Trade Treaty With France

Negotiations For Continuing Treaty Under Way. Ground Being Prepared For Treaty With Germany.

OTTAWA, June 6. (By the Canadian Press)—Negotiations are in progress between Canada and France having for its object the continuation of the trade treaty between the two countries until the end of the present year. The treaty would expire on June 16, if some action were not taken. The recent change of government in France has rather delayed the negotiations but they were taken up again over the week end.

WAR HISTORY IN PREPARATION

Intimation Made At N. B. Legion Meeting.

WOODSTOCK, N. B., June 6.—The annual convention of the New Brunswick provincial command, Canadian Legion, B. E. S. L., opened this morning in the Carleton County House here with a large and representative attendance. Dr. G. B. Peat, of Saint John provincial president, was in the chair. Many delegates reached Woodstock on Sunday and the provincial executive was in session late last night in preparation for today's meeting. After a business session this morning the delegates assembled

(Continued on Page 7)

WASHINGTON, June 6. (A. P.)—Charles G. Dawes today resigned as President of the Reconstruction Finance Corporation.

HAUSNER IS STILL MISSING

(Canadian Press)
NEW YORK, June 6.—The 33rd hour since Stanislaus Felix Hausner, 31 year old Polish-American flyer, took off from Floyd Bennett field on a projected non-stop flight to "London or Paris and Warsaw" passed tonight without a hint as to his fate. Mrs. Martha Hausner, his bride of a year, lost some of the optimism she maintained after the 52 hour limit at which his gasoline supply would last has passed. Her brother, Walter Wages, of Jersey City, said she still had hoped her husband still lives, believing he may have brought his red monoplane down on the wastes of Iceland sometime Saturday and has been unable as yet to communicate his whereabouts. Hausner took off at 8:45 a. m. (E. S. T.) Friday and was never definitely reported after that although a plane believed to have been his passed over Sydney, Nova Scotia, early that evening.

Gov't. Aid For Unemployed Has Ceased

FREDERICTON, N. B., June 6. (By the Canadian Press)—Municipalities in New Brunswick have been advised that they must bear the responsibility for further relief of unemployed, direct assistance from the provincial and Dominion governments having ceased at the end of May. Future relief cooperation would rest between the municipalities and Dominion Government, Premier C. D. Richards said tonight. The cities of Saint John, Fredericton and Moncton were just as able to bear this burden as the provincial government, he thought. Unemployment relief is costing Moncton \$1,000 a week, and Mayor G. H. Blakeny said today it would be impossible for the city to carry on without the aid it has been receiving from the Dominion and Province. The city council met tonight to consider the situation.

SITUATION IS SERIOUS

ROUYAN, Que., June 6.—(By the Canadian Press)—Camps at the Don Rouyn mine, three miles west of the town of Rouyn, were destroyed by fire this afternoon. Fanned by a rising northerly wind today forest fires which had been smouldering for more than a week broke out afresh and at six o'clock this evening were close to the town of Noranda. During the afternoon fires also broke out about a mile south of Rouyn and some distance to the west of the road to the Granada mine. Everything is in readiness at Granada for evacuation of the property by water via Pelletier Creek and Kekeko Lake. Since the melting of the winter snows practically no rain has fallen in northwestern Quebec and the situation continues serious. Special prayers for rain were offered in Rouyn Church yesterday.

Bergs Reported Not Likely To Be Hanged

(Canadian Press)
BOSTON, June 6.—Three huge icebergs have drifted into the west-bound steamer lane of the North Atlantic and into the path of liner bound from northern European ports for the United States. The hydrographic office of the Navy Department in Boston announced today. The positions of the bergs were given as latitude 42.32 north, longitude 50.12 west, latitude 41.30 north, longitude 47.55 west, and latitude 41.55 north, longitude 50.30 west.

GOVERNMENT BECOMING STRONGER

Counter - Revolution In Southern Chile Not Considered Serious — Disorders In Santiago.

SANTIAGO, Chile, June 6. (A. P.)—The staying powers of Chile's three day old Socialist Government, product of a bloodless revolution were tested today by a counter-revolutionary movement in the south and an insipient general strike here in the capital. Banking offices throughout the city locked their doors when clerks went out on strike against the government. Meanwhile the fears of foreigners that their property would be seized and nationalized were somewhat allayed. No steps will be taken, for the present at least, to confiscate foreign holdings in fulfillment of the Junta's pledge to socialize industry. But this policy of toleration will not extend, it was understood, to the American-controlled Cosach nitrate combine in which \$375,000,000 is invested. Total foreign investments here have a paper value of more than \$1,000,000,000.

