## Excursionists Well Received

### "New Outlook" Party Had Very Pleasant Day's Stay In Province Yesterday—Left On Return Last Night.

The party of representatives of the United Church in Canada which is touring the Maritime Provinces under the auspices of the "New Outlook," arrived in Charlottetown yesterday morning and spent the day in visiting points of interest in the city and province. The party are 183 in number, about 120 of whom are from Ontario. The majority are ladies.

The object of the tour is to give the people of Central Canada a more intimate knowledge of the Maritimes and the conditions which exist in these provinces. The excursionists certainly lived up to the ideals of the project as a great deal of this province was covered by automobiles, there being visits made to points as far as thirty miles from the city. The visitors are all very pleased with their tour which yesterday reached its final stage.

Many complimentary remarks were made about the beautiful scenery of Prince Edward Island. A prominent member of the party stated to a

representative of The Guardian that the farms he saw here were better kept and more tidy than any he had seen previously. The afternoon programme terminated with a delightful "At Home" to the visitors at Edgewater, residence of Lieutenant Governor and Mrs. Hearts.

Last evening after a delicious luncheon had been served by the ladies of Trinity United Church, the final gathering of the excursionists was held in Hearts Memorial Hall, where resolutions of appreciation were passed. Rev. Dr. Crews, the leader of the party presided and on the platform were Hon. A. C. Sinclair and Rev. Dr. Ramsay.

Resolutions thanking Mr. Burch, tariff representative of the C. N. R. who is in charge of the special train, Rev. Dr. Falls, publisher of the "New Outlook" who commenced the tour as leader of the party and who, due to illness at Quebec had to return, and Rev. Dr. Crews, who escorted Dr. Falls, were passed. Appreciation was also expressed of the work of Mr. Harrison, advertising manager of the "New Outlook" and Mr. Stauffer, publicity agent.

Yesterday being July 4th, at the opening of the meeting "My Country 'Tis of Thee" was sung in honor of several citizens of the United States with the party. Mrs. A. E. Jackson, "Nadine Williams," leading soprano of the Philadelphia Civil Opera Co., sang the "Star Spangled Banner."

Mrs. Jackson was presented with a token of the party's appreciation for her entertainment enroute by Mr. Harrison. She also delighted the assemblage with two beautiful solos.

Rev. S. F. Wenger, of Tracy, Minnesota, in a brief address spoke of the many bonds which unite the two great nations, Canada and the United States. Rev. Dr. Crews admirably recited the poem of J. W. Bengough, which so accurately described the fellow-feeling between Great Britain and the U. S. A.

On arrival in the city at 10 o'clock yesterday morning, the party was met by the reception committee of Trinity United Church and proceeded immediately to the church where a short programme was carried out under the direction of the chairman of the committee, Mr. John F. Whear.

Addresses of welcome were delivered by Rev. John Stirling, Moderator of the Prince Edward Island Presbytery of the United Church of Canada, and by Rev. Dr. Ramsay, pastor of Trinity Church. These clergymen made brief but fitting remarks, giving the visitors some facts concerning the production of Prince Edward Island, not only from an agricultural standpoint but from the standpoint of "brawn and brain."

Mr. Stirling said there were three characteristics of the Scotch (who form a large part of the population) namely, humility, generosity, and sobriety. We intend, he said, to stick to Prohibition and are content to be unique with Nova Scotia in that regard.

Dr. Ramsay mentioned the names of Sir Robert Falconer, Sir Louis Davies, Dr. Schurman, and other distinguished names.

Among those who made the trip were Dr. A. C. Crews, Editor of the Sunday School publication of the United Church, Mr. T. C. Harrison of the business staff, also Mr. and Mrs. McKinney, the latter being the first woman legislator of Alberta, and Mrs. Oliver, President of the W. M. S. of Toronto. There were four men over 80 years of age in the party, one being 87, another 86, and two other 81. They stood the journey well and enjoyed themselves as heartily as the younger delegates.

The excursionists left last evening at 9 o'clock. They stop for a brief period of time today at Newcastle, N. B., and thence return to Toronto.

## WINDSTORM

(Special to The Guardian)  
EDMONTON, Alta., July 4.—A terrific windstorm coming out of the west early Tuesday night did untold damage to city property. Windows were smashed, trees uprooted, fences torn down, and several automobile accidents, resulting in minor damage to the vehicles, were reported. The wind came as a climax to one of the hottest days of the year. A much needed rain followed.

## Annual Meeting

(Special to The Guardian)  
CAPE TOWN, South Africa, July 4.—Leading Savants not only from the British Empire, but from France, Germany, Holland and America, will attend the annual meeting of the British Association for the Advancement of Science to be held in Cape-town on July 22. The association has met in Canada four times but, despite its 98 years of experience, has never met in London, England.

