EASTERN NOTES.—Rev. Mr. Gardiner preaches acceptably to large congregations every Sabbath. His daughter, Mrs. Kelly from Sydney is spending the summer with her parents.—Miss Vesta Stewart has arrived home from Boston, Edwin McDonald has also come on a flying visit, and to take back his wife and family who have been rusticated here for the summer.—Messrs Manuel and Wal Jenkins from Georgetown with Mrs. Jenkins have been east recently.—Hay-making is over, and harvest now is on and the click of the reaper and the binder is now heard on all sides. The wheat crop is a good one, the best for years, and oats is a fair average though some fields especially hill sides are poor, on account of dry weather during July.—Some mackerel are still hooked off West River, but not so many as last week. They are very capricious in their tastes and don't take the hook every day. Another factor is two Gloucester vessels have arrived on the scene, and with their unfortunate seines, outside the three mile limit certainly, are spreading terror and destruction among the boys there from which the shore school is recruited. Can the fishermen of these Provinces arise in their might and demand our Dominion Government, to make an effort at least to make some arrangement with the United States Government to totally prohibit this seining which has nearly denuded American waters of one of its most valuable fish for the benefit of a few rich Gloucester firms and to the detriment of the shore fishermen on both the New England and Provincial coasts.—Hake may be put down as a failure whatever the cause, and the season is now getting too late to do anything at them.

The Helpless Condition of a Young Lady and How She was Cured.

BLIND RIVER, Ont., Sept. 8.—(Special.)—Miss Emily Liddell, of this place, suffered for a long time with Female Weakness and Back Ache. She is better now and writes the following statement:—

"I would most heartily and conscientiously advise all young women troubled with Female Weakness in any form to try Dodd's Kidney Pills, for they cured me after everything else had failed.

"For months at a time I was so low and weak that I found it impossible to attend to my household duties and my tack used to ache something dreadful.

"Now I feel strong and better than I ever did and Dodd's Kidney Pills did it all."

DIED AT THE WELL.

St. JOHN, September 7.—James Gallagher, of Milltown, Charlotte county, aged 75 dropped dead of heart disease yesterday, while carrying a pail of water from the spring.

MESSES. C. C. RICHARDS & Co.

Gentlemen,—In '98 I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal, until your agent gave me a bottle of MINARD'S LINIMENT which I began using, and the effect was magical. In five hours the pain had ceased, and in two weeks the wound had completely healed and my hand and arm were as well as ever.

Yours truly,
A. E. Roy.
