SPLENDID ADDRESS BY MRS. FALLIS LAST NIGHT IN THE INTERESTS OF GOVT. CONTROL

In One Of The Best Speeches Ever Heard On A Local Platform, Mrs. Fallis Answers The Arguments And Criticisms Of The Opposition. Meeting Lustily Cheers The Speaker And The Party She Is Supporting.

Howard Fallis, noted platform orator, presented her justification of Government Control could be heard on all sides as the large audience filed from out of the Prince Edward Theatre last night, on the occasion of the mass meeting held under the auspices of the Conservative Women's Club. One gentleman was heard to say, "She was wonderful, I could have sat and listened to her for another hour."

The meeting which was a large and appreciative one, was presided over by Mrs. Hooper Horne, who discharged that office in a most efficient and satisfactory manner.

The stage of the theatre was tastefully and becomingly decorated with flags, flowers, potted plants and palms.

The meeting opened with vocal solos, by Miss Barbara McNeill and Mr. Raoul Raymond which so elicited the appreciation of the audience that they were compelled to return encores.

Mrs. Keith Rogers was accompanied by Miss McNeill while Mrs. Raoul Raymond performed that office for the second soloist.

Mrs. Fallis, who needs no introduction to islanders, in addition to being a most graceful and pleasing speaker has also the advantage of being "fair to look upon."

Her presentation of facts was conclusive. Her arguments were clear-cut, logical and decisive and left no opportunity, for any retort or adverse criticism.

The large audience was an ideal one. The electors listened with rapt attention throughout; breaking frequently into loud applause which was often prolonged. It would, perhaps be not too much to declare that a more pleasing or logical speaker was ever heard on a local platform. There was not even the suggestion of a murmur of disapproval, throughout her address of one hour and a half during which the interest of her hearers was sustained without a break.

Mrs. Fallis opened her address by expressing her real pleasure in addressing such a magnificent audience. Having paid a glowing tribute of the kindness and cordiality

COAL STEAMER RAN ASHORE IN BAY OF FUNDY

Coal Laden S. S. Coban Went Ashore During Dense Fog off Partridge Island. Captain and Crew Taken Off the Ship in Safety.

(Canadian Press)
SAINT JOHN, N. B., June 19.—The steamer Coban, Captain Benjamin Pope, bound from Sydney, C. B., to this port with a full cargo of coal, ran ashore on the south-east point of Partridge Island, in the Bay of Fundy at 8.30 a. m. today in a dense fog. The Captain and twenty one others of his crew were rescued and brought to the city.

It was nearly low water when the steamer drove ashore. The rocks pierced the bottom and the ship was entirely submerged at high water today. When the steamer struck Captain Pope immediately sounded distress signals on the ship's steam whistles. These were heard by pilot James Bennett, who hastened to the wreck in the pilot's motor boat. He could hear the fog alarm on Partridge Island quite plainly, but he thought it was farther away.

It was not long after he left the anchorage, said Captain Pope, until he sighted land a short distance ahead. He gave the signal for "full speed astern," but it was too late. The ship had run bow upon the rocks. He kept the engines running full speed astern but the ship would not move. It was expected tonight that a survey would be made by the proper officials tomorrow when the full extent of the damage may be ascertained, and later the question of what will be done with the ship will be decided.

The steamer Coban hailed from Montreal. She was built in 1882 at Sunderland, Great Britain with these dimensions: length 230 feet, breadth 32 feet, one inch; draft 16 feet; gross tonnage 1,063; net tonnage: 689 tons, with engines of 136 horsepower. The vessel was owned by the Dominion Coal Company.

Predict Victory At Next Election

(Canadian Press)
DUBLIN, June 20.—Orders are reported to have been issued from the headquarters of the Fianna Fail (DeValera) party to the branches throughout the country to attend in thousands in Leinster House, Dublin on Thursday when the Republic's 25th anniversary will be celebrated. Young men are urged to march from the rural districts into the city and when possible to requisition all kinds of vehicles.

The orders include the statement that if the oath barrier can be broken down the Fianna Fail will win at the next election which it is declared "must take place this year or in twelve months time."

Coyote Wins Grand Steeplechase Race

PARIS, June 20.—The Coyote, owned by Marquis De Triquerville, won the Grand Steeplechase and a prize of 400,000 francs today at Antuil.

J. M. Barbour's Irish horse Jermol was second and James Schowah's Bobbitt third. The winner was at 29 to 10 in the betting.

The weather was cool and threatening, but despite this a great throng visited the track to see the steeplechase.

To Vote Against Wolvin Scheme

(Canadian Press)
MONTREAL, June 20.—The National Trust Company is sending a circular to the second preference share holders of the British Empire Steel Corporation asking them to vote against the scheme of Sir Joseph Flavelle, president of the National Trust Company, H. B. Mackenzie, general manager of the Royal Trust Company, J. M. MacDonnell, and T. R. MacKellan to vote against the scheme of arrangement for the recapitalization of the corporation advanced by Mr. Wolvin.