Distinguished sons of Prince Edward Island, who won distinction in the wider field of endeavor outside this province.

After a short prayer and benediction the party proceeded to the Provincial Building where addresses of welcome were given by Premier Saunders, His Worship Mayor Yeo, and an interesting description of room and tablet was given by Capt. H. R. Stewart, Deputy Provincial Treasurer.

Rev. Dr. Ramsay presided at the reception held in the Legislative Assembly Chamber. Premier Saunders in the course of his address spoke of the progress which the Island has made along agricultural and other lines and referred to the high quality of our dairy products, potatoes, foxes, oysters, etc. "If I should continue praising the Island any more," he continued amid laughter, "you would think I was a westerner."

The Premier then extended a welcome on behalf of the people of Prince Edward Island, and His Worship Mayor Yeo, extended a welcome on behalf of the citizens of Charlottetown. He referred to the distinguished visitors whom the city has also welcomed this week including Sir Henry Thornton and the members of the Maritime Live Stock Board. He paid a tribute to the work done by the United Church of Canada under whose auspices the tour of the New Outlook party is being conducted. He also spoke of the worthy object of this tour in assisting to build up a united citizenship of Canada.

After leaving the Confederation Room, the visitor spent an hour in viewing points of interest in the city, after which lunch was served in Hearts Memorial Hall by ladies of Trinity United Church. At 1.45 the party left the hall for an auto drive through the country, which proved to be very enjoyable. Later in the afternoon they were guests of His Honor Lieutenant Governor Hearts and Mrs. Hearts at a delightful "At Home" at Edgewater.

The party left Toronto on June 17th and since then have visited Ottawa, Montreal, Quebec, the Saguenay District, and the Riviere du Loup, before coming to the Maritimes where they were welcomed at Sydney, Yarmouth, Halifax, Fredericton, Moncton, St. John and other places.

The came to Prince Edward Island direct from the Annapolis Valley, and are proceeding from here to Toronto, where they will arrive on Saturday.

The party includes a number of representative men from British Columbia, Alberta, Saskatchewan, Manitoba, Ontario, Quebec and the States of Minnesota, Pennsylvania, and New York.

Among those who made the trip were Dr. A. C. Crews, Editor of the Sunday School publication of the United Church, Mr. T. C. Harrison of the business staff, also Mr. and Mrs. McKinney, the latter being the first woman legislator of Alberta, and Mrs. Oliver, President of the W. M. S. of Toronto. There were four men over 80 years of age in the party, one being 87, another 86, and two other 81. They stood the journey well and enjoyed themselves as heartily as the younger delegates.

The excursionists left last evening at 9 o'clock. They stop for a brief period of time today at Newcastle, N. B., and thence return to Toronto.

## APPLICATION TO APPEAL IN S' SIDE CASE

### Motion Heard Yesterday in Supreme Court in Re The King vs. John Grady.

In the Supreme Court yesterday, before Justices Hazard and Arsenault, application for leave to appeal was made by Mr. J. J. Johnston, K. C., in the case of The King vs. John Grady, of Summerside, who was convicted of unlawfully stealing gasoline engine equipment at the last term of the Supreme Court in Summerside and was sentenced to two years in the penitentiary.

The notice of motion, which counsel for appellant read, alleged that the Crown had failed to prove that the stolen engine was the property of Napoleon Arsenault, as set out in the indictment, that the evidence established that the Crown witness Hubert McDonald was a self-confessed accomplice, that he was not prosecuted for the offence, that his evidence connecting the prisoner with the crime was contradicted by an independent witness for the Crown, an independent witness for the defense, and by the prisoner; that two independent witnesses including the Chief of Police of Summerside had stated that in their opinion McDonald ought not to be believed upon oath, and that the said McDonald was then under two indictments charged with criminal offences. A number of grounds were given alleging misdirection of the jury by the trial judge and it was claimed that the verdict was against the weight of evidence and was such as reasonable men ought not reasonably to find.

Counsel for appellant then read and discussed the jury charge, and asked leave to submit certain affidavits, four in number, which, he explained disclosed that McDonald admitted to perjury at the trial and confessed that the appellant was not mixed up in the alleged crime.

Objection was raised by the Attorney General to the admission of the affidavits on the ground that no dependence could be placed on a statement of the Crown witness, McDonald, in contradiction of anything the same witness had said under oath. "No doubt," he said, "McDonald might give contradictory statements. That is his character. I have no hesitation in saying that I believe him to be a man of that kind." The speaker contended that if counsel for appellant had an affidavit of what McDonald said under oath it might have some weight, but the Court did not know under what circumstances the affidavits were secured.

