

Clean Your Liver And 30 Feet Of Bowels With "Syrup Of Figs"

You know when your liver is bad, when your bowels are sluggish. You feel a certain dullness and depression, perhaps the approach of a headache, your stomach gets sour and full of gas, tongue coated, breath foul, or you have indigestion. You say, "I am bilious or constipated and I must take something tonight."

Most people shrink from a physician they think of castor oil, calomel, salts or cathartics pills.

It's different with Syrup of Figs. Its effect is as that of fruit, of eating coarse food; of exercise. Take a teaspoonful of delicious Syrup of Figs tonight and you won't realize you have taken anything until morning, when all the clogged up waste matter, sour bile and constipation poisons move on and out of your system, without gripe, nausea or weakness.

Nothing else cleanses and regulates your sour, disordered stomach, torpid liver and thirty feet of waste-clogged bowels like gentle, effective Syrup of Figs. Don't think you are drugging yourself. Being composed entirely of luscious figs, senna and aromatics, it can not cause injury.

If your child is cross, sick and feverish, or its little stomach sour, tongue coated, give Syrup of Figs at once. It's really all that is needed to make children well and happy again. They dearly love its pleasant taste.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," and look on the label for the name California Fig Syrup Company. That, and that only, is the genuine. Refuse any other fig syrup substitute with contempt.

FRECKLES
 Don't Hide Them With a Veil; Remove Them With the New Drug.

An eminent skin specialist recently discovered a new drug, othine—double strength, which is so uniformly successful in removing freckles and giving a clear, beautiful complexion that it is sold by the McKinnon Drug Co. under an absolute guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of othine and remove them. Even the first night's use will show a wonderful improvement; some of the lighter freckles vanishing entirely. It is absolutely harmless and cannot injure the most tender skin.

Be sure to ask for the double strength othine; it is this that is sold on the money back guarantee.

The Best Yet

For those who delight in shoes that show their individuality, there is a treat in store at our shop. The new models that we are showing for fall wear are without doubt the best that have ever been shown in this City.

AN INDIGNATION MEETING.

ST. JOHNS, Quebec, September 2.—Judge Monet has returned from California and intends to raise the Manoir question once more. He proposes to hold a mass meeting at St. Johns next Saturday, September 7th, and give the conditions of the Manoir priests' resignation.

By a peculiar coincidence the date of the mass meeting is the very date Archbishop Bruchet, of Montreal, announced for his pastoral visit. This morning a letter was read from Archbishop Bruchet postponing his visit. His Grace stated in his letter that his visit was to do good and not to aid in any strife over past difficulties. As the passions of some might be aroused by ill-adviced clamor, he thought it was prudent to defer his visit.

"Don't Eat Them ALL, Grandpa!"

It's no wonder Maple Buds taste good, and it's no wonder mothers everywhere are encouraging the little folks to spend their pennies for them.

Maple Buds are nothing more than the best of chocolate, pure milk and sugar—things the doctor would recommend to build up a sickly child. The most delicate child can digest them.

The distinctive flavor of Maple Buds is entirely due to the use of only the best chocolate. The fine velvety texture comes from grinding and grinding through innumerable steel rollers.