Elected Fellows Of Royal College Of Surgeons

(Special to The Guardian)
LONDON, June 20.—The Royal College of Surgeons at Edinburgh, celebrating the centenary of Lord Lister's birth announces the election of Prof. Harvey Cushing, a Bostonian, and Prof. John Stewart of Halifax honorary fellows. The five Europeans who were elected were headed by Lord Balfour.

HIGH CLASS RECITAL

Enjoyable Recital by Pupils of Charlottetown School of Music.

A most enjoyable piano and vocal recital was given yesterday afternoon and evening by the pupils of the Charlottetown School of Music, under the direction of Prof. Wm. E. Fletcher, A.R.C.M., A.T.C.L.

The programmes which were admirably balanced, were carried out in such manner as to reflect great credit upon the director, Prof. Fletcher. The large audiences present at each performance, gave unstintingly their appreciation of the efforts of the pupils and their approval of the evident capable directorship of Prof. Fletcher.

The first United States reaction to these proposals was that it would be difficult to reconsider the Washington Treaty. Provisions at the Geneva Conference, which is limited to but three of the Washington signatories, the United States, Great Britain and Japan—with France and Italy represented only by observers.

At the opening of the conference Hugh Gibson, heading the United States delegation, called for an extension of the five-to-three ratio to submarines, cruisers and destroyers, and gave notice to the delegates that the United States had held up its building programme in the hope of an early agreement on naval limitation. He also said that if it "should eventually be possible to reach a general agreement between all naval powers to abolish submarines, the United States would not be favorable to its consideration, but that such action in order to be acceptable must be universal."

Rum Running Schooner Seized In Straits

(Canadian Press)
MONCTON, N. B., June 20.—One of the largest liquor seizures that has been made in this vicinity for a long time was effected yesterday afternoon on Northumberland Strait about four miles off Coal Spring Road, N. S., when the revenue launch Lady Laurier captured "The Imp" a schooner believed to be enroute with a cargo of illicit liquor to Port Elgin or Butouche.

The cargo consisted of 350 cases Scotch whiskey, 200 gallons of rum and 100 gallons of alcohol. The value of the consignment was placed at \$26,000 and the value of the schooner which is practically brand new is placed at \$15,000.

REDUCTIONS IN ARMAMENT RECOMMENDED

British Proposals Heard at Three-Power Conference Called by President Coolidge.

(Special to The Guardian)
GENEVA, June 20.—Great Britain today reopened questions settled at the Washington Limitation Conference of 1923, addressing the three power conference called by President Coolidge, the First Lord of the Admiralty, Right Hon. W. C. Bridgeman, recommended reduction of future battleships from 35,000 tons displacement to "something under 30,000," and their main armament from 16 inch to 13.5 inch guns, reduction in the size of aircraft carriers from 27,000 to 25,000 tons, and their armament from 8 inch to 6 inch guns, and finally reduction of future cruisers from 10,000 to 7,000 tons with armament of 6 inch instead of 8 inch guns.

He also advocated limiting the size of individual submarines to 1,500 tons, increasing the life of warships to 26 years, instead of 20, and waiving rights of the powers under the replacement tables agreed upon at the Washington conference.

LIBERAL STRONGHOLD WELCOMES CONSERVATIVES

Bonshaw Meeting Very Satisfactory To Kennedy And MacKenzie. A Large Audience Was Present.

The political meeting held at Bonshaw last evening was a decided success for the Conservative view of the hearing he had received. The district has consistently voted Liberal, the indications received from last night's proceedings justify this prediction that on June 25th, the Government candidates, the Hon. Murdock Kennedy and Mr. Walter G. Mackenzie will have made substantial gains in Bonshaw and vicinity. The meeting was presided over by Mr. Samuel Beaton who at the close was tendered a vote of thanks moved by Mr. Sinclair and seconded by Mr. Mackenzie. The order of the meeting on the whole was good throughout, although the chairman had several times to appeal for order. All the speakers were tendered a splendid hearing and each was vigorously applauded. There was practically nothing novel in the way of argument proposed which has not already been reported in the press on numerous occasions. The meeting was addressed on behalf of the Opposition by Messrs. Peter Sinclair and Alan Stewart, the candidates, and Mr. Claire Campbell of Charlottetown.

The finances of the Province as usual received a large share of the discussion. Hon. Mr. Kennedy Premier Stewart the province was now in a good financial standing, that the government with the increase of revenue could now hope to produce surpluses from year to year, and that the times of deficits were past. This was opposed by Mr. Sinclair who refused to allow the \$40,000 obtained from Ottawa in lieu of railway taxation to be considered as ordinary revenue and claimed that the credit for the success of submitting our claims belonged to the Boards of Trade.

