

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-TIVES"

ALBERT VARNER

Buckingham, Que., May 3rd, 1915.
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-tives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-tives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-tives", and you will get well!

ALBERT VARNER.

TUESDAY

IN AMERICAN ARMY.—The following is taken from the Maple Leaf: Allan A. McNeill the well-known insurance man of San Francisco, a P. E. Islander by birth has two sons in the American army. Mr. McNeill has an only sister Mrs. Daniel Summers residing in St. Georges, P. E. I.

PRESENTATION TO FR. BUTLER.—Sunday afternoon at St. Dunstan's University, the former classmates of Rev. Francis Butler waited upon him and presented him with an address, accompanied by a beautiful silver-mounted walking cane, evincing the good will and friendship which existed between them. Father Butler thanked the boys and said he would always remember with pleasure the happy days spent at St. Dunstan's University.

Yesterday the sad news came to Mr. M. G. Anderson of Southport, (formerly of Newton, Belfast), that his only son Robert A., a bombardier in the 2nd Canadian Siege Battery had fallen in action.

In 1914 Bombardier Anderson was a member of the "good old" Fourth Regiment and went with a detachment of that body to Canso, where he served several months on Coast Defence.

From Canso he was transferred to Halifax, where he was attached to the South Barracks staff, under Major J. W. Stanley. On June 3rd, 1915 he crossed to England as a member of Major Stanley's artillery draft and three months later landed in France, and had been there ever since with the exception of a short furlough spent in England.

Only twenty-one years old, the gallant lad had practically his whole life before him but fate had ordained otherwise and Canada and especially Prince Edward Island has been called upon to make another sacrifice of youth and noble manhood on the altar of world freedom.

Besides his grief stricken father and step-mother, one sister residing in Waverly, Mass., is left to mourn the loss of a brave and faithful heart that is still for ever.

Mr. John Anderson, Provincial Auditor, is an uncle of the gallant hero.

There was a large attendance and good racing.

The class "A" Trot furnished some very close finishes of the hair raising variety, between Baby George and Jellicoe in the third and fourth heats.

Following is a summary:

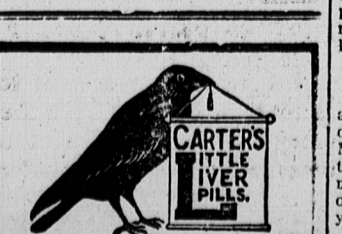

Class "A" Trot.
Baby George, owner Mayor Brown, driver B. Brown 3 1 1 1
Jellicoe, owned and driven by H. Kelly 1 3 2 2
Queen Alva, owned and driven by Earlings 2 2 3 3
Time—1:16, 1:17, 1:14, 1:12.

Class "B" Trot.
Sybil C., owner J. S. Wedlock, driver Conroy 1 1 1
Black Tom, owner G. D. Wright, driver Hooper 2 2 2
Brazilian Tom, owned and driven by L. Essory and Rex 3 3 3
H. Burke 5 4 4
Piton S., owned and driven by P. C. Brown 4 dr.
Time—1:16, 1:15, 1:14.

Although Sybil C. won in straight heats, it was a very interesting race with Black Tom right on his neck all the way. Black Tom is a green horse, this being his first time out, but he surely showed some excellent speed.

The Secretary, Mr. G. R. Hooper, would like to hear from all those interested in a proposed Stallion Race to be held in the near future.

CHRISTMAS STOCKINGS.—It will be of interest to all who helped in any way that quite a number of letters placed in Xmas stockings have been answered by the soldiers who received the same. All the letters speak in the highest terms of appreciation of the kindness of the friends who helped in such a tangible way to make the Christmas season more joyous than it otherwise would have been. Quite a few of the answers were from P. E. I. men.

INTERESTING SOUVENIR.—Miss Riggs of the Victoria Hotel, Staff city has received from her father, Sgt. Thomas Riggs of the 104th Infantry Battalion several interesting souvenirs of the great war, in the form of a nose cap, for a German high explosive shell, which from its appearance has done its quota of destructive work, an ash tray made from a German shell, poker dice, "Canada" badges, the regimental badge of the 104th and the 105th Battalions and a most clever wraith charm in the form of a small briar pipe with the mouth-piece serving for a pencil.

UNDERGOES FOUR OPERATIONS.—Mrs. Mary Griffin of Rocky Point has received official intimation from the Adjutant General, Canadian Militia, that her son, John Andrew Griffin has been transferred from the 2nd West General Hospital at Marchester, England, to the Canadian Convalescent Hospital at Bearwood, Workingham, suffering from gun shot wounds in the left leg. Private Griffin volunteered early in the war, has seen several months of active service in France and is now undergoing the fourth operation for his wounds received five months ago. His friends hope for a speedy and complete recovery and an early return home to Rocky Point.