Bermuda Seeks A Market In The Dominion

SAINT JOHN, June 6. (By the Canadian Press)—"We are making every effort to expand our markets in Canada," said W. R. Evans, marketing advisor to the Department of Agriculture of the government of Bermuda, who was in Saint John today on a business visit. "We have been steadily increasing it and I believe the Canadian National Steamships is convinced that we have the volume to warrant a weekly service between Saint John and Bermuda next season, beginning in February." Mr. Evans spoke of the products of Bermuda being shut out of the United States in increasing percentage by the tariffs and said the trade with Canada was thus being developed. He instanced onions, tomatoes and celery. Relative to the latter he stated that California and Florida celery was brought here from Boston attractively presented for the consumer. Bermuda celery had been coming here in the rough, not so attractive in packing as the Boston article, but lacking nothing in quality. Now it was proposed to have this Bermuda article brought here as has been the custom but repacked in attractive form and offering better competition with the American celery. Mr. Evans has spent two seasons in Canada, with headquarters in Montreal, developing trade between his country and Canada.

Unemployed Riot In Detroit

DETROIT, June 6. (A.P.)—Fifty mounted police and patrolmen battled a crowd of 3,000 demonstrators today at the gates of the Briggs Manufacturing Company Plant, turned back the mob in a brief but bitter struggle in which several were slightly injured, and arrested a woman and five men. Armed with riot clubs and tear gas bombs, the police fought back the demonstrators when they attempted to rush the gates of the plant. The rioting followed a meeting called by John Schmieles, one time Communist candidate for Mayor of Detroit, in which unemployment relief and an increase in

New Speed Record For Train Traffic

LONDON, June 6.—(Canadian Press Cable)—The world's train speed record for a regular run was again broken today by the Great Western Railway's London-Cheltenham flier. With seven coaches, 340 tons, the engine travelled the 77 1/2 miles from Swindon to London in 56 minutes and 47 seconds, an average speed of 81.5 miles an hour. The highest rate reached was 92 miles an hour.

NO TRACE OF FLIERS

Sullivan and Kuehnert Still Reported Missing.

ST. JOHN'S, Nfld., June 6.—(By the Canadian Press)—No trace whatever of Arthur Sullivan, missing pilot, his companion Dr. Karl Kuehnert or the Gypsy Moth plane in which they disappeared a week ago, was found in the vicinity of Battle Harbor by the search plane piloted by Charlie Hubbard today. The Hubbard plane was returning to St. Anthony after fruitlessly investigating reports that an aeroplane engine had been heard near Battle Harbor last Monday night and intermittently since that time.

141 Candidates Nominated In Manitoba

WINNIPEG, June 6.—(By the Canadian Press)—A larger field than has ever toed the mark in a Manitoba general election tonight was entered for the province-wide battle at the polls on June 18. Nomination papers for 141 candidates were filed with deputy returning officers in all but two constituencies today. They will compete for 53 of the 55 seats in the legislature. Deferred elections are being held in the Pas and Rupert's Land nomination day being July 4 and election day July 14. Few changes from the expected party line-ups were recorded in the nominations. Liberal-Progressives—the coalition government party led by Premier John Bracken — and Conservatives have the same number of candidates. Forty-eight supporters of each party were nominated. Thirteen candidates of the Independent Labor party were nominated and 13 Liberals. The group of Independents totalled 19, including three Communists.

Approved

WASHINGTON, June 6. (A.P.)—The U. S. House of Representatives today approved the Garner Relief Bill for the second time but cut \$39,050,000 from the total allocated to public buildings. wages for workers at the plant were demanded. As the demonstrators rushed the gates, patrolmen dashed from inside the company's plant, and a mounted detail galloped up from a side street. Tear bombs were thrown into the crowd, driving the mob away from the gates and into side streets. The demonstrators hurled stones and bricks and swung their fists while the police went into action with riot clubs. A patrolman and a demonstrator were taken to hospitals for treatment of cuts and bruises. Several others, including four patrolmen were given first aid at a nearby police station. The demonstrators dispersed within an hour after the

INCREASE IN SUNDAY SCHOOL ATTENDANCE

Need Of Religious Training In Home Stressed At Presbyterian Gathering.