The temperance question was once again greatly mooted. Mr. Walter Mackenzie, who created an excellent impression in Bonshaw by his defence of the proposed new system of Government Control. He claimed that nothing could be more democratic than the method in which the Premier had introduced his policy on this question and pointed out that the Government were not responsible for the enforcement of the Prohibition Act, but the Prohibition Commission. "Since the Dominion Government legalizes the importation of liquor," said Mr. Mackenzie, "there is only one question to be decided and that is whether it will be consumed legally through sale by Government vendor or illegally through the boot legger. The speaker further contended that it was impossible to legislate people into righteousness and that education rather than legislation should be promoted in the cause of True Temperance.

The address of Mr. Claire Campbell did not seem to be taken very seriously by the audience. His bombastic utterances were received with but little grace and as he was engaged in thanking the electors point. Although in the past this district has consistently voted Liberal, the indications received from last night's proceedings justify this prediction that on June 25th, the Government candidates, the Hon. Murdock Kennedy and Mr. Walter G. Mackenzie will have made substantial gains in Bonshaw and vicinity. The meeting was presided over by Mr. Samuel Beaton who at the close was tendered a vote of thanks moved by Mr. Sinclair and seconded by Mr. Mackenzie. The order of the meeting on the whole was good throughout, although the chairman had several times to appeal for order. All the speakers were tendered a splendid hearing and each was vigorously applauded. There was practically nothing novel in the way of argument proposed which has not already been reported in the press on numerous occasions. The meeting was addressed on behalf of the Opposition by Messrs. Peter Sinclair and Alan Stewart, the candidates, and Mr. Claire Campbell of Charlottetown.

Strike Vote Being Taken By C. N. R. Employees

(Canadian Press)
MONTREAL, June 20.—A strike vote is now being taken among some 18,000 employees of Canadian National Railways including office clerks, station employees, such as baggage checkers, and porters, stores and stationery department employees, shippers and stationery engineers and firemen. It was announced here today.

The dispute arises out of the refusal of the company to accept the majority award of a board of conciliation recommending an increase in wages of 4 1/2 cents an hour. A minority report recommended an increase of 2 1/2 cents an hour. The result of the ballot will be known on July 10th next.

CUSTOMS PROBE COMING TO THE MARITIMES

Sittings in St. John and Halifax Will be Followed by a Meeting in Charlottetown, Which Will Conclude the Activities of the Commission for the time Being.

(Canadian Press)
ST. JOHN, N. B., June 20.—Smuggling of liquor from Canada to the United States has been revealed at earlier sittings of the Customs Commission but it is stated that the Maritime Provinces will produce evidence of extensive liquor smuggling into the dominion. Also, the commission will be offered evidence of the smuggling of other commodities during the sittings in this part of Canada.

The commission comes to the Maritime Provinces after visiting the six other provinces in its tour from British Columbia eastward. The initial meeting in the maritimes will be held here tomorrow morning, and the Saint John sittings will occupy the remainder of this week. At the outset, customs officers of the ports and outports of New Brunswick will be taken from the men engaged in preventive work throughout the province. Then the commission will turn to specific cases which have been prepared for its consideration.

Hon. N. W. Rowell, K. C., and R. L. Calder, K. C. joint counsel, are here as well as their assistants Gordon Lindsay and R. B. Law. Reports on breweries and distilleries will be presented by C. E. Nash of Clarkston, Gordon and Dillworth, commission auditors, Chief Commissioner J. T. Brown, Commissioner W. H. Wright made the trip from Quebec by motorcar. Commissioner Ernest Roy arrived by train today.

Sittings here will be held in the court house, and persons or bodies having complaints or information in regard to smuggling will be asked to present them. Halifax sittings will follow those in St. John to be followed by a meeting in Charlottetown, which will conclude the public activities of the commission for the time being.

Lindbergh Rests After Strenuous Month

(Canadian Press)
ST. LOUIS, Mo., June 20.—Sheltered from the acclamations of cheering crowds Colonel Charles A. Lindbergh, rested today, after one month of unparalleled praise for his trans-Atlantic flight in the "Spirit of St. Louis."

The conqueror of the North Atlantic air is tired. Last night when 12,000 of his fellow citizens crowded the Municipal Theatre, he sat through the first act of "Princess Pat" and then left, but not before he had been coaxed to appear for a moment upon the stage.

Today was the first that he was not at the beck of a welcoming committee, the first when he was not a part of elaborately planned ceremonies; the first when he was able to step down from the spotlight of undivided public attention to that of "Slim" Lindbergh, flier and son of a beloved mother, Mrs. Evangeline Lindbergh.

Former Cossack Officer Receives Death Sentence

(Canadian Press)
MOSCOW, June 20.—Another victim of the repressive measures adopted by the Soviet against counter-revolutionaries is reported in the case of Sergius Mameff, a former Cossack officer of the Kolchak forces, active in suppressing the peasants rebellion in 1919. He had since filled an obscure office in the Soviet Regime.

Recently Mameff was accused of killing 26 Bolsheviks and was condemned to death by the Krasnoyarsk court. He appealed to the court for amnesty, but this court ruled that in view of the activities of counter-revolutionaries the verdict of the lower court must be sustained.