Mr. Johnston submitted that the affidavits contained important new evidence. He stated that in the evidence it was disclosed that a man by the name of Brooks, a Prohibition officer, went to see the Crown witness McDonald, who was then a prisoner in Prince County Jail under two indictments.

Brooks secured a written statement from McDonald, but that statement was not produced by the Crown at the trial. Counsel now had new evidence which he proposed to submit in the form of affidavits.

The Court: Why was not that evidence produced at the trial?

Mr. Johnston: Because we did not know it at the time.

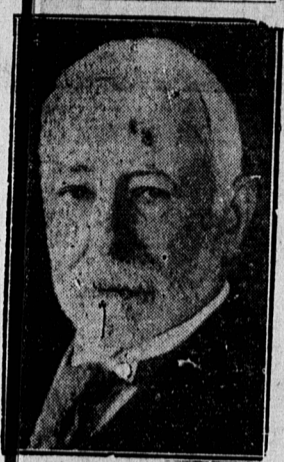

After recess further discussion took place. The affidavits in question, were submitted to the Court for perusal. A significant statement of one of the witnesses whose affidavit was taken, counsel explained, was that the witness had been asked to go to see McDonald in jail and that he refused because he was "afraid" to go.

The Court ruled that the affidavits disclosed no new evidence which could not have been obtained at the trial. Mr. Johnston asked leave to add, as an additional ground for application, the submission of new evidence.

The Court concurred, provided the evidence was submitted on substantial ground and not on the affidavits in question.

Mr. Johnston then asked to have included as an additional ground of application, the fact that the accom-

## PASSED AWAY

Hon. William Stevens Fielding, former federal minister of finance and premier of Nova Scotia, following a stroke of three days' duration and a long, five-year battle against physical ailment, passed away on July 23, at his residence in Ottawa. Mr. Fielding was one of the most distinguished of Canada's statesmen, being minister of finance for the Dominion for 15 consecutive years, while for the 12 preceding years, he was premier of his native province of Nova Scotia. At his death Mr. Fielding left a record as a patriot and statesman that is probably unique in the history of Canadian politics.

## Liberals Gain Seat By Recount

(Canadian Press)  
REGINA, Sask., July 4.—Liberals gained a seat today by the recount at Cannington, giving A. C. Steele a majority of one over Dr. Arthur. Independents 25; Progressives 4; Conservatives 5.

Steele's vote is given as 1865 and Arthur's 1865.

Sixty ballots were thrown out in the recount. Arthur's majority of 23 in the original return is changed to one of a majority for Steele. Counsel for Dr. Arthur today gave notice of an appeal from the decision of Judge Rimmer who presided over the count.

LONDON, July 4.—The Prince of Wales entertained at a dinner party last night. His guests included the Duke and Duchess of York, Premier Ramsay McDonald and the premier's daughter, Isabel. His Honor, The Lieutenant-Governor and Mrs. Ross, on their arrival in England, were invited to dine with H. R. H. the Prince last night.

Police McDonald had recounted his evidence given at the trial. Counsel was requested to submit his new grounds in writing.

Mr. Johnston then reviewed the evidence and charge at considerable length.

What credence, he asked, can be placed on the uncorroborated evidence of a person whom the Attorney General himself admits should not be believed, and whose statement on affidavit could not be accepted?

The evidence, Mr. Johnston declared, disclosed that the accomplice McDonald had been interfered with by officers of the Crown prior to giving his evidence as a Crown witness against the appellant and that the situation from a standpoint of administration of justice was an intolerable one.

Hon. Mr. Saunders, Attorney-General who followed, said the evidence disclosed that McDonald had been engaged in no livelihood other than run-running and that he was very closely connected with Grady. There was no question as to the identity of the engine which was stolen. Mr. Saunders cited cases to support his claim that the appeal should be dismissed.

## CLOSING OF LIVE STOCK BOARD MEET

### New Officers Elected—Recommendations For Co-operative Feed Buyer—Luncheon at Experimental Station.

The closing session of the annual convention of the Maritime Live Stock Board, which commenced in Charlottetown on Wednesday morning, took place yesterday at 9 a. m. with the president, Mr. O. A. Jess, in the chair.

A number of resolutions were passed, thanking the Canadian National Railways, the three Provincial Departments of Agriculture, the Dominion Live Stock Branch and the press for services in the past.

Chief among the resolutions passed was the following:—

"Whereas the Maritime Live Stock Shipping Club have been marketing their hogs on a graded basis for a number of years.

And whereas local drovers and buyers are continuing to buy on a flat basis to the discouragement of co-operative shipping.

Be it resolved that we, the members of the Maritime Live Stock Board Inc., here assembled do petition the Dominion Department at Ottawa to enforce the new hog-grading regulations in the Maritime Provinces immediately."