Included in Saturday's honor list of those awarded the Military Cross, is the name of Capt. William Nicholson.

Capt. William Nicholson is a son of J. A. Nicholson, Registrar of McGill University. He went overseas as a private in the 5th Mounted Rifles and obtained his commission at the front. Capt. Nicholson was wounded some time ago and is now convalescing in England. His only brother is at the front the latter having enlisted in one of the Universities' companies to reinforce the Princess Patricia's. The snow plough, engine, baggage and postal cars of train No. 4 were derailed and the fireman, Alfred Murphy, was severely injured when the train while en route from Tignish to Summerside, was derailed one mile east of Coleman at 8 o'clock yesterday morning.

Neither the conductor, John McDonald, the driver, Fenton Higgins nor any of the passengers were injured.

A call for help was sent to Charlottetown and immediately a passenger relief train was sent to the scene of the trouble and the injured fireman, the passengers and mails were placed on board and proceeded to Summerside with all speed.

An auxiliary relief train was also dispatched early in the forenoon and the track was completely cleared yesterday afternoon and all trains were running on time.

Fortunately Dr. (Senator) Murphy and Dr. McGrath were on board the wrecked train and so were able to give expert aid to the injured driver, Mr. Murphy, who had his head badly cut, his shoulder injured and several body bruises. At last reports he was resting easily.

Save Food

In a time needing food economy many people are not getting all the nourishment they might from their food.

It is not how much you eat, but how much you assimilate, that does you good.

The addition of a small teaspoonful of Bovril to the diet as a peptogenic before meals leads to more thorough digestion and thus saves food, for you need less.

MET IN ENGLAND.—Another coincidence that will be interesting to many, is the meeting at Epsom of Senr. Harry Lea, son of Mr. Jack Lea, Victoria, and Gr. E. Percy Boulter of Chelmsford, Mass. Gr. He also gave a comic reading: "The Devil and the Peasant" and danced the Highland Fling and the Lord Dunsany. Messrs. Ruth and Helen Noonan cleverly furnished instrumental music which deserves a passing reference in this brief account of such a lengthy and interesting programme.—L.

GUNNER CURRAN DEAD.—Word was received by Mrs. Jas. Lomeran yesterday morning of the death in France of pneumonia of Gunner William J. Curran, 8th Canadian Siege Battery. Gr. Curran was a nephew of Mrs. Lomeran and came to Charlottetown about six years ago from Dublin, Ireland. He spent four years at St. Dunstan's University and took an active part in football being half back in his senior team. He leaves to mourn behind his aunt in Charlottetown, his father and two sisters in Dublin and brother Corporal P. Curran M. M., of the Royal Dublin Fusiliers who is at present in a Military Hospital in Belfast, Ireland—having been twice wounded, also a sister in Lyon Rhone, France. THURSDAY

A BUSY CITIZEN.—The Town Council of Souris held their books and filed this week and town Clerk Carlton has the honor of being the only one showing a sane balance on the right side of the ledger. The Souris Town Clerk manages to combine his multitudinous duties of Town Clerk, Secy. Treasurer for the Fisheries, Chief Factor for the Oddfellows, Auctioneer, Farmer, "Misquid" etc. etc. in a marvelous way, employs no help.—C.

JOINS AVIATION CORPS.—An Edmonton "exchange" says: "G. Harris on Villet" (formerly a native of Hampton, P. E. I.) has left for Toronto where he will join the Royal Flying Corps. Mr. Villet has been attending Edmonton University for the past two years and his many friends wish that he may return to resuming his theological studies soon. Before leaving the City, he was tendered several receptions and was presented with a beautiful Masonic Ring and Wrist Watch. En route to Toronto he spent several days with his brothers and sisters in Winnipeg. After finishing a short time, Mr. Villet expects to visit his native province, where his parents Mr. and Mrs. Geo. Villet reside.

THE STANLEY.—The D.G.S. Stanley arrived in Souris Monday about noon and berthed at the railway wharf. The Stanley can only take a small part of the freight waiting to be shipped to Magdalen Islands, and may possibly make another trip. Capt. Hemphill of Georgetown is pilot, and the ship expected to sail for Magdalen Islands yesterday morning. Previous to arriving in Souris the Stanley sailed from Pictou Sunday having the United States steamer Gaspesin in tow. They both put into Georgetown Sunday and the Stanley took the Gaspesin in tow going with her as far as East Point. The ice not appearing very heavy, it was thought the Gaspesin could make her way around Cape North on her way to New York, but it seems the ice along the Cape Breton shore was too heavy, and she put into Souris Monday evening. So it now looks as if the Gaspesin might have to winter either here or at Georgetown. It is learned that the two men, after whom the Stanley went in search, who were adrift at Magdalen Islands some days ago, escaped with very little injury. One escaped unhurt, the other had one hand pretty badly frozen.—C.
