Mr. and Mrs. Donald W. Stewart, Bucksport, Maine, who have been visiting His Worship Mayor Stewart and Mrs. Stewart, left for their home recently. While on the Island they also visited relatives and friends at Tracadie, Marshfield and South Shore.

IN MEMORIAM

MR. ANGUS MCRAE

On August 22, there passed on a fine spirit in the person of Angus McRae, who died at his home at Wheatley River at the age of 64. Mr. MacRae, whose father was John McRae, was born at Wheatley River and in 1900 married Miss Cassie M. McLeod, of Charlottetown, who survives him. Their only child, Marion, died about eight years ago, aged 23. Angus McRae possessed a character strong in its simplicity, steady and straight, a man deeply beloved. For some time he suffered from a dread and all too common disease, the pain of which he bore in a quiet, strong patience till death released his spirit to find its place in the better world.

A CRETONNE SHOE BAG

Those who live in small apartments, with the minimum amount of cupboard space, find the problem of the simplest method of housing one's shoes a difficult one. A cretonne bag with pockets, can be hung on the inside of the cupboard door; this should hold a dozen pairs of shoes daily.

MRS. FRANK MACDONALD

Sincere sympathy will go out to Mr. Frank MacDonald, Registrar of Deeds for Queens County, in the severe loss he has sustained in the passing of his wife, at their apartments, 26 Rochford Street, early Wednesday afternoon, after a prolonged illness.

Buyers Prepare For Christmas

NEW YORK, Sept. 15—You may think Christmas is a long way off, but a lot of people have been getting ready for it ever since the last Christmas holidays were over.

The National Art Ware Show now being held here has attracted buyers from the nation's gift shops who are selecting the class of goods they hope and believe the people will buy for Christmas presents in particular.

And this year, apparently, the vogue is going to be for articles fashioned of "machine age" materials. Manufacturers in search of economy have adopted so many new materials that it's just as if the trays, lamps, cigaret boxes and other bric-a-brac had just been invented.

Picture frames, vases, coasters and the like are made of glittering composition; chromium is used extensively to plate copper vessels—a table set with this finish is dazzling in sheen—cellulose materials make their appearance in dollies

and table covers which can be used indefinitely and cleared easily, while many wooden articles are being given a metal finish, reversing the now commonplace fashion of having metal articles, notably furniture, that look like wood.

There was a larger showing in

some of the cattle classes, but the Jerseys were not as large as usual, although there were some good individuals in both Gurnseys and Jerseys. The same could be said in regard to shorthorns.

The Holstein class was the best outside of Charlottetown. Some of the cattle would top this class at any provincial show, Jesse Mathews' aged cow being worthy of particular mention.

The Ayrshire had a good showing but lacked fit. Much more attention could be shown in fitting beasts for the show ring.

The aged bull class was above the average. The beef cattle were much better fitted than last year and there were some very fine individual animals that took some of the best prizes at Charlottetown.

Mr. Shaw, who judged the cattle stressed the point of better fitting for the show ring and suggested that sufficient rope be purchased to make a ring about 300 feet for judging horses and cattle.

Speeches

Some very good advice was given by the speakers.

The Mayor expressed much pleasure in his welcoming address at seeing so many present.

Mr. A. D. O'Brien, President of the exhibition, gave a short speech and expressed pleasure at so large an attendance.

In declaring the exhibition open His Hon. Lieut. Governor Charles Dalton, congratulated West Prince on their splendid showing of livestock. He said quality should be the watchword of every farmer so that we can compete in the markets of the world when they are opened once more. Island products should hold a premier place in these markets.

The entries this year were much superior to other years and in most instances larger.

Hon. G. Shelton Sharp, said he was pleased at the optimistic spirit of the people of Prince County in putting on such a fine exhibit this year. He was glad that with strenuous efforts they had been able to continue the grant to county fairs. The purchase of the new funds was a credit to West Prince. Agriculture was our basic industry and we must hold fast to it. We must do all we can to encourage the younger generation and interest them in farm work.

Conditions were improving and things would soon be back to normal, Mr. Sharp hoped.

The crops were favourable and the exhibitors were much better than other years.

The speaker stressed quality in every line of farm produce rather than quantity to enable this prov-

West Prince Exhibition

The exhibition at Alberton was very even and there was some keen competition. The exhibit of lambs this year was a special fair held in conjunction with the main fair. The prize list was larger but the prizes not as large which brought more entries.

The exhibition was held on the new grounds, just across from the old exhibition grounds, which were purchased in July from Mrs. Henry Gard. They comprise eight acres, well adapted for holding an exhibition. There is some talk of a race track next year. The fine building used for the showing of the Domestic Science and farm products was hauled from the old grounds to its present site. Meals were also served here. Some new buildings were erected for the stock and many of the old ones were used.