(By J. F. Anderson, Canadian Press Writer)
LONDON, Ont., June 6.—Presbyterian Church Sunday Schools numbered 1,102 last year with an enrollment of 130,721, the General Assembly was advised today. With ten less schools than in 1930, the number of students increased by 4,340. "For the lamentable ignorance of the rising generation regarding the truths of the Bible, two institutions must be held responsible—the home and the church," declared Rev. M. B. Davidson, convener of the board of Sabbath schools. "In too large a percentage of our Canadian homes there is no definite Christian teaching given and there is not even a religious at-

Dissatisfied With New President

HALIFAX, June 6.—(By the Canadian Press)—G. Fred Pearson, K. C., today tendered his resignation as chairman of the Board of Governors of Dalhousie University and as a member of the Board. In his statement, Mr. Pearson indicated he was taking this action after the Board had declined to hold an investigation into the Administration of President Carleton Stanley, who last year succeeded Dr. A. Stanley MacKenzie at the head of the University's affairs. Mr. Pearson had expressed to fellow members his dissatisfaction with the new president's leadership. President Stanley he claimed, was acting without the advice of the University Senate when such advice was called for. Members of the Board of Governors, numbering 26, would not comment on Mr. Pearson's statement tonight but it was learned his resignation had not been accepted. President Stanley had nothing to say.

Sees Only Hope In Repeal Of 18th Amendment

NEW YORK, June 6. (A.P.)—John D. Rockefeller, Jr., lifelong and staunch advocate of temperance, tonight branded the 18th amendment of the United States constitution a failure and urged that it be repealed. He expressed an earnest hope that a prohibition repeal plank, providing ratification by state conventions, would be incorporated in both the Republican and Democratic platforms, "thus taking that question out of the field of partisan politics." "When the 18th amendment was passed," he said, "I earnestly hoped, with a host of advocates of temperance, that it would be generally supported by public opinion, and thus the value to society of men with minds and bodies free from the undermining effects of alcohol would be generally realized. "That this has not been the result I have slowly and reluctantly come to believe." In a dramatically worded letter to Dr. Nicholas Murray Butler, Mr. Rockefeller told the President of Columbia University that "my position may surprise you, as it will many of my friends." "I was born a teetotaler, all my life I have been a teetotaler on principle," he added. He said neither he, nor his father,

Tender Awarded For Construction Of New College

Keen Competition From Firms All Over Canada Results In Contract Going To Stewart Construction Co., Sherbrooke, Whose Tender Was \$249,814

The tender of the Stewart Construction Company, of Sherbrooke, the lowest of twenty-two tenders received, has been accepted by the Provincial Government for the construction of the new Prince of Wales College. The tender price is \$249,814. Work on the foundation for the new building will be started next week and it is expected to finish the building by November 15th. The work will give employment to about 100 men, local labor being employed wherever possible. Bidding for the tenders was keen, the seven lowest being within \$20,000 of the accepted tender. The firms represented were from coast to coast. The tender of the Stewart Construction Company is considered by the Government to be a very satisfactory one. The same company is now engaged in constructing the

TO DISCUSS FREE STATE'S ATTENDANCE

British Cabinet Members Leave For Dublin To Confer On Matters Re Imperial Economic Conference.

(By George Hambleton, Canadian Press Staff Writer.)
LONDON, June 6. (Canadian Press Cable)—Two cabinet members tonight responded to an invitation from the Irish Free State Government and left for Dublin to confer on questions relating to the Free State's attendance at the Ottawa Imperial Economic Conference. J. H. Thomas, Dominions Secretary, and Lord Hallsham, Secretary for War, tomorrow will talk over with President Eamon De Valera and members of his cabinet mutual problems of the two countries. It was understood difficulties representatives of the two governments will seek to solve are those arising from the free state government's

Resigns

CHICAGO, June 6. (A.P.)—The Daily News said today Samuel Insull tonight would announce his resignation as head of the Commonwealth Edison Company, the Peoples Gas, Light and Coke Company, the Public Service Company of Northern Illinois and other firms of his vast utility holdings.
