Annual Business Meeting of Central Christian Church

The Annual general business meeting of the Central Christian Church was held last evening in the Church schoolroom. There was a good attendance of members of the congregation, the chair being occupied by M. C. L. Mackay and Mr. J. H. Williams, Secretary.

Queen Hotel

Since taking over this Hotel we have spent many thousands of dollars in repairs and improvements. It is now the finest Hotel of its class in the Maritime Provinces. It appeals to those who want a comfortable Hotel and splendid table and excellent service at a moderate price.

In Memoriam

In loving memory of dear wife and mother Mrs. Daniel Buell, departed this life, January 31st, 1926.

One year ago—how long it seems, Since she has left us,
But she is not dead—just gone ahead
A little space
And who mourns,
Though our hearts be heavy,
And our tears so freely flow,
In just a little time we, too, shall go
Where God's own smile eternal sunshine gives.

Inserted by Husband and Family. 4261-1-31-11.

IN MEMORIAM

In loving memory of my dear sons William and Daniel Holland, wives and little children who departed this life January 31st, 1926.

Gone from amongst us dear children we miss you
Loving you dearly, your memory we keep
Never till life ends shall I forget you
Dear to my heart are the graves where you sleep.
Inserted by Mother, Sister and Brother. 4270.

KNIGHTS OF COLUMBUS

KNIGHTS OF COLUMBUS auction tournament tonight. 4273

SPECIAL SERVICES AT THE CITADEL.—The spirit of old-time religion characterized the meeting last night. The fervour is warm, and crowds increasing. Special songs of holiness, truth and teaching are sung exclusively. Adjt. Martin devoted a few minutes to clearing up some time-worn questions concerning the spirit of holiness being opposed to what is called the worldly spirit. The address on the Baptism of Jesus proved helpful and stimulating to all present. The Adjutant made a clear comparison between John's baptism of repentance and the baptism of the Holy Ghost and fire by Jesus Christ. The prayer meeting was a period of powerful influence towards out and out consecration. "Not My Own" is the subject tonight.

WEDDING BELLS.—A quiet but pretty wedding was solemnized at Saint Dunstan's Cathedral yesterday morning at seven o'clock by Rev. Father McMahon, D. D., when Miss Theresa Blaquiere (of North Rustico) became the bride of Mr. Lorne Redmond, son of Mr. Henry Redmond, of the C. N. R., and Mrs. Redmond. The bride was charmingly attired in a bridal gown of white beaded georgette. She also wore a brown fur coat and hat to match. The bride was attended by Miss Alice Buote, who wore a blue coat and black felt hat. She also wore a blue satin dress. The groom was ably supported by Mr. J. P. Aitkens. After the wedding ceremony the happy couple motored to the home of Mr. and Mrs. Andrew Martin, 21 Euston St., (aunt of the bride) where a dainty breakfast was served to the wedding party. The many friends of the bride and groom wish them a long and happy wedded life. The many useful and valuable presents received testified to the popularity of the young couple.

PERSONAL.
Mr. Cyril Dolron, Moncton, N. B., spent the week end in Charlottetown.

Mrs. E. C. Moore is in Saint John, on a visit to her daughter, Mrs. Wilford J. McDonald.

The friends and relatives of Mrs. James McQuarrie of Springfield, Mass., will regret to learn that she is now suffering from pneumonia in the P. E. I. Hospital.

Mrs. James A. MacQuarrie of Springfield, Mass., and sister, Miss Florence MacDougall of Arlington, Mass., arrived home recently to spend the winter with their mother, Mrs. Elizabeth MacDougall, of Nine Mile Creek.

Miss Eliza McDonald, of Gloucester has returned to her home, after spending some time in Charlottetown where she has made numerous friends, who will regret her departure.

Mr. John Batchelder, Officer of the C. G. S. Grant, Charlottetown is spending a pleasant vacation at his home in Georgetown. His many friends are giving him a hearty welcome.

Comparative Statements for 1927 and 1926 in this Department Were As Follows:

Cases entered and disposed of	1927	1926
Arrests for drunkenness	509	891
Arrests for drunkenness	162	300
Cases entered under the Motor Vehicle Act and City Traffic By-Law	110	218
The Prohibition Act	81	108
Total number of arrests for the year	436	436

Councillor Frowse, commenting on the police report was of the opinion that expenses had been climbing up too fast. He was glad to hear that the expenses would not be so high next year. If the police department had brought in \$2175 more this year, \$3100 had been spent to get it. Councillor Holman, in replying called attention to the fact that it was not fair to charge the expenses of the patrol wagon against this one

