Mr. Otto A. Fleissner's **KIDNEYS** WERE SOAKED WITH **CATARRH.**

Pe-ru-na Promptly Cured Him.

Mr. Otto A. Fleissner, American Epicurean, late Chef to Col. W. J. Coady, (Buffalo Bill), now chef at the Rainier Grand Hotel, Seattle, Wash., writes:

"I suffered with kidney and bladder trouble until life did not seem worth living. I had tried many medicines, but did not get any relief until I took Peruna. It was really wonderful how much better I was after I had used this medicine only a week. I did not expect that it would help me permanently, but as long as it was doing me good I continued to use it. At the end of six months I found to my relief that it had rid my system of all poisons, and that I was cured to stay cured. You certainly have a splendid medicine and I gladly endorse it."—Otto A. Fleissner.

Catarrh of the Kidneys a Common Disease—Kidney Trouble Often Fails to Be Regarded as Catarrh by Physicians.

Catarrh of the kidneys is very common indeed. It is a pity that this fact is not better known to the physicians as well as to the people.

People have kidney disease. They take some diuretic, hoping to get better. They never once think of catarrh. Kidney disease and catarrh are seldom associated in the minds of the people, and, alas, they are not very often associated in the minds of the physicians. Too few physicians recognize catarrh of the kidneys. They doctor for something else. They try this remedy and that remedy. The trouble may be catarrh all the time. A few bottles of Peruna would cure them.

PE-RU-NA CURES CATARRH OF THE KIDNEYS.

Pe-ru-na Removes the Cause of the Kidney Trouble.

Peruna strikes at the very centre of the difficulty by eradicating the catarrh from the kidneys. Catarrh is the cause of kidney difficulty. Remove the cause and you remove the effect. With unerring accuracy Peruna goes right to the spot. The kidneys are soon doing their work with perfect regularity.

Thousands of Testimonials.

Thousands of testimonials from people who have had kidney disease which had gone beyond the control of the physician are received by Dr. Hartman every year, giving Peruna the whole praise for marvelous cures.

SATURDAY, DECEMBER 30 1905.

THE CLOSING YEAR.

The year 1905 now so near its close, has been fruitful of notable events, a few of which it may be of interest to recall. Throughout the year Russia and Japan have occupied the centre of the stage in the world's affairs. At the beginning of the year the great war between these two powers in Manchuria was approaching its crucial point. In January the heights commanding the harbor of Port Arthur were captured by the Japanese, the warships in the harbor sunk or destroyed and the city surrendered.

In midsummer came the great naval battle of the Sea of Japan, the greatest conflict on the high seas since Nelson fought and won at Trafalgar. Negotiations for peace and finally the peace treaty of Portsmouth signed in August, ended the war. But peace with Japan by no means ended Russia's troubles. Strikes, uprisings and popular demands led the Czar to abdicate his absolute power and promise the establishment of civil liberty and representative institutions in Russia, but these reforms were too long delayed and the year closes upon the nation in a condition but one step removed from a general civil war.

Japan emerged from the war hard pressed financially but with tremendously enhanced military and naval prestige and has since raised and repaired the sunken Russian warships and added them to her fleets. She has now, despite some losses during the war, a navy 50 per cent stronger than that with which she began the struggle, and this after having destroyed or captured almost the entire Pacific and Baltic fleets of Russia, either of which was stronger in ships, guns and numbers of men than her own. Though the Japanese people were dissatisfied with the terms of peace, history will record her achievements as unexampled and the peace as most advantageous. She gained more than all she had claimed at the outset, and Korea has become a Japanese Province.

In great Britain two noteworthy treaties are salient features of the year's events. A treaty with France settled all outstanding questions as to boundaries and conflicting claims in Egypt, Morocco, and throughout Africa as well as the French Shore question in Newfoundland. A perfect accord was established between the two nations across the Channel. In internal affairs the resignation of the Balfour Administration as a strategical move, and the formation of a Liberal Government under Sir Campbell Bannerman signalises the close of the year.

Among other European powers the most signal change took place in Scandinavia resulting in the peaceful separation of Norway from Sweden, the deliberate choice of the monarchical form of government by the people of Norway and the choice of a Danish Prince as their King. Germany has continued with varying success her long and costly warfare with the Hereros in Southwest Africa. Turkey has been coerced by a naval demonstration of the powers to give effect to long promised reforms in Macedonia.

