

Weak, Thin Folks Need Phosphate Says Dr. Kolle

Dr. Frederic S. Kolle, the New York author of medical text books, whose opinions are greatly valued, writes: "When the nerve tissue begins to lose its vitality, woman begins to lose her youth and vivaciousness. She becomes irritable, moody and if more weak, thin, nervous men and women were aware of the efficacy of Bitro-Phosphate."

-YOU ARE INVITED to meet Mrs. Salisbury who is demonstrating Welch's Pure Jams, Jellies and other products all this week in Grocery Department.—Sinclair & Stewart, Limited.

-OPERATIONS—Harry Croake was operated on for appendicitis at the Prince County Hospital Thursday morning and Ray Laughlin was also operated on at the hospital the same morning for same malady.

-BONFIRES—Many boys, it is reported are in the habit of starting fires in the eastern section of Summerside. Perhaps if the parties interested in the welfare of fires and children would get busy, it might help matters and would be to the interest of the public.

-MANY IMPROVEMENTS.—Mr. B. H. Arsenault, proprietor of the Railway Restaurant and rooming house, Summerside is making repairs which when finished, makes ten more rooms. In addition, the building is being raised and new doors and plate glass front added and when finished will make one of the best restaurants and rooming houses in Summerside.

-COLD WATER TREATMENT.—The first involuntary immersion into Summerside Harbour was made on Wednesday afternoon when one of the local speed boat fiends in making fast some lines from his boat, fell over Holman's wharf into the drink below. Beyond the shock and discomfort of the ducking, however, the young man received no injuries.

-AUTOS IN BLOOM.—Summerside motorists believe that the town, for its size, has a larger percentage of motor-owning citizens than any other place in Canada. Due to the summerlike weather, of the last few days, practically every motor car has been brought out and put in use and the streets as far as the cars are concerned, look more like a booming oil camp in the south, rather than a quiet little town in a country district.

THE EASTERN GUARDIAN

Eskimos Are Starving At Repulse Bay

THE PASS, Man., April 28.—The Eskimos at Repulse Bay on the fringe of the Arctic Ocean, are starving, so trappers reaching here reported. The failure of the caribou herds to come into their vicinity has caused a shortage of food during the winter and many deaths are reported. Great herds of deer are reported at Chesterfield Inlet and westward and the Eastern Coast tribes have fared well.

TRIBUTE TO CANON SIMPSON Mr. J. Ramsay Montzambert of Quebec contributed to "The Mitra" published by the students of Bishop's College University, a tribute to the memory of the late Rev. Canon Simpson. It will be read with interest by the friends of Canon Simpson, resident of this city. We quote: "Born in England in 1853, he came to Canada and was engaged in commercial pursuits until 1873 when he entered this University, and by dint of diligent study and hard work gained several prizes for high standing of examinations. "Though a good scholar, his studies did not interfere with his college life for he was an active member of the Quintilian (debating) society and was also a rowing man. At that time the college possessed a four-oared shell and he rowed "Bow". (Moreover it was through him that the College first subscribed to the Church Times without which our reading room would now seem incomplete indeed. As a result of overwork his eyesight became impaired and he was obliged to rest for three or four years from his books. Later he accepted a mastership at Trinity College School where he became a colleague of his former friend Mr. Montzambert. It was while he was at Port Hope that he decided to read for Holy orders. After he was ordained he went, on the invitation of the Wardens of St. Peter's Cathedral to Charlottetown, P. E. I., where his untiring efforts soon made him a prominent figure in the Maritime Provinces. On one occasion he refused to go to St. Thomas Church, Toronto though urged to do so by those who knew his worth. His work, he felt, was at Charlottetown rather than at the Queen City and at Charlottetown he remained and at Charlottetown he ultimately became a Canon of the Cathedral. Though busily engaged in his own work the war did not leave him unscathed for it was during

No Statement From Mr. Carvell TORONTO, April 28—A special despatch the Star from Winnipeg says: "At least one person will not voice an opinion on the proposals of Lord Shaugnessy. This is Mr. Frank Carvell, Chairman of the Board of Railway Commissioners. He was all settled Tuesday night to give out a statement when told the public have been waiting. Then he suddenly changed front and said "no I guess I have been talking too much already. I have nothing to say. Many think I have been making a fool of myself and I am not going to give them an opportunity to say it on this issue."
