among the Germans then returned and closed the sea-cocks. The Germans were also driven back to four or five other destroyers. They closed the sea-cocks in time to keep the vessels afloat. Lieut. Nattall reports that the Emden has been pumped out and is now afloat. The Baden crew were forced back to that vessel and compelled to shut the sea-cocks. "Directly the first red flag and German ensign were hoisted on the first battleship," he added, "the German admiral put off in a motor boat post haste to the British air station wharf. He stated that the ships were sinking and requested assistance for the crews. The admiral was arrested. Naval men believe that the trip was a ruse to lead to the belief that the crews were taking charge of the ships. This, however, was not substantiated by what actually happened.

Another Italian Delegation to Paris

(Special to The Guardian) PARNIS, June 24.—The Italian delegation said today that it had been informed that a new delegation to the Peace Conference will arrive in Paris Friday. It will consist of Foreign Minister Tittoni, Senator Guglielmo Marconi, and Senator Vittorio Scialoja. It is not known if others would be added to the delegate but it is believed that Signors Crespi and Ferras who are in Paris will complete the mission.

LABOR NEWSPAPER OUT OF BUSINESS

(Special to The Guardian) WINNIPEG, June 24.—Members of the Royal North West Mounted Police raided the office of the Western Labor News late this afternoon and took steps to suppress further publication of that periodical. The "Mounties" remained at the Labor News for more than two hours and when they left they took away all the type and "copy" that had been prepared for the issue of tomorrow. J. S. Woodworth, acting editor of the Western Labor News, and formerly a Methodist Minister, was arrested at the door of the printing office. Several years ago he gave up the ministry and took charge of the All People's Mission here, later being employed by the Dominion government in social service work. After that he was at the Pacific Coast for a considerable time in recent months where he worked as a longshoreman.

Germans Burned French Flags

(Special to The Guardian) PARIS, June 24.—Word of the burning of certain French battle flags by the Germans has been received here. Peace Conference opinion is apparently unanimous that this is a distinct violation of the peace treaty inasmuch as that document stipulated that the flags should be returned by Germany. It is probable a commission will be appointed to take action in the matter.

Islander Drowned At Waltham

June 4, at Waltham, Mass., Leslie Young, formerly of Pownal lost his life by drowning. A Waltham paper thus describes the sad event:—"A sad drowning accident occurred in the river at the Nutting boat-house float about 6 o'clock last evening when Leslie I. Young, aged 21 years, of 221 Lowell Street, lost his life while swimming. Though there was a number of men in the locality at the time, none were able to rescue the young man, for he gave no outcry, and did not reappear after diving into the water from the float. The body was recovered after a half hour, and turned over to undertakers, Coolidge and Strauch. It was examined by medical Examiner West, who reported death due to accidental drowning. The fact that the young man did not reappear on the surface seems to indicate he was seized with heart trouble when, in a heated condition, he plunged into the river. James Burgen and John Darling were soon on the scene, and after groping around on the bottom of the river and diving for about 20 minutes they brought the body to the surface. Dr. Frederick MacDonald and officers, William J. Kenery and Richard McDermott worked over the body for a half-hour but all efforts to revive Young proved fruitless. Leslie I. Young has resided here in the past few years, and he was in the employ of the Prudential Life Insurance Co., as an agent. He is survived by his father and mother; two brothers, Charles W. and Fred S., and two sisters, Miss Clara and Mrs. Dan. Matheson. He was a member of Gov. Give Lodge, I. O. O. F. Young had been in his canoe, and he was in company with Clarence Bretherton, who was preparing his boat for a trip up river. He put on his bathing suit and plunged into the river from the float. Immediately when he went into the water he gave a smothered cry and sank, after which he did not reappear. Mr. Young was popular with his associates, and was highly regarded by the management at the Prudential office. To the bereaved family the sympathy of many acquaintances is extended in their hour of sorrow.

WINNIPEG POLICE CLIMB DOWN

REPUDIATE LAWLESS METHODS OF STRIKERS AND PROMISE TO BE GOOD.

(Special to The Guardian) WINNIPEG, June 24.—A meeting of the Policemen's Union decided to place a proposition before the police commissioners with a view to reinstatement to the force. It is stated that the defiance of constituted authority as exemplified by the riot of Saturday was too much for a great many of the former blue coats. A letter embodying the proposition of the policemen has been prepared and it is understood to contain a renunciation of all connection with the Winnipeg Trades and Labor Council on the part of the Policemen's Union and undertaking provided the old members of the force are reinstated to acknowledge no other authority than the Police Commission. The proposals also include an undertaking not to participate in sympathetic strikes.

The Greek forces are reported to be retreating before the Turks who are supplied with good artillery and plenty of ammunition. The Greek General, Nido, has decided to make his first defensive stand along the line running north and south through Pergamos, Magnesia, Nymthion and Aidin.

ANOTHER DELAY IN PEACE TERMS

SIGNING MAY NOT TAKE PLACE BEFORE THURSDAY OR FRIDAY

DRAMATIC CIRCUMSTANCES

(Special to The Guardian) PARIS, June 24.—The signing of the peace treaty is not likely to take place before Thursday, possibly not until Friday. This announcement was made tonight by Premier Clemenceau and Secretary Dutasta. The last German request for an extension of time was delivered during the night under dramatic circumstances. A French officer reached Paris at 2.30 a.m., from Versailles, with a note from Von Haniel saying that the Weimar government had notified him it would sign the peace terms, but that the text of the message had not been decided upon and would be sent later. This was immediately delivered to Secretary Dutasta's chief-of-staff. The Secretary was awakened, and he in turn aroused Premiers Lloyd-George and Clemenceau and President Wilson. A meeting was then arranged for early in the morning.

(Special to The Guardian) BERNE, June 24.—The decision of the National Assembly at Weimar to sign the peace terms was learned with relief throughout Switzerland. German exchange soared today from 40 to 52 francs for 100 marks.

MEMBERS OF PROHIBITION COMMISSION PRESENT HIM WITH ADDRESS AND GIFT

At a meeting of the Prohibition Commission held yesterday, the following resolution was unanimously passed and presented to the Rev. R. G. Fulton, who leaves Charlottetown today for his new field of labor. The address was accompanied with the gift of a beautiful motor Thermos Restaurant. Rev. R. G. Fulton, Retiring Pastor of the Methodist Church, Charlottetown. Rev. Sir.—Your call to another field of labor in your church occasioning your severance from our Board, gives rise to keen regrets on the part of your fellow commissioners. We cannot allow you to leave your post without an expression on our part of our appreciation of the energy and assiduous efforts exercised by you while laboring with us in the cause of temperance. The framing of our Act, which passed through the hands of our legislators without any substantial change, was a work in which you gave much of your time and attention, and the subsequent activity which you showed in the carrying out of the Prohibition Law had much to do with the happy result of our "venture." Your zeal, tempered with good judgment and prudence in the work of "the Cause" has made your service most acceptable, while the genial disposition which always characterized your relations with your fellow members, makes us regret the parting. Prohibition in P. E. Island is yet in its infancy, but the result of the efforts made has surprised our most sanguine expectations. This is due in a great measure to the fact that the members of the Board have been noted for characteristics such as you, Reverent Sir, possess. We trust that in your new field of labor you may earn the same respect and good-will from all classes of people that you deserved to enjoy during your sojourn in Charlottetown. We extend to Mrs. Fulton and family our sincerest regards, and best wishes, and we ask you to accept the accompanying gift as a souvenir from admiring friends. (Sgd.) J. J. Macdonald, Chairman. J. M. McLeod, James McDougall, F. P. Crokan, W. V. McDonald.