In India the conflict between Lord Curzon and Lord Kitchener and the resignation of the former owing to irreconcileable differences regarding the civil and military authorities in administration, formed a salient feature of the year's events. The visit of the Prince and Princess of Wales to the Indian Empire marks the close of the year.

In the United States among the events which were of most absorbing interest to Canadians were the civic elections in New York City resulting in the re-election of Mayor McLellan and District Attorney Jerome; the alarming revelations brought out by a legislative committee of inquiry into the great insurance companies which have so many thousands of policy holders in the Dominion; and the strong revival in New England of the movement for reciprocity with Canada.

Coming to our own Dominion the year has been marked by almost unexampled prosperity, trade larger than ever before, busy industries, good crops and revenues the largest in our history. There has been an unusual inflow of migration from the Old World and the United States. The creation of the two new Provinces of Alberta and Saskatchewan, and the election of their first Legislatures, in both of which the Liberal element predominates, were historic features of the year. In legislation a signal feature was the large increase of the sessional indemnity to Members and Senators and the creation of pensions for ex-Ministers and a large salary for the leader of the Opposition. These increased indemnities were voted by Parliament with unanimity, but no measure since confederation has been more generally condemned by the country.

Our own Island has witnessed strange things during the year. Short crops in 1904 had ill prepared our people for the unexampled rigor of the winter of 1905. It became necessary to import large quantities of hay which owing to the entire failure of our winter service during a period of two months it was impossible to get it across the straits. In the meantime our railway was closed or only in partial operation for an unexampled period owing to cold and fierce storms: so that the winter proved to be one of the worst in a generation past.

The winter's trials led to an agitation for improving our winter communications by means of another and stronger winter steamer and the construction of a Tunnel at the Capes. A Provincial Convention was held and a delegation sent to Ottawa to present our case, which was followed by a series of meetings addressed by them after their return. In the meantime the Legislature took up the question, unanimously adopting a memorial in favor of the Tunnel and the new steamer, which memorial was presented at Ottawa by an official delegation. As the result of these movements—incidents of which were the famous Tunnel Tea at Cape Traverse and the wide circulation of Tunnel Stamps—the new steamer has been promised, together with an official inquiry and report as to the practicability of the Tunnel.

The spring, summer autumn and early winter have been most propitious. Our farmers have harvested good crops and have realised good prices. Trade has flourished and few failures have marked the business of the year. The year closes with the people of the Island and Canada full of heart and hope and with an outlook which in its general aspects has seldom appeared brighter.

SPRAINED HER ANKLE.

"I slipped on an icy step and sprained my right ankle very badly", writes Miss Minnie Burgoyne of Glenwood. "It swelled to a tremendous size and caused intense pain. I applied Polson's Nerviline and got prompt relief; the swelling was reduced, and before long I was able to use my foot." For sprains, swellings and muscular pains Nerviline is the one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nerviline. Fifty years in use.

PAINS

For Society Folk.

People of fashion do things sometimes that cause pains in the stomach and aches in the kidneys. Hard work and hard pleasure have pretty nearly the same results. A sour stomach, a bad breath and pains about the heart and head are caused by gasses from the stomach. Hutch cures them quickly. You take one when you feel badly. Three at night to move the bowels next morning, then one after each meal and your trouble will go away. It is nature's own remedy for pain.

They are chocolate coated and contain nothing that is injurious. There is nothing like Hutch in the world. It's a doctor for ten cents. At your druggists. For sale by all Duggists.

A New Year's Gift

or some little return present.

We still have some nice packages of perfumes and other articles left with which we can please you. To turn into cash we will sell at cost figures.

RUSHED WITH ORDERS ALL THE TIME

The remark is often made to us, "How is it, you are always so busy?" The answer is a simple one, we give such satisfaction in the work we do, that our reputation is known far and wide, and everywhere all over "Our Fair Island Province," even across the straits to Nova Scotia, New Brunswick, Cape Breton, Quebec and Ontario, in fact in all parts of the Broad Dominion we have received orders for work.

Is the question a difficult one to answer? We trow not.

Satisfaction is the essence of success, hence our success in business.

Remember us when in need of work done to your entire satisfaction.
