THE QUEEN'S KISS.

The following poem by Sir Edwin Arnold appears in the English magazine Lady's Realm. It was inspired by Queen Alexandra's visit to the hospital named for her, where as she bent over the cot of a boy, the little fellow embraced the queen and gave her an affectionate kiss.

Baby, glad and wise and bold,
Did your tiny arms enfold
India's Empress, England's Queen?
Lucky baby you have been!

Daring, fearless little chap,
If goodhap fall or lillhap,
You will always have to say,
'Yes, I kissed the Queen that day'

But what's this we further read,
When you did the desperate deed;
Can it possibly be true
That Her Majesty kissed you?

Rogue! you answer, 'Well', I thought
'Twas an angel they had brought,'
Ah, but just supposing this,
Mortals must not angels kiss.

Never mind. That kiss will be
All through life a memory.
Tender, loving strong to make
A good man of you for her sake.

Nay! and there was more than this,
Baby, in that royal kiss:
For, pressed on your pallid cheek,
Very plainly it did speak—

Unto English girls and boys,
Now she shares their griefs and joys:
Not Queen alone, but mother too,
She kissed them all in kissing you.

AN ACHING BACK

Is the first indication of kidney disease, and should be taken as a signal of danger—a warning to use Dr. Chase's Kidney Liver Pills while yet there is time to avoid the dreadful pains and certain fatality of this terrible disease. There is no guess work, no experimenting when you use the prescription. It brings relief in a remarkable short time, and because of its combined action of liver and kidneys, cures complicated cases which cannot be reached by any ordinary treatment.

GENERAL BOOTH IN LONDON.

LONDON, March 16.—General Booth, of the Salvation Army, has returned here in good health, but compelled to rest, owing to the accident to his leg, which he met on the eve of his departure from the United States. He is enthusiastic on the matter of his reception in Canada and the United States.

WANTED—A case of headache.

ANOTHER SENATOR.

OTTAWA, March 17.—Mr. W. C. Edwards, M. P. for Russell, was appointed to the Senate yesterday afternoon in succession to the late Senator Clewof, of this city. Mr. Edwards has been in the House of Commons since 1897, and is an avowed free trader.

Dear Sirs,—I have been a great sufferer from rheumatism, and lately have been confined to my bed. Seeing your **MINARD'S LINIMENT** advertised, I tried it and got immediate relief. I ascribe my restoration to health to the wonderful power of your medicine.

THE SKIN ON FIRE.

So dreadful are the sensations of burning, itching eczema that victims frequently describe their sufferings by saying that the skin is all on fire. The stinging, biting fires of eczema are quenched by the use of Dr. Chase's Ointment. The first application may cause a little smarting, but this is certain to result and the skin is healed without scar or blemish.

Forms of application and copies of Prospectus may be obtained on request. Notice of allotment will be sent promptly by ordinary letter. It is intended to apply to the Stock Exchanges in New York, Boston, Montreal and Toronto for the listing of the Stock of the Company.

THE CANADIAN STEEL AND COAL COMPANY Limited, was organized to mine and manufacture iron and coal coke and steel in Canada, at Atlantic tide water. This raw materials for these manufacturers are:—

1. COAL.
2. IRON.
3. LIMESTONE.

All these materials we have at hand.

The Company has acquired by purchase, immense iron deposits on the North Shore of the Gulf of St. Lawrence, about 350 miles from Sydney. The deposits are estimated to contain 20,000,000 tons of ore above sea level with probably as much more below that line. The iron can be handled for \$1.00 per ton or less. Quantities of this ore have been shipped to Great Britain and United States where it has given great satisfaction, and we can sell large quantities, i. e., at the properties, netting us a profit of \$2.00 per ton. This ore makes the finest steel.

When in full operation the output is expected to be about as follows:

1. IRON.—200,000 tons iron ore shipped direct from property, showing net profit of \$2.00 per ton, \$400,000.00 total
- 200,000 tons fine iron ore shipped in briquettes, showing net profit of \$4.00 per ton, \$800,000.00 total
- 100,000 tons steel blooms showing net profit of \$5.00 per ton, total \$500,000.00
- 600,000 tons coal, showing net profit, at least, \$1.00 per ton, total \$600,000.00
3. AIDS.—Government bounties (averaged) added to above year for 6 years \$100,000.00

Total yearly gross profit \$2,900,000.00

LESS FIXED CHARGES: 5 per cent interest on bonds \$37,500.00 Sinking Fund 70,000.00 Incidentals 67,500.00 25,000.00

200,000.00

Equivalent to yearly dividends of 30 per cent, or 15 per cent, half-yearly on total capitalization. \$200,000.00

If the capitalization was increased to this estimate would still show a dividend-paying capacity of 10 per cent per annum. \$20,000,000.00

The capitalization of the Dominion Iron and Steel Company, is \$28,000,000.00

The capitalization of the Dominion Iron and Steel Company is \$28,000,000.00

on which it is believed 5 per cent dividends will be earned.

The capitalization of the Canadian Steel and Coal Company is only \$6,000,000.00

controlling, it is believed, equally valuable properties, and it is reasonable to expect much larger dividends.

Within the last few months Dominion Coal shares common rose in market value from \$40 to \$144 per share, and Dominion Iron and Steel Company's shares common rose over \$30 per share in market value.

With such low capitalization The Canadian Steel and Coal Co's shares would show tremendous profit; and it is confidently believed they will.