Moved by Geo. T. Whalen. Seconded by A. B. Roberts.

Considerable doubt was manifested by certain members as to whether enabling legislation had been passed in Prince Edward Island for this purpose. At present a buyer purchases on a flat rate, but if this resolution be acceded to, he is required to grade the hogs himself and make a record of it. The animals are brought to town where they are regraded by an inspector who thus keeps a check on the purchaser's activities. This, it is intended, will work out in the interests of the seller.

The report of the committee on feeds which was presented by Mr. Walter Shaw is as follows:—

Report of Committee on the Purchase and Distribution of Feeding Materials.

1. Due to the fact that the basis of economic production in the growing and feeding of those home grown feeds that can be cheaply produced, therefore we strongly recommend the increased production in clover, grain and roots by farmers in the Maritime Provinces.

2. We strongly recommend that the head office of the Maritime Live Stock Board establish an information bureau for securing latest market prices on feeds in quantity lots and that the club secretaries be kept supplied with this information in such form that it could be easily translated and understood by club members and further that sources of feed such as Argentine Corn be investigated.

3. In view of the increase in cost accompanying the handling of feeds in small lots, and the danger of transacting business on the credit basis we recommend that the Board confine its feed purchasing and distributing activities to straight car lots, except when mixed carlots can be purchased at straight car rates and further that feeds be purchased only on orders from Shipping Clubs carrying a banker's guarantee, thus ensuring payment on arrival of car.

4. Due to lack of information on the preparation of suitable balanced live stock rations utilizing cheaply purchased and home grown feeds, we recommend that the Federal and Provincial Departments of Agriculture further the distribution of information and material dealing with the compounding of economic rations.

Moved by W. R. Shaw. Seconded by W. V. Longly.

The new officers and directors are as follows:— President:—Mr. A. O. Jess, Fort Williams, N. B. (re-elected).

Vice-president:—Mr. A. B. Roberts, later than Charlottetown, Summerside.

## Tragic Accident At St. Eleanors

### Victor Compton, 14 Year Old Son Of Mr. and Mrs. Stanley Compton, Kicked By Horse And Instantly Killed.

A sad gloom was cast over the quiet village of St. Eleanors on Wednesday night by the tragic death of Master Victor Compton, 14 year old son of Mr. and Mrs. Stanley Compton, a prominent farmer. The family had returned from Summerside about 7.30 p. m. and the young lad had unharnessed the horse and was leading him away to the pasture when the horse kicked him in the region of the heart killing him instantaneously.

The animal was a favorite of Victor's and the lad was holding him by the tail which he was in the habit of doing. Having a switch in his hand he gave the horse a touch and before his parents, who were in the yard, realized what had happened the boy had fallen down dead.

His father and brother ran over to him quickly and picked him up but life was extinct. Dr. Tanton was summoned from Summerside and confirmed the sad fact that death was

instantaneous. The heartfelt sympathy of friends far and near go out to the stricken parents in their sudden bereavement. It is particularly sad as this is the second death from accident in the family. Another son died a few years ago when his gun accidentally discharged while he was out shooting. He died shortly after he was brought home.

Victor will be much missed not only at home but by his playmates as he was a good natured, lovable boy, a favorite with old and young and a bright student. He was one of the class confirmed by His Lordship Bishop Hakeney on June 23rd.

There are left to mourn besides his sorrowing parents a large number of brothers and sisters to whom The Guardian extends heartfelt sympathy. The funeral takes place tomorrow, Saturday at 11 a. m. at St. John's Church, St. Eleanors, Ven. Archdeacon White officiating.

## TWO KILLED Bear River Man Instantly Killed

(Special to The Guardian)  
OMAHA, July 4.—Two persons were killed in a fire-works explosion and fire which wrecked the four storey building of the Brinn and Jensen wholesale paper and notions company late yesterday. The dead are Myron Jensen, 18, son of J. P. Jensen, president of the company, and Harry Jones, vice president of the concern. They were trapped on the top floor of the building with three other workers who escaped with their lives.

Winsloe, P. E. I. Vice-president:—Mr. Geo. T. Whalen, Sussex, N. B. Secretary-Treasurer and Manager:—Mr. R. M. Elliott, Moncton. Directors:—Mr. A. O. Jess, Mr. J. Howard McKichan, Cleveland, N. S., Mr. A. B. Roberts, and Mrs. A. S. Losier, Tilly Road, N. B.

(Special to The Guardian)  
VATICAN CITY, July 4.—The Pope's plan to emerge from the Vatican on July 25, was officially confirmed today. The Pope will leave the Vatican at 6.30 p. m. and participate in the eucharistic procession around St. Peter's Square.
