WINDSOR DEFEATS SUMMERSIDE 3-2

In Fastest Game of Season. Windsor Again Outplays Crystals.

Summerside hockey fans were last night treated to perhaps the fastest and most exciting game of hockey witnessed this season, many claiming that it was even faster than Wednesday night's game, when the storm-stayed Windsor aggregation owing to being unable to get a train for their homes, played a second game with the Summerside Crystals before a large crowd of spectators, the N.S. champions winning by a close score of 3-2.

First Period, 8-45.

The first period started with a rush and after five minutes play Mosher of the visitors scored. Five minutes later Dalton of the home team planted the rubber after an end to end rush. After some fine individual and combination play the period ended 1-1, only one minor penalty having been handed out.

Second Period, 9-17.

This period was just right from the first whistle with both teams working hard. The goals of both teams in this period were kept busy and staged some phenomenal stopping. After playing hard and fast throughout the twenty minutes, neither team was able to score, and the period ended with the score still one all.

ICE RACES TODAY

The Charlottetown Driving Club ice races this afternoon will be of more than usual interest and it is expected that some fast time will be made in two of the events.

The fast race called will be the Free-for-all-Trot the fast heat of which will be held at 2 p. m. In this race the unbeaten Radiant will be pitted against The Yank.

The Free-for-all-Pace should also be a corking good race and the other two events will show up some new material that has not before been seen in action this season.

Owing to the large number of horses that will be racing it is particularly requested that all non-starters keep off the course, otherwise accidents are liable to occur. The course is being measured, cleared and flagged this morning and if the weather man will only do his part the afternoon's sport will be well worth while going a long distance to see.

For the information of citizens who have not been attending races this winter we may state that the Driving Club race course is situated on the west side of Hillsboro Bridge, running in the direction of South port wharf and can be reached by going on the ice from Prince Street and proceeding around the Railway Wharf or by going past Carters warehouse onto the ice.

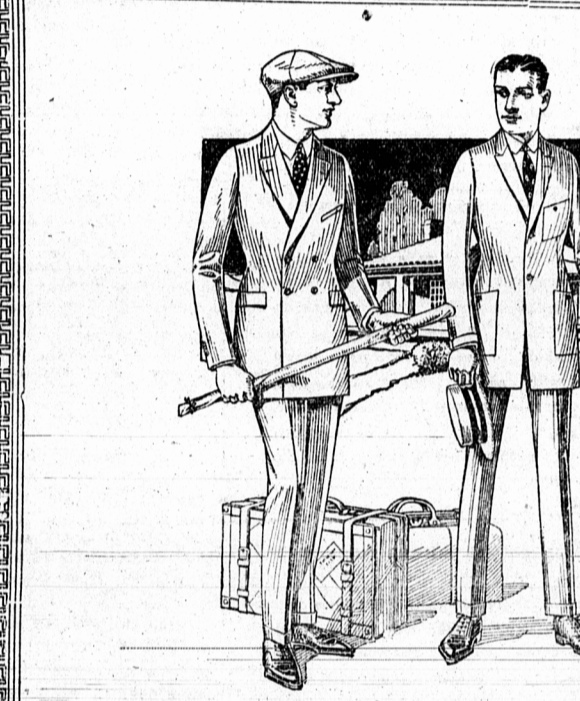

The classes will be called in the following order:—

Free-For-All-Trot Class A. Trot.
Free-For-All-Pace Class C. Pace.

ANTIGONISH, Mar 25—Bernard Cleveland broke in senior hockey here. Before coming to Antigonish he had played a little with high school and college teams. He indulged in two games with the Antigonish Bankers last winter, and immediately attracted attention.

He will go to Chester later in the week to await orders from headquarters, which he believes will be received before April 10th.
