A large number of flower lovers visited the green houses of James Tait Junior, at Brighton, yesterday afternoon, and greatly enjoyed the rare treat prepared for their benefit. It is to be hoped that the flower committee will take advantage of what Mr. Tait has to offer, and by an abundance of emblematic cut and potted flowers make their churches truly significant of the Easter season.

Crowded houses greeted the performers at the Opera House last night to see the moving pictures, hear the good music, and enjoy the acrobatic feats, so ably performed. Especially pleasing was the rendition of "The Palms" as a fitting opening to the Easter season.

The entertainment at New Wonderland last night, was one deserving special mention. In order to have the program keeping with the day, Good Friday, a portion of each show was devoted to sacred music. William G. Hogg, rendered "The Unseen Kingdom," with Miss Rosa giving "The Holy City," then both together rendering "Life's Dream is O'er," in the first verse Mr. Hogg whistling the accompaniment to Miss Rosa's words, and in the second verse singing together in a sweet and most pleasing harmony. The audience showed an appreciation prolonged and hearty—appreciation which was truly deserved for the innovation was a musical treat. Miss Rosa omitted her selection of the Jewish song, but tonight this will be again given. The pictures were beautiful, and the entertainment one of a refined and elevating nature which there should be many more of.

HIGH PRESSURE DAYS.

Men and women alike have to work incessantly with brain and hand, to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the praiseworthy effort to keep up with all these things is commonly seen in a weakened or debilitated condition of the nervous system of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Host's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high-pressure days.
