HOUSING OF POULTRY

Not all who keep chickens either in town or country know how to secure the best results from their flocks. For lack of knowledge the chicks often develop into spindleg-legged, small-bodied, poorly-laying creatures. And yet any amount of instructive literature is published and can be had without cost by applying to the Publications Branch of the Department of Agriculture at Ottawa. Housing shares in importance with feeding. If the best results are to be gained, in this connection it is interesting to observe that a revised edition of

SOURIS BRANCH G. W. V. A. held their annual meeting in the Town Hall on Saturday evening, May 21st. The President Major Sterna, presiding. A very creditable financial statement was read by the Secretary, Lieut Cheverie which showed a large amount of cash on hand and now that building material has reduced in cost it was decided to start a club-room for the social benefit of the town. The officers for the coming year were elected as follows: President, P. A. McLellan; First Vice-Pres., Frank McIntosh; Sec. Vice-Pres., J. N. McEachern; Secretary, W. J. Cheverie; Executive Committee, H. J. Leslie, Frank McCormac, J. W. Cheverie; Employment Committee, M. R. Cheverie, Sr. C. Paquet, I. J. Horne; Investigation Committee, Mack Madors; Guss Heertz, Charles Meurant; By-Laws Committee, J. N. McEachern, L. L. Cheverie, F.

REPORTS OF WOMEN'S INSTITUTES OF PRINCE EDWARD ISLAND

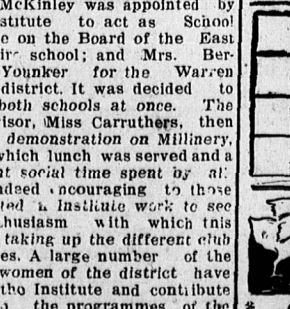

SHERBROOKE.—The regular meeting of this club was held at the home of Mrs. Townsend on May 17th. There were twenty-two members and six visitors present. A paper on "Home Nursing" was read and a talk was given by Miss Carrie Holman on the Public Health Programme to be carried out by the Red Cross Society. Rev. W. H. Harding has consented to give a lecture in the interests of the Institute in June. The members are going to serve ice cream and cake to the school children on the day of the closing of the school. Four new members have been added to the Institute since the last meeting.

TRAVELLER'S REST.—The monthly meeting of this club was held on April 19th, at the home of Mrs. R. C. Marchbank. There were thirty members and ten visitors present. The meeting opened with the singing of the Institute Ode, after which the minutes were read and adopted. The school committee reported having found the school clean and tidy. Roll-call was answered by the giving of words which are very common in this province. Many helpful hints were received in this way. It was decided to give a prize for attendance in the school. Excellent piano music was given by Mrs. Shaw and Mrs. Ramsay and a solo by Miss Matheson. One new member has been added to the Institute.

SOUTH LAKE.—The regular meeting of this institute was held at the home of Mrs. J. Roland McDonald on May 24th. There were ten members and four visitors present. Reports of the committees of the previous month were given and new committees were appointed. Roll call was answered by the giving of gardening hints. Papers were read by two of the members on "Friendship" and on "Kitchen Wrinkles." Two new members have been added to the club. The next meeting will be held at the home of Miss Molly Fisher.

NORTH RIVER.—The regular meeting of this club was held at the home of Mrs. B. C. Webster on the evening of June 1st. There were sixteen members and six visitors present. The meeting opened with the singing of the Institute Ode, after which the minutes of the last meeting were read and approved. One new member was added to the Institute. It was decided to hold an ice cream social on June 22nd, and committees were appointed to attend to the preparations for this. Mrs. John McKinnon and Mrs. Robt. McKinley were appointed as delegates to the convention to be held in Charlottetown on July 13th, and 14th. Mrs. Robt. McKinley was appointed by the Institute to act as School Trustee on the Board of the East Wilshire school; and Mrs. Bertram Youngles for the Warren Grove district. It was decided to clean both schools at once. The Supervisor, Miss Carruthers, then gave a demonstration on Millinery, after which lunch was served and a pleasant social time spent by all. It is indeed encouraging to those interested in Institute work to see the enthusiasm with which this club is taking up the different club activities. A large number of the young women of the district have joined the Institute and contribute much to the programmes of the various meetings. Good work is expected of this Institute in the coming months.

They Turn to Life Insurance

OVER a thousand persons every day in Canada are turning to life insurance for the purpose of caring for the future of their dependents.

Life Insurance to the amount of over Six Hundred Million Dollars was issued in 1920. This amount of money would provide an income of One Hundred Dollars a month for fifteen years to fifty thousand families.

The proceeds of the vast number of life insurance policies being issued year by year will bring untold benefit to the families of those who have made this wise provision.

You may be able to care for your wife and children as long as you live but life insurance will provide for them as long as they live.

AMERICAN SPORTSMEN WELL PLEASED

With Arrangements for Their Comfort Made by Canadian National Railways

Fishing parties on the Cain's River seem pretty popular, and Guide Harry Allan, who conducts the early salmon and trout fishing on this famous stream, is having a busy time of it.

A party of Cleveland sportsmen who recently took a canoe trip from Cain's River Bridge to the mouth of the river where it empties itself into Miramichi, are enthusiastic in their praise of the wonderful outing they enjoyed. They also have words of praise for the efficient arrangements made by the Canadian National Railway Co. for their comfort from the time the party left Cleveland, until they returned. Especially pleased were they because of the personal attention shown them by railway representatives, and the anticipation of every wish that added to their travel comfort.