The exhibition more than justified the expense incurred by the management as the exhibits were larger and better than ever.

There was the best showing of horses this year that has ever been seen at Alberton, particularly in the carriage and draft classes. Many of them could compete with the best horses in the Maritimes. Mr. Ray Horne of Charlottetown judged this class. A great deal of interest was taken by the public in the wonderful display of Island bred horses. Mr. Horne remarked that he was pleased to see the Island horse coming into his own again.

There was a larger showing in some of the cattle classes, but the Jerseys were not as large as usual, although there were some good individuals in both Gurnseys and Jerseys. The same could be said in regard to shorthorns.

The Holstein class was the best outside of Charlottetown. Some of the cattle would top this class at any provincial show, Jesse Mathews' aged cow being worthy of particular mention.

The Ayrshire had a good showing but lacked fit. Much more attention could be shown in fitting beasts for the show ring.

Along The Waterfront

Railway Wharf The oil tanker Taranite, Captain MacDonald arrived in port yesterday from Halifax, N. S., and is at present discharging a cargo of 11,000 barrels of three star gasoline for the Imperial Oil Co., she will then leave for Campbellton, N. B., and Sydney, N. S. before returning to Halifax, N. S.

Marine Wharf Customs cruiser Chaleur, Captain Heather arrived in port yesterday. D. P. W. Launch, Captain Lund now in port.

Buntain, Bells Wharf S. S. Magnhid, Captain Clausen, arrived in port yesterday from Halifax, N. S., and loaded 100 cattle 50 sheep, 150 pigs, 60 calves, 1 horse along with 350 bales of hay and a general cargo of butter cheese and eggs, all for St. John's Newfoundland, she also carried 100 bags of mail for St. Pierre, Miq she sailed last evening. Sch. Nelle J. King, in port.

Lyon's Wharf The Tern schooner, Cape Blomdon, Captain Raymerriam arrived in port yesterday from Philadelphia with a cargo of 393 tons of hard coal for C. Lyons & Co., and is at present discharging her cargo

to compete with other markets. Mention was made of the Golf Club and school fair to be held in Charlottetown this month.

Mr. A. E. McLean, was pleased with the progress made in the exhibition and the keen rivalry shown among the farmers. He complimented the people on their showing of lambs this year. But was sorry that butter and cheese did not have such a good representation. The farmers would be well advised to stay by dairy farming.

Mr. J. W. Boulter, in a brief speech said there was considerable advancement in all classes. The grain was very much superior this year. Livestock was improving each year. There are indications of an upward trend in prices for farm produce.

In regard to butter there is less in storage this year and Canada would be importing butter he thought before the winter is over. He advised farmers not to market their potatoes this fall, as the market would improve later on. There should be a good market in Canada and possibly in Great Britain for Island potatoes.

The Island barley crop is the best in Canada and there is a good outlet for it. There are considerable inquiries for cranberries. On the whole the farmers outlook is brighter this year.

There were several special prizes donated by different merchants which brought much competition. An entertainment and dance brought an enjoyable day to a close.

WESTERN GUARDIAN

—W. A. HOLD SOCIAL EVENING—The W.A. of St. John's Church St. Eleonors, held a very pleasant social evening on Tuesday. Games and cards were enjoyed by a large

number of guests. The chief feature of the evening, however, was the fortune telling cakes, made by the young girls. Each slice of cake had a typewritten sheet of paper telling your future. The slices were sold at five cents a piece and caused a good deal of fun. Ice cream was served by the ladies. The affair was quite successful and the proceeds went in aid of the W. A.

—NEW BRIDGE WORK —

The residents of the second district of Prince County appreciate the new concrete bridge which has been constructed to replace the old wooden one at the Northam corner leading to the Western Road. This was a very necessary piece of road work. The contract for this work was given to Erland Ramsay and Percy Banks and the work was very favourably commented upon by the public and Mr. Wm. McDougall, of Richmond, road engineer. The gravel used in the construction of this bridge was taken from West Point.—S.

—MISS MCINTOSH SPEAKS IN UNITED CHURCHES—

Very interesting speeches were delivered on Monday afternoon in the United Churches of Lot 14 and Lot 16 by Miss McIntosh, Dominion Traveling Secretary of the W. M. S. of the United Church in Canada. Miss McIntosh who is a native of Glengarry, Ont., has been closely connected with missionary work for a number of years and worked for some time at the port of Montreal. She spoke on the work of the W. M. S. in Canada, especially among the Indians, also on the work in the hospitals in China and Japan. The devotional period was conducted by Rev. E. R. Woodside. Miss McIntosh, who was the guest of Mrs. L. R. Allen, of Summerside, during her visit, left later for Port de Bute, N. S.—S.

Lameness prevented by Minard's.