The report was duly adopted on motion. The police court report was then read by the city clerk. \$13,666.87 had been collected by the court which was \$2,490 more than in 1927. The Fire Department report, which was then read, disclosed that 54 general and 36 still alarms had been turned in during the year. A total of 90. Councillor Dougan, in moving the adoption of the report, praised the work of the department, which, he considered was a most efficient one. He stressed the need of a fire net, and a motor pumper, to give higher pressure on the streams from the hose and brought to the attention of the Council, the case of the care taken of the fire apparatus, whose tour of duty was 24 hours a day. Eight hours was long enough. The report was duly adopted, Councillors Frowse and Foster also complimenting the fire department on its efficiency, as also did Councillor Reardon, who felt that our firemen should be provided with the most up-to-date equipment. Councillor Holman also stressed the unfairness of asking Mr. Mathieson, the caretaker to remain on duty 24 hours a day. Councillor Foster felt it was the duty of the Fire Committee to make the needed change. They would, he was sure, receive the support of the Council in this. Councillor Frowse also thought the matter should be looked into. Councillor Kennedy then presented the report of the Light Committee. It was planned to proceed immediately with the replacement of forty two ornamental 400 c.p. lamps on a circuit embracing the central, thickly settled part of the city. This plan would increase the illumination by 6300 c.p. at an extra cost to the city of only \$482. Councillor Frowse stated that last year the Light Committee had only exceeded its estimate by \$52, a sum well within the limit. He was glad to hear that the minimum charge for small commercial users would be reduced from \$1.50 to \$1.00. Dr. W. J. MacMillan then read the report of the health department. Six cases of smallpox occurred as a result of people not being vaccinated. Persons employing maids coming to them from the country should see that they are vaccinated. The report alluded to the nuisance caused by unsanitary premises, and expressed the hope that the practice of keeping pigs should be done away with. The report commended the excellent work of the sanitary officer, Constable Bradley. Cases of infectious and contagious diseases in Charlottetown during the year were as follows:

Cases	Deaths
Diphtheria	20
Scarlet Fever	14
Smallpox	6
Typhoid Fever	1
Tuberculosis	17

The total number of deaths from all causes during the year was 306—a large increase over previous years. Heart disease, in its manifold forms, lead all others as a cause of death. Councillor Foster, in moving the adoption of the health report, also praised the good work of the health officer and the Sanitary officer. The adoption of the report was seconded by Councillor Holman, who considered that people should be more careful in observing quarantine regulations. He had heard of two persons who had broken the quarantine. This should be stopped. Dr. W. J. MacMillan alluded to a case wherein the city health officer and the Department of Health had been ignored in the diagnosis and quarantining of a supposed case of smallpox. No physician had any right to call into consultation any physician, even the Provincial Health Officer, without consulting the City Health Department. Nor should the Provincial Health Officer give the matter publicity with scare headlines. He said it had been reported to him that a maid had left that house on Sunday, the same having been placarded on Saturday. Also a child belonging to the second family had been taken out of that house, and lodged elsewhere. He also alluded to another case where quarantine had been broken in a diphtheria case. He advocated a meeting of the Board of Health at which such matters should be inquired into. No one could plead ignorance of the law when the health department was functioning. When cases were attended to privately he could not say what was being done. His Worship the Mayor stated that this was the first time in his knowledge that the Board of Health had been ignored in such a matter. He had taken steps to ensure that such interference should not arise again on the part of the Provincial Health Officer, or anyone else. The Meat and Milk Inspector's report followed. During the year 417 samples of milk and 10 samples of cream were analyzed. Ten samples of milk and one of cream had been found to be below test for butter fat. Three of these had

Guard Against "Flu" With Musterole

Influenza, Gripe and Pneumonia usually start with a cold. The moment you get those warning signs rub on good old Musterole. Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.

Nor should the Provincial Health Officer give the matter publicity with scare headlines. He said it had been reported to him that a maid had left that house on Sunday, the same having been placarded on Saturday. Also a child belonging to the second family had been taken out of that house, and lodged elsewhere. He also alluded to another case where quarantine had been broken in a diphtheria case. He advocated a meeting of the Board of Health at which such matters should be inquired into. No one could plead ignorance of the law when the health department was functioning. When cases were attended to privately he could not say what was being done. His Worship the Mayor stated that this was the first time in his knowledge that the Board of Health had been ignored in such a matter. He had taken steps to ensure that such interference should not arise again on the part of the Provincial Health Officer, or anyone else. The Meat and Milk Inspector's report followed. During the year 417 samples of milk and 10 samples of cream were analyzed. Ten samples of milk and one of cream had been found to be below test for butter fat. Three of these had

Guard Against "Flu" With Musterole

Influenza, Gripe and Pneumonia usually start with a cold. The moment you get those warning signs rub on good old Musterole. Musterole relieves the congestion and stimulates circulation. It has all the good qualities of the old-fashioned mustard plaster without the blister. First you feel a warm tingle as the healing ointment penetrates the pores, then a soothing, cooling sensation and quick relief. Have Musterole handy for emergency use. It may prevent serious illness.
